E&N Rail Trail

HUMPBACK CONNECTOR

Bulletin 20 | June 2018

Trail section by Songhees Wellness Centre, Maplebank Road

Two Key Connections Will Complete 12 km of Trail

Construction on the E&N Trail continues in 2018 and 2019, with two, 1-km sections added, to result in a continuous 12 kilometres of regional trail - from Station Road/Jacklin Avenue in Langford to Esquimalt Road/ Russell Street in Victoria.

Construction includes the completion of the trail between Maplebank Road and Hallowell Road along Esquimalt Nation lands in 2018, and development of the Atkins Avenue to Savory School section in Langford from 2018-2019 (see map page 2).

Maplebank Road to Hallowell Road (1 km)

This section of the project will be completed in Fall 2018. The segment between Maplebank Road and the Admirals Road/Hallowell Road intersection is complete. The Hallowell Road segment is under construction. The CRD is working with the Island Corridor Foundation, the Town of View Royal, Esquimalt and Songhees Nations, and the Ministry of Transportation and Infrastructure.

Atkins Avenue to Savory School (1 km)

One kilometre of trail will be built rom the railway crossing on Atkins Avenue to Savory School in Langford. Construction is scheduled for Fall 2018 to Fall 2019.

Our Newest Regional Trail The E&N Rail Trail – Humpback Connector is a paved trail that is being built largely within the rail corridor between Victoria and Langford. This trail will be an important non-motorized transportation and recreation link between Victoria and the western communities.

Trail Traffic, Trip Planning and Safety Tips

The CRD has had trail counters in various locations along the E&N Rail Trail since 2016. These counters track both cycling and pedestrian use. The statistics show the completed trail sections receive approximately 300,000 visits annually.

Because regional trails serve both recreational users and commuters and users of all ages and abilities, including school children and seniors, here are some important things to consider when out on the trail. Good trail habits will make the regional trails safer and more enjoyable for all users.

- Consider the time of your trip – do you need to/want to be on the trail at peak commuting times, which are generally between 6:30-8:30am and 3-5pm? On weekends, there may be more families with young children and recreational users on the trail. Please use respectful trail etiquette so everyone stays safe and has an enjoyable time.
- Remember regional trails are shared spaces with two-way traffic. For everyone's safety, if you are a cyclist, slow down around other users, alert others before passing, and pass only when the left lane is clear. If you are a pedestrian, please keep to the right. Ensure your pet is on a leash and to the far right of the trail. If you are going to stop during your trip, do so at the trail's edge.

Be visible on the trail. Use reflective clothing and gear.
