Message from the CAO

It is my pleasure to present the 2023–2026 Capital Regional District (CRD) Corporate Plan.

The Corporate Plan presents the work the CRD needs to deliver over the next four years, along with the critical regional, sub-regional and local services, to meet the region's most important needs and advance the Board's vision and priorities. The Board's goal of embracing cooperation, innovation, and bold leadership in service delivery is inspirational, and will contribute to a livable, sustainable and resilient region this term and beyond.

Together with our new organizational vision, which places an emphasis on our employees and connects the day-to-day work of our employees with our Board and the residents of the region, the CRD is well positioned to achieve the Corporate Plan's outcomes.

As a life-long resident, I know the capital region is an incredible place to call home. The region continues to grow at a remarkable rate and today, over 435,000 people across 13 municipalities and three electoral areas receive our services in one way or another, whether they live in the urban or rural parts of the region. CRD staff are acutely aware of this important responsibility and are committed to earning and maintaining the Board and residents' trust and confidence.

The focus of the Corporate Plan is on the needs of the communities we serve.

Some of the actions identified in our plan will be advanced by working closely with intergovernmental stakeholders and other partners. We will continue to collaborate and build relationships with First Nations governments and seek opportunities for government-to-government decision-making and service delivery.

It is clear to me that there are issues that will remain of critical importance over the coming years including increasing access to affordable housing, improving aspects of transportation in the region, and responding to climate change in a meaningful, sustainable way. Our efforts during the Board term will reflect this understanding.

Implementing the Corporate Plan is led by the Executive Leadership Team and will involve every CRD employee. Developing the Corporate Plan was an organization-wide exercise and I am grateful for our CRD workforce, who are committed to continuously seeking ways to improve performance.

This is an exciting time for our organization. I look forward to working with the Board, staff, partners and residents who I know share a common interest in making a difference in our communities. Together, we will make the capital region an even better place.

Ted Robbins

About the CRD

The CRD is the regional government for 13 municipalities and three electoral areas on southern Vancouver Island and the Gulf Islands, serving more than 435,000 citizens. The Traditional Territories of many First Nations span portions of the region and 11 of those Nations hold reserve lands throughout the capital region.

The CRD was incorporated in 1966 to provide regional decision-making on matters that transcend municipal boundaries and to enable more effective service delivery to residents regionally, sub-regionally and locally.

The CRD plays a key role in providing services that can be delivered efficiently and effectively through region-wide or shared service delivery models to ensure a livable, sustainable and resilient capital region. As a local government for electoral areas, the CRD develops partnerships to facilitate and deliver projects and services for residents living in unincorporated areas.

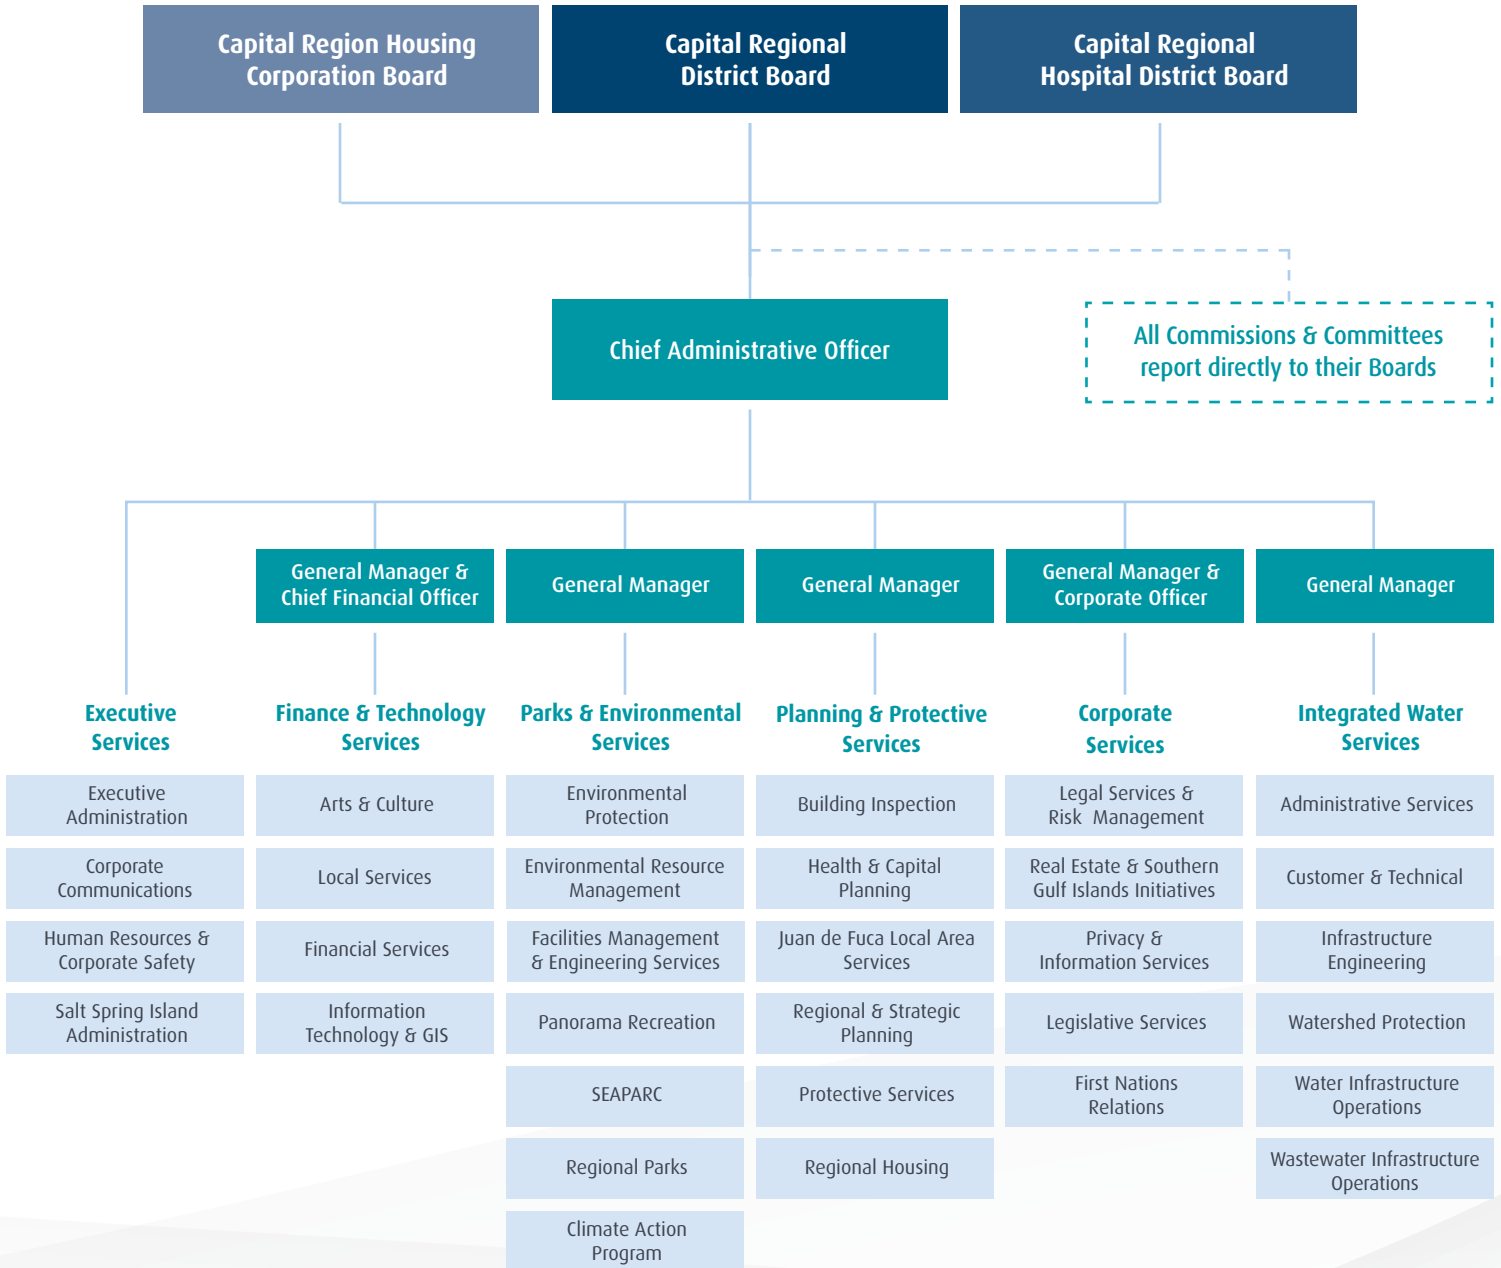

The CRD has more than 200 services, infrastructure and financing agreements with municipalities and electoral areas. CRD services are organized into the following categories:

- Regional, where all municipalities and electoral areas are served
- Sub-regional, where two or more jurisdictions are served
- Local, in the electoral areas where the CRD is the local government

The CRD works collaboratively with First Nations and other orders of governments and has direct relationships with individuals, businesses, organizations, institutions and communities that access regional utilities and services. The CRD owns and operates the Capital Region Housing Corporation, a non-profit provider of approximately 2,000 affordable rental units throughout the region, and administers the Capital Regional Hospital District (CRHD). The CRHD invests in traditional health care services and provides capital funding for health care infrastructure, such as health facilities and hospital equipment. The CRD follows a four-year service and financial planning process to ensure that resources are used efficiently and that services effectively meet the needs of residents, municipalities, electoral areas and First Nations.

Our Planning Framework

1

BOARD PRIORITIES

The Board identifies strategic priorities and associated initiatives that require bold and innovative action over the course of its term.

2

CORPORATE PLAN

The Corporate Plan sets out the organization's strategic goals and initiatives necessary to guide service delivery, financial planning and reporting over the Board's mandate.

3

SERVICE PLANNING

In conjunction with financial planning, annual service planning identifies resource implications of initiatives detailed in the Corporate Plan.

4

FINANCIAL PLANNING

In conjunction with service planning, annual financial planning identifies the financial impact of proposed services in preliminary and final budgets. The Board reviews service planning documents and budgets and determines funding.

5

SERVICE DELIVERY

Once the Board approves service planning documents and budgets, the CRD delivers services and reports to Board, Committees and Commissions on progress towards desired outcomes and Board initiatives.

Corporate Statements

The following statements represent the key purpose, commitment and aspirations of the CRD. Our mission embodies our purpose. The Board and organizational vision statements link the Board's vision with how staff work to achieve the desired outcomes. Other key statements ground our work in important priorities and formally declare our commitment to our shared path forward.

Mission

We are a regional federation working together to serve the public good, plan for the future, and help build a livable, sustainable and resilient region. We work across municipal and electoral area boundaries to deliver services to residents regionally, sub-regionally and locally through an inclusive, efficient and open organization.

Board Vision

The CRD embraces cooperation, innovation, and bold leadership in the delivery of services that contribute to a livable, sustainable and resilient region. We are a region where all residents are included and have access to a quality of life that is fulfilling for them; and where there is a healthy environment for current and future generations.

Organizational Vision

The CRD is a place where employees realize their potential and whose lives are improved every day through organizational connections and meaningful, fulfilling work.

Declaration of Climate Emergency

In February 2019, the CRD Board joined many other local governments across the globe in declaring a climate emergency. Climate Action & Environment remains a top priority for this Board's term.

The CRD is working to reduce the organization's greenhouse gases, prepare for climate impacts and support climate action efforts across the region. In 2021, CRD staff completed a comprehensive, data-driven planning process to create a renewed Climate Action Strategy that provides clarity on the role the CRD can play as a leader in climate action over the next five years.

Reconciliation

The CRD's boundaries span the traditional territories of many First Nations, whose ancestors have been taking care of the land since time immemorial. The CRD believes that a positive working relationship with First Nations is good for the whole region. For the CRD to have a positive relationship with First Nations we need to acknowledge, respect and complement their Indigenous laws, customs and systems of governance. The CRD is part of a national movement towards Reconciliation with Canada's Indigenous peoples, informed by:

- The Truth and Reconciliation Commission's Calls to Action
- The United Nations Declaration on the Rights of Indigenous Peoples
- Section 35 of the Canadian Charter of Rights and Freedoms
- The Douglas Treaties and the BC Modern Treaty process

Commitment to Equity, Diversity & Inclusion

At the CRD, we are committed to creating an inclusive workplace culture that celebrates the uniqueness of individuals – where differences are recognized, appreciated and responded to in ways that fully respect each person's background, lived experiences, talents and strengths.

We value equity, diversity, and inclusion and are committed to listening, learning and evolving on this journey to improve the sense of belonging for everyone at the CRD.

Taking Action

Board Priorities, approved plans, Corporate Plan initiatives and established service mandates drive our work. Our corporate planning process references these drivers and they inform annual service and financial planning processes. This, in turn, informs Board resource allocations and sets the stage for actions that respond to Community Needs.

2023–2026 Board of Directors

Message from the Board

As the 2023–2026 CRD Board of Directors, we are mayors and councillors in each municipality and elected representatives of the electoral areas. In our roles, we hear the concerns of our constituents, we identify opportunities, risks and problems that need to be solved, and we work together as the CRD Board for the benefit of the region.

The continued growth of the region requires decisive and collaborative action to set the strategic course for the CRD over the next four years and beyond. As a Board, we are committed to embracing new opportunities and solving emerging challenges to support our communities. For our term, we have agreed to focus on five regional priority areas, and have reaffirmed our commitments towards climate action and reconciliation with First Nations.

Board Priorities and Initiatives

We carefully selected strategic priorities and associated initiatives, that can be addressed within the CRD’s legislative mandate, that are new or that require more intense or urgent effort than has previously been applied.

We acknowledge the extensive work the CRD is already doing for the region and will continue to do. Through the CRD’s established service planning and budget processes, we will determine how best to fund our priorities and initiatives, with a focus on affordability and delivering value to taxpayers.

Board of Directors

Our 24-member Board is composed of one or more elected officials from each of the local governments and electoral areas within the CRD boundaries. Each local government and electoral area holds one director position on the Board for every 25,000 people (or portion thereof).

Accountability & Reporting

The Corporate Plan presents the work the CRD needs to deliver over the Board term to meet the region’s Community Needs, and deliver on the Board’s Mission, Vision and Priorities.

Sixteen Community Needs have been grouped into five categories according to the nature of the services. The categories are utility services, community services, corporate services, government relations and local government.

Each Community Need highlights the goals the organization is working towards, in alignment with approved strategies and plans and ongoing service mandates, and the initiatives that will advance the goals over the four-year term.

The Corporate Plan, together with divisional service plans, will drive resource allocation decisions and set performance measures. Through the service and financial planning processes, staff will identify the most sustainable and affordable ways to deliver the Corporate Plan initiatives. Services cannot be delivered without resourcing. The Board determines resourcing through its annual review and approval of service and financial plans. To support the Board’s decision-making, staff provide recommendations on funding, timing and service levels. Staff are accountable to the Board on progress, which will be measured and reported twice a year.

Service areas responsible for infrastructure and assets are guided by a suite of capital plans and master plans. Abridged lists of major projects have been included in the Corporate Plan, where appropriate, as an acknowledgment of the significant volume of work delivering these plans represents.

The following section identifies the initiatives that each CRD division will deliver in the 2023–2026 term. The table captures actions to advance Board Priorities, corporate priorities, service priorities and approved plans.

Lenses

Several Board Priorities relate to strengthening decision-making frameworks related to Reconciliation with First Nations, Equity, Diversity and Inclusion, and Climate Action. Labels have been included in the Corporate Plan to indicate initiatives that will play a pivotal role in advancing these lenses or that will be delivered in a manner that supports them. While the three lenses inform all work undertaken by staff, the labels draw attention to the most relevant initiatives in this context.

The Regional Growth Strategy (RGS) provides regional-scale policy direction for matters that cross jurisdictions. The CRD develops and maintains the document and, with local governments, shares in responsibility for implementation.

The RGS covers the breadth of regional service delivery, ranging from environment, infrastructure and climate action to housing, transportation and food systems. To support the continued implementation of the RGS, labels have also been added to initiatives that are significant to achieving the RGS objectives.
