RE: Pender HANDY-Dart Taxi Pilot Project

Dear Niall,

As the Southern Gulf Islands Area Director, I am pleased to support the Pender HANDY-Dart Taxi Pilot Project that you are proposing.

Partnering with The SGI Neighborhood House and with Lightening Taxi makes sense and I believe your project fulfills many of the aims that the Island Coastal Economic Trust and Vancouver Island Economic Alliance wished to address in establishing the Community Passenger Transportation Fund.

As an islander myself I am familiar with the challenges facing our senior citizens in getting around on our islands. Data from this study will be valuable as we plan for future transportation options on the Islands.

Yours truly,

A handwritten signature in black ink, appearing to read 'Paul Brent', with a stylized flourish at the end.
