Dear Stefan Woloszyn:

**RE: LETTER OF SUPPORT FOR UNIVERSAL BROADBAND FUND APPLICATION TO IMPROVE CONNECTIVITY THROUGH THE CONNECTED COAST NETWORK AND LAST MILE INFRASTRUCTURE**

The Capital Regional District (CRD) is pleased to support the addition of Musgrave Landing (on Salt Spring Island) to CityWest's Universal Broadband Fund application for Saturna Island. This would help to enable high-speed connectivity to underserved residents and organizations within the Capital Regional District.

We understand this project will enable our residents and visitors to have reliable and affordable access to high-speed internet, which is vital in today's high-tech connected world. Improved connectivity will result in positive social and economic impacts allowing participation and access to online healthcare, education, social service programs, and remote work.

I wish you much success with your application.

Sincerely,

Colin Plant  
Chair, Capital Regional District Board
