| OVERHEAD LIGHT INFORMATION   |
|--|
| <b>How to Identify a Pole:</b>   |
| <ol style="list-style-type: none"> <li>1. Locate the metal plate on the pole, about the size of credit card.</li> <li>2. If there are only 7-digits on the plate, write them down. This is the pole ID (see image on the left).</li> <li>3. If there are more than 7-digits on the plate, then you need to find the 14-digit ID number. There will be two rows of numbers. Write down the <b>first 8 digits from the top row</b> and then the <b>first 6 digits from the bottom row</b> (see image on the right).</li> </ol> |
| <div style="display: flex; justify-content: space-around;">   </div>  |
| <b>Pole ID:</b> _____ (7-digit) <b>OR</b> _____ / _____ / _____ / _____ (14-digit)   |

Address of Pole: (please provide best estimate)

Number (closest house): \_\_\_\_\_ Street: \_\_\_\_\_

Street Intersection: \_\_\_\_\_ and \_\_\_\_\_
