Note

1. An approved mobile home may be permanently installed in the Electoral Areas of the Capital Regional District on property zoned for a Single Family Dwelling as long as all other requirements of the particular zone are met. Zoning Bylaws vary in their requirements depending on the location within the Capital Regional District. Please check with your local Building Inspection Office.
2. Factory built "Mobile Homes" must be certified as complying with Canadian Standards Association Standard "CAN/CSA-Z240 MH Series Mobile Homes". This standard does not apply to site preparations (foundations, basements, mountings), interconnection of modules, connection to services and installation of appliances. Mobile homes that do not meet the above standard will require the inspection and approval from a British Columbia registered professional engineer. It may be necessary for the Building Official to inspect the Mobile Home as well.
3. A completed Building Permit Application (form 1) must accompany this Information Sheet.
4. Include with the application a letter from the owner of the Mobile Home Park, the Tenant's Association or other relevant group or individual, confirming that there are no objections to the establishment of the mobile home, including any addition, on the proposed site.
5. The applicant will be notified of the permit fee when all aspects of the application have been approved.

For inspection purposes where is the mobile now located?
