SWIM LESSONS

PROGRAM OVERVIEW

Swim for Life! Never too young to learn, never too old to start!

The Lifesaving Society Swim for Life® program is a comprehensive swim program that focuses on the development of fundamental swim strokes and skills for learners of all ages and abilities. Learning Swim to Survive® skills are key foundations of the Swim for Life® program. Instructors ensure swimmers get lots of in-water practice in every lesson. Swim for Life® includes fun, hands-on activities that focus on teaching Water Smart® education for the whole family. Lessons that will last a lifetime!

LESSON FORMATS

Private Swim Lessons

Our private swim lessons can accommodate up to 3 participants of similar ability (within a 3-level range), making it an excellent option for small groups looking to learn and improve their swimming abilities together. The primary booker is responsible for coordinating participants and paying in full upon registration. Our experienced instructors provide personalized attention tailored to each individual's needs and swimming goals in a safe and supportive environment.

Public Swim Lessons

Our weekly public swim lessons are organized by age and swimming ability as per the Lifesaving Society's "Swim for Life" program. Participants learn in a group setting and are given the opportunity to improve their skills and abilities while making new friends! Individual feedback provided. Class sizes vary between 5-10 participants depending on level.

Creative Craft'n Splash

Drop off your child for a morning of fun! Activities include play time outside, snack, story time, a creative craft and then a half-hour Swim lesson! Swimming ability is not required. Children should be dropped off wearing a dry bathing suit and old play clothes. Please dress for weather (rain or shine).

PARENT AND TOT (LEVELS 1-3)

4 - 36 mos

The Parent & Tot Program structures in-water interaction between parent and child to stress the importance of play in developing water-positive attitudes and skills. Activities and progressions are based on child development, so register in the level appropriate for the child's age: 4-12 months, 12-24 months, or 24-36 months.

PRESCHOOL (LEVELS 1-5)

3 - 5 yrs

The Preschool program develops an appreciation and healthy respect for the water before these kids get in too deep. With our progression-based approach, we work to ensure 3-5 year olds become comfortable in the water and have fun while developing a foundation of water skills. Water Smart® education is in all Preschool levels.

SWIMMER (LEVELS 1-6)

5 - 12 yrs

The Swimmer program makes sure your children learn how to swim before they get in too deep. Each level challenges children to develop safe entries, deep water support, underwater skills, and swimming strokes. Learn healthy habits by getting and staying fit in the water. Swimmer levels include fun, hands-on teaching activities that focus on teaching water safety – lessons that will last a lifetime!

CANADIAN SWIM PATROL

(ROOKIE, RANGER, STAR)

8 - 12 yrs

Prerequisite: Must complete Swimmer 6 or swim at equivalent ability

Canadian Swim Patrol is a 3-level award program is designed to take swimmers beyond the learn-to-swim program and provide them with basic lifesaving skills. Canadian Swim Patrol is recommended as a useful onramp to Bronze Medallion and Cross.
