

Existing promenade removed and park greenspace expanded to edge of municipal sidewalk

Ribbons of native planting swirl through the park, connecting and framing the spaces

Existing parking stalls retained

Existing parking stalls retained. Expanded hard surface provides space for market stalls

Stairs and ramps at key points ensure that the promenade seawall remains an accessible space for all users

Relocated memorial cherry trees frame the entry to the new memorial plaza

New plaza provides formal ceremony space for the relocated cenotaph and other historic monuments

New public washroom and stage/open sided pavilion featuring carved First Nations elements features prominently in the center of the park

Boardwalks cross over a new constructed wetland that provides increased biodiversity and habitat for native species

Stepped walls line the inner edge of the promenade on seawall, creating seating opportunities for festivals and markets

New 0.6M (2') high promenade on seawall protects the park from sea level rise and storm events and creates a multi-use space for festivals and markets, connecting key events in the park to the waterfront

Open lawn area provides space for a variety of recreational activities as well as seating for markets, festivals and concerts

Playground featuring a mixture of play structures and natural playing components such as boulders, logs, and vegetation, and connects to the boardwalks that cross the constructed wetland

Expanded boardwalk creates a functional connecting path along the waterfront

LEGEND

-  Primary park entrance. Entrances marked by native plant gardens and welcome poles
-  3 x 3M (10 x 10') market stall (Total Market Stalls: 97)
-  New park tree
-  Retained deciduous tree

CENTENNIAL PARK MASTERPLAN CHARENTE OPTION I

June 8, 2016

Existing promenade removed and park greenspace expanded to edge of municipal sidewalk

Ribbons of native planting swirl through the park, connecting and framing the spaces

Relocated memorial cherry trees frame the path leading to the new cenotaph plaza

Cenotaph is centered in a new plaza and formally framed by native &/or adaptive species vegetation

Expanded bathroom facility

Playground featuring a mixture of play structures and natural playing components such as boulders, logs, and vegetation

Open lawn area provides space for a variety of recreational activities as well as seating for markets, festivals and concerts

Pedestrian pathways connect the expanded plaza area to the new cenotaph plaza and playground

Expanded boardwalk creates a functional connecting path along the waterfront

Existing parking stalls retained

Expanded hard surface plaza creates a multi-use space that supports a variety of recreational activities as well as a centralized market space. Decorative concrete bands and patterns cut through the space, denoting pedestrian paths and gathering nodes

IN PROGRESS

LEGEND

-  Primary park entrance. Entrances marked by native plant gardens and welcome poles
-  3 x 3M (10 x 10') market stall (Total Market Stalls: 104)
-  New park tree
-  Retained deciduous tree

CENTENNIAL PARK MASTERPLAN

CHARENTE OPTION II

June 8, 2016

New main park plaza emphasizes the central axis of the site and provides space for market stalls

Relocated memorial cherry trees frame the new cenotaph axis

Relocated cenotaph is centered along a new axis and framed by vegetation, creating a peaceful space for ceremonies and contemplation

Expanded bathroom facility

Playground featuring a mixture of play structures and natural playing components such as boulders, logs, and vegetation. Note large trees potentially retained.

Harbour seawalk lines the expanded boardwalk and features a seating node near the playground

Public stage structure featuring carved First Nations elements features prominently in the center of the park

Open lawn area provides space for a variety of recreational activities as well as seating for markets, festivals and concerts

Native plant gardens frame the open lawn area

Expanded park plaza areas are framed by vegetation

New bosque of trees adds structure to the expanded plaza area

Playground featuring a mixture of play structures and natural playing components such as boulders, logs, and vegetation

LEGEND

-  Primary park entrance. Entrances marked by native plant gardens and welcome poles
-  3 x 3M (10 x 10') market stall (Total Market Stalls: 91)
-  New park tree
-  Retained deciduous tree
-  Retained coniferous tree
