Contest runs to July 14, 2011

About the Trail

The E&N Rail Trail (working title) is a cycling commuter route and recreational trail being built largely within the rail corridor from the Johnson Street Bridge in Victoria to Humpback Road in Langford.

The trail is being built in phases. Phase one will provide a 14.3 kilometre contiguous route from Esquimalt Road in Victoria to Jacklin Road in Langford. The route will comprise newly constructed rail trail, the Galloping Goose Regional Trail, as well as cycling lanes and sections on municipal roads (see map).

The CRD will continue to work towards a commuter trail built entirely within the railway corridor as funding becomes available.

PHASE 1 CONSTRUCTION PROGRESS

1. Paving the Galloping Goose - Atkins Road to Wale Road (2.5 km)

Completed November 2009.

2. Trail Construction - Selwyn Road to Jacklin Road (1.8 km)

Majority of trail construction completed February 2010. Intersections subject to federal rail safety guidelines; assessments and final design in consultation with rail operator during 2010. Completed April 2011.

3. Trail and Rail Bridge Construction

Three new trail bridges at Helmcken Road, Hereward Road and Island Highway; new rail bridge at Island Highway. Completed February 2011.

4. Trail Construction - Esquimalt Road to Admirals Road (2.3 km)

Trail construction began September 2010. First portion of work including construction of the trail surface anticipated for completion May 2011. Second portion includes improvements to five road intersections including upgrades to rail signals and pedestrian crossing infrastructure. Completion anticipated in late 2011. NOTE: This section of trail will not be open until all intersection work is complete due to requirements by rail operator for public safety. (The entire rail line from Victoria to Courtenay continues to be classified as an operating railway and subject to rail operator requirements.)

5. Trail Construction - Admirals Road to Island Highway

This section of trail is in the planning and design stage. Discussions are ongoing with Public Works and Government Services Canada, Songhees Nation, Esquimalt Nation, Ministry of Transportation and Infrastructure, Town of View Royal and Township of Esquimalt.
