

**REPORT TO COMMITTEE OF THE WHOLE  
MEETING OF WEDNESDAY, OCTOBER 25, 2023**

---

**SUBJECT**      **Capital Regional District 2024 Financial Plan Provisional Approval**

**ISSUE SUMMARY**

This report presents the Capital Regional District (CRD) 2024 Financial Plan for review and provisional approval.

**BACKGROUND**

The CRD is required to annually develop a five-year financial plan that includes both revenue and expenditures for operating and capital budgets. This financial plan is implemented in accordance with legislation and, upon approval, provides authority for the CRD's operations. Final budget approval is required each year before March 31.

Prior to final approval, a preliminary budget (the provisional financial plan) is developed permitting service participants and local rate payers to make recommendations or comment on programming, funding requirements and initiatives to execute the corporate plan. The provisional financial plan forms the foundation of material used in public consultation to engage with municipalities, electoral areas (EAs) and the public. The budget also provides continuance of capital projects and operating initiatives that either overlap through or start at the beginning of the calendar year. Finally, the provisional budget is required to amend annual fees and charges bylaws in various services.

The provisional financial plan will be subject to modifications due to final year-end adjustments, revised assessment information and commissions, committees, or Board amendments before final approval. Also, it should be noted that both the Capital Region Housing Corporation (CRHC) and Capital Regional Hospital District (CRHD) execute their respective financial planning processes concurrently with the CRD.

**Planning and Approval Process**

The 2024 service planning process marks the first year of implementation of the 2023-2026 CRD Corporate Plan. The corporate plan was developed by staff in early 2023, following the adoption of the 2023-2026 Board Priorities on March 8, 2023.

The service planning cycle is designed to ensure alignment and implementation of Board and corporate strategic objectives identified and prioritized at the beginning of the Board term. Any changes to service levels and financial plans are brought forward in the annual service and financial planning cycle.

As in prior years, the Service and Financial Planning Guidelines Report was presented through committee and approved by the Board in May. The guidelines support financial management strategies related to revenue, reserves, and debt management. The guidelines for 2024 mandated staff to focus on absorbing cost pressures to remain within inflationary targets while prioritizing

board priorities and core service levels. Refer to Appendix A for the Service and Financial Planning Guidelines report and 2024 planning timeline with milestones and activities.

As part of the planning process, the Executive Leadership Team (ELT) has met multiple times to review initiative business cases (IBCs), Community Need Summaries and financial implications in alignment with the corporate plan and financial planning guidelines.

ELT has prioritized initiatives in consideration of fiscal constraints, organizational capacity, and workforce pressures. Actions included identifying opportunities to realign or reallocate resources, seek efficiencies between departments and services, review service levels and adjustments related to regulatory compliance, and undertaking system infrastructure improvements to ensure sustainable service delivery. Several initiatives were deferred, phased, mitigated, or scaled down where possible while maintaining services and meeting corporate plan objectives. The identified resources for prioritized initiatives and changes to service levels have been included through service plans and the provisional budget.

New in 2023, all regional and sub-regional services with operating budgets greater than \$5M have been reviewed and recommended for approval by standing committees. Also, new in 2023 was the establishment of a local community commission for select services in the Salt Spring Island electoral area (SSI), which resulted in delegation for budget review and recommendation for select SSI budgets. The fourteen (14) delegated budgets were reviewed and recommended, with directed changes now reflected in the provisional plan. Consistent with prior years, recommendation of all electoral-area-exclusive, and all remaining local service commission budgets has been made by the Electoral Areas Committee (EAC). The Committee of the Whole (COW) will consider recommendations from Committees and Commissions in approving the provisional plan. All recommendations from committees are included in the provisional plan and reviewed committee packages have been included in Appendix O for reference.

## **2024 Financial Plan Overview**

The Financial Plan has been developed based on resources required for delivery of core services, the impact of new initiatives, proposed capital programs, current economic conditions, and other cost pressures such as inflation and contractual agreements. The Plan includes operating and capital budgets in addition to changes in reserve funds.

Impacts to services are driven by community needs, Board priorities, and regulatory requirements. Prioritized initiatives to support these impacts are highlighted in the service plan report and resulting financial plan.

Inflation and interest rates have a direct, and sometimes significant impact on the overall budget. Some of these uncontrollable variables that impact the cost-of-service delivery are benefit rates, pricing of materials and utility rate increases such as electricity, natural gas, and fuel. In addition, most services are cost apportioned on an assessment basis. Historical growth trends have been positive on an aggregate regional basis, but difficult to forecast on a participant basis.

## Regional Trends and Observations

Canadian economic growth slowed in the second quarter of 2023, according to Statistics Canada<sup>1</sup>. The lower-than-expected Gross Domestic Product (GDP) growth contributed to the Bank of Canada leaving the overnight policy rate unchanged in September 2023. Locally, strong population growth continues to create upward economic pressure.

Population growth in Greater Victoria continues to outpace the province, with cumulative growth exceeding 20% since 2015. In 2022, nine municipalities in the CRD exceeded the provincial average of the municipal population growth rate of 1.4%<sup>2</sup>.

In August 2023, the unemployment rate in Greater Victoria was 3.5%, one of the lowest across the country. Vancouver's rate was 5.8% while British Columbia came in at 5.4%<sup>3</sup>.

Canada's inflation rate peaked in the summer of 2022 but has now declined to an annual average rate of 5.0% as of August 2023<sup>4</sup>. The downward shift is attributable to reduced goods and energy prices, as well as weakening consumer spending influenced by monetary policy. Year-to-date annual average inflation rates are higher trending at 5.2% in Greater Victoria, 5.4% in Vancouver and 5.3% provincially<sup>5</sup>. Although exceeding the Bank of Canada's preferred level, the slowing economy and unemployment trends suggest inflation may continue to recede even without additional rate increases.

With respect to real estate, in August 2023 regional active listings were higher at nearly 2,500 listings, an increase of 16.5% from August 2022, representing a slowing of real estate transactions. Additionally, the benchmark value for a single-family home in Victoria reduced slightly to \$1,323,900 or (0.3%)<sup>6</sup>.

Amid rising interest rates, regional building permit values are now trending lower through the third quarter of 2023, the first time this has occurred since the pandemic. Permit values have reduced nearly (30%) year-to-date compared to the same period in 2022<sup>7</sup>. Housing starts, a lagging indicator, remain relatively stable with 2,937 through August 2023, down slightly by (4%) when compared to prior year<sup>8</sup>. The more pronounced decrease in building permits compared to housing starts indicates builders are delaying new projects amid unfavorable economic conditions, while existing housing starts progress towards completion despite these challenges. Although a potential dip in regional housing prices would be expected, the data highlights that the expected reduction in new home supply may persist reinforcing housing affordability challenges in the region.

Through 2023, economic activities and other external and growth factors continue to drive demand for CRD services. Regional Parks visitation now exceeds eight million visitors annually and Hartland landfill's tipping tonnage increased by over 25% from 2019 to 2022, while concurrently regional water consumption rose by more than 5% over the same period.

## **ALTERNATIVES**

### *Alternative 1*

The Committee of the Whole recommends to the Capital Regional District Board:

1. That the Capital Regional District 2024 Financial Plan be given provisional approval as presented;
2. That the Board Directed and Board Endorsed Initiatives be approved and incorporated into the final budget, subject to successful service establishment where required;
3. That the new initiatives and capital identified in Appendix H for January 1, 2024, implementation be approved for expenditure;
4. That the 2024 Community Need Summaries be approved as presented; and
5. That the Staff Establishment Chart as attached in Appendix L be approved.

### *Alternative 2*

The Committee of the Whole recommends to the Capital Regional District Board:

1. That the Capital Regional District 2024 Financial Plan be given provisional approval with specific directions on amendments;
2. That the Board Directed and Board Endorsed Initiatives be approved and incorporated into the final budget, subject to successful service establishment where required, with specific directions on amendments;
3. That the new initiatives and capital identified in Appendix H for January 1, 2024, implementation be approved with specific directions on amendments;
4. That the 2024 Community Need Summaries be approved with specific directions on amendments; and
5. That the Staff Establishment Chart as attached in Appendix L be approved with specific directions on amendments.

## **IMPLICATIONS**

### *Financial Implications*

### **Budget Overview**

On a consolidated basis, the combined 2024 draft financial plans of the CRD, CRHD, and CRHC total \$723.8 million; \$429.9 million in operating and \$293.9 million in capital, as summarized below.

*Table 1 - Consolidated Financials (in \$ millions)*

| Entity   | 2024 Operating Budget \$ | 2024 Capital Budget \$ | Total \$       |
|--|--------------------------|------------------------|----------------|
| Capital Regional District (CRD)                        | 362.3                    | 235.4                  | 597.7          |
| Capital Regional Hospital District (CRHD)              | 33.4                     | 15.4                   | 48.8           |
| Capital Region Housing Corporation (CRHC) <sup>1</sup> | 34.2                     | 43.1                   | 77.3           |
| <b>Total</b>   | <b>\$429.9</b>           | <b>\$293.9</b>         | <b>\$723.8</b> |

<sup>1</sup>CRHC Financial Plan figures are estimates only, Financial Plan is under development for CRHC Board approval December 2023.

The 2024 CRD Financial Plan includes operating revenues and expenditures of \$362.3 million, an increase of \$18.3 million or 5.3% compared to the 2023 plan, as summarized below.

*Table 2 – Summary of CRD Operating Budget (in \$ millions)*

| Expenditure Type      | 2024 Financial Plan \$ | 2023 Financial Plan \$ <sup>1</sup> | \$ Change     | % Change    |
|-----------------------|------------------------|-------------------------------------|---------------|-------------|
| Operations            | 265.9                  | 247.4                               | 18.5          | 7.5%        |
| Debt Servicing        | 37.7                   | 46.8                                | (9.1)         | (19.4%)     |
| Capital Funding       | 32.6                   | 26.5                                | 6.1           | 23.0%       |
| Transfers to Reserves | 26.1                   | 23.3                                | 2.8           | 12.0%       |
| <b>Total</b>          | <b>\$362.3</b>         | <b>\$344.0</b>                      | <b>\$18.3</b> | <b>5.3%</b> |

<sup>1</sup> Based on amended Financial Plan (Bylaw No. 4570)

With the approval of the corporate plan, the annual service planning process identifies initiatives to deliver each objective with resourcing implications. Each initiative is evaluated and integrated into existing operations with an aim to optimize and minimize impacts. Appendix J summarizes Board directed initiatives as well as prioritized initiatives for implementation through 2024.

The total increase of \$18.3 million is due primarily to increases in operating expenditures and capital funding which are partially offset by reduced debt servicing costs. The detailed budgets by service are included in Appendix G (Part A, B and C) and changes in service budgets are highlighted in Appendix J. The following table explains the year over year changes to the operating budget by cost driver:

*Table 3 – CRD Incremental Operating Budget Drivers (in \$ millions)*

| Cost Driver   | Total \$      | % of Total Change |
|---|---------------|-------------------|
| Community Needs (Initiative Business Cases)                                     | 4.7           | 1.4%              |
| Community Needs (Regulatory and Policy)   | 4.8           | 1.4%              |
| Inflation and Core Service Delivery   | 8.7           | 2.5%              |
| <b>Total Change</b>   | <b>\$18.3</b> | <b>5.3%</b>       |
| <i>Board Directed Initiatives</i>   | <i>+\$0.3</i> | <i>+0.1%</i>      |
| <i>Board Endorsed Initiatives (subject to successful service establishment)</i> | <i>+\$0.5</i> | <i>+0.2%</i>      |

The total change of \$18.3 million or 5.3% is the result of IBCs directly supporting Corporate Plan Priorities totaling \$4.7 million or 1.4%, regulatory and policy changes of \$4.8 million or 1.4% and inflation and core service adjustments of \$8.7 million or 2.5%. A detailed listing of budget changes is included in Appendix K while a list of initiatives is included in Appendix J.

To mitigate inflationary and core service adjustments, staff have reviewed and rebalanced ongoing service delivery including deferral and phasing of initiatives and adjustments to annual capital and operating reserve funding through alignment with board approved reserve guidelines. As a result, inflation and core service delivery results are in line with the board approved financial planning guidelines which set the targeted Consumer Price Index inflation rate at 3.5%.

Board directed initiatives are items approved by Board for inclusion in the final budget approval in March 2024. These initiatives were directed after staff concluded the annual service planning and financial planning development cycle and result in an additional \$0.3 million or 0.1% incremental to the operating budget. This includes \$0.12 million, for a one-time funding increase

from \$0.23 million to \$0.35 million for the Alliance to End Homelessness for continued support of operations through 2024. As well as a three-year renewal to fund \$0.16 million starting in 2024 (escalating annually by Victoria CPI) for the Aboriginal Coalition to End Homelessness.

Board endorsed initiatives are items approved for inclusion in the final budget but are subject to advancement of the service establishment process. These initiatives were included within the service and financial planning process but excluded from the current budget based on legislative authority. This initiative includes planning and feasibility work in response to the corporate plan initiative to create a Foodlands Access Service, totaling \$0.5 million or 0.2% of the operating budget.

The proposed 2024 Staff Establishment Chart is included for approval as Appendix L. New in 2023, the staff establishment chart was extended to include a five-year view of staffing through 2028. The years 2025-2028 have been included as projections for consideration only, future approval will be refined annually in the planning cycle. Table 4 summarizes the incremental resourcing impact to deliver IBCs within each community need.

*Table 4 – Summary of Incremental Resourcing for Initiatives by Community Need (FTEs)*

| Community Need (target outcome)   | FTE  | Term   | Total |
|---|------|--------|-------|
| <b>Wastewater</b> ( <i>efficient and effective management of the region's wastewater</i> )  | 1.00 | (1.00) | 0.00  |
| <b>Water</b> ( <i>safe drinking water and resilient water supply</i> )  | 4.00 | -      | 4.00  |
| <b>Solid Waste and Recycling</b> ( <i>minimizing waste disposal and maximizing waste diversion</i> )  | 3.00 | -      | 3.00  |
| <b>Transportation</b> ( <i>that residents have access to convenient, green, and affordable multi-modal transportation systems that enhance livability</i> )                 | -    | 1.50   | 1.50  |
| <b>Housing and Health</b> ( <i>that residents have access to affordable housing and improved health facilities that enhances livability</i> )                               | 2.00 | 0.50   | 2.50  |
| <b>Safety and Emergency Management</b> ( <i>protect public safety and cooperatively mitigate against, prepare for, respond to, and recover from emergencies</i> )           | 1.50 | -      | 1.50  |
| <b>Arts and Recreation</b> ( <i>residents having access to appropriate and affordable arts and recreation opportunities that enhance quality of life</i> )                  | 1.90 | -      | 1.90  |
| <b>People</b> ( <i>an organization staff are proud to be a part of</i> )  | 4.00 | -      | 4.00  |
| <b>Open Government</b> ( <i>coordinated and collaborative governance, and leadership in organizational performance and service delivery</i> )                               | 1.00 | -      | 1.00  |
| <b>First Nations Reconciliation</b> ( <i>strong relationships with First Nations based on trust and mutual respect, partnerships and working together on shared goals</i> ) | 1.00 | -      | 1.00  |
| <b>Local Government</b> ( <i>administer and deliver local services in Juan de Fuca, Salt Spring Island, and the Southern Gulf Islands</i> )                                 | 0.60 | -      | 1.10  |

|   |              |             |              |
|---|--------------|-------------|--------------|
| <b>Business Systems and Processes</b> (leading systems and policies to respond to best practices, comply with legislative requirements and deliver sustainable budgets) | 2.00         | -           | 2.00         |
| <b>Total</b>  | <b>22.00</b> | <b>1.00</b> | <b>23.00</b> |
| <b>CRHC - Housing and Health</b> (that residents have access to affordable housing and improved health facilities that enhances livability)                             | 3.00         | 2.00        | 5.00         |
| <b>TOTAL CRD and CRHC</b>   | <b>25.00</b> | <b>3.00</b> | <b>28.00</b> |
| <i>Board Directed Initiatives</i>   | <i>0.00</i>  | <i>0.00</i> | <i>0.00</i>  |
| <i>Board Endorsed Initiatives</i>   | <i>0.00</i>  | <i>0.50</i> | <i>0.50</i>  |

## Operating Revenue

Sources of funding vary by service, including sale of services (inclusive of various fees and charges), requisition to member municipalities and EAs, recovery from other departments, reserve transfers, grants, and other revenue. The following table outlines the year-over-year change in revenue by source, where Appendix B provides an operating budget infographic.

Table 5 – Operating Budget Funding (in \$ millions)

| Sources of Revenue           | 2024 Financial Plan \$ | 2023 Financial Plan \$ <sup>1</sup> | \$ Change     | % Change    |
|------------------------------|------------------------|-------------------------------------|---------------|-------------|
| Sale of Services             | 172.9                  | 154.6                               | 18.3          | 11.8%       |
| Requisition                  | 87.0                   | 82.1                                | 4.9           | 6.0%        |
| Allocation to other Services | 57.5                   | 53.0                                | 4.5           | 8.5%        |
| Municipal Debt               | 16.6                   | 17.3                                | (0.7)         | (4.0%)      |
| Rentals and other Revenue    | 7.5                    | 9.0                                 | (1.5)         | (16.7%)     |
| Surplus                      | 5.9                    | 6.3                                 | (0.4)         | (6.3%)      |
| Grants                       | 7.1                    | 5.4                                 | 1.7           | 31.5%       |
| Transfer from Reserve        | 7.8                    | 16.2                                | (8.4)         | (51.9%)     |
| <b>Total</b>                 | <b>\$362.3</b>         | <b>\$344.0</b>                      | <b>\$18.3</b> | <b>5.3%</b> |

<sup>1</sup> Based on amended Financial Plan (Bylaw No. 4570)

Of the total \$18.3 million net increase in 2024 revenue, \$18.3 million is raised through incremental sales of services. This is primarily driven by:

- \$7.8 million in Landfill revenue as a result of updated tipping fees and increased waste diversion revenue in alignment with the Solid Waste Management Plan.
- \$3.3 million in Core Area Wastewater for invoice by agreement payments due to a combination of increased chemical costs and reduced operating reserve funding.
- \$3.2 million in Regional Water Supply due to a combination of increased water consumption and water rate adjustments.
- \$2.1 million in Juan de Fuca Water Distribution due to a combination of increased water consumption and water rate adjustments.

Allocations to other services increased by \$4.5 million driven by:

- \$2.7 million in recoveries to Legislative and General Government service from increases to the administration allocation of \$1.8 million and the Human Resources allocation of \$0.9 million primarily due to prioritized initiative business cases.
- \$0.8 million in wastewater labour recoveries for multiple services, including core area wastewater treatment. The increased recovery is to accommodate increased recovery rate driven by labour rates and impacts of inflation.
- \$0.4 million in facilities recoveries for capital reserve contributions pertaining to the Fisgard building, and facilities maintenance costs related to core area wastewater conveyance and buildings.
- \$0.3 million in Environmental Engineering to recover addition costs for resourcing a project engineer driven by the Regional Trail Widening project, and redeploying staff to create an additional engineering support position for Regional Park's capital projects.

Transfer from reserve decreased by \$8.4 million driven by the removal of one-time 2023 transfers related to:

- \$4.3 million for Core Area Wastewater Debt, resulting from the one-time early payout of a Core Area Wastewater Treatment Project (CAWTP) in 2023. This early payout is in line with the Wastewater Treatment Project Finance Strategy.
- \$3.9 million in Core Area Wastewater operating from a one-time operating reserve transfer in 2023 to cover waste sludge disposal at Hartland, address chemical cost increases and compensate for revenue shortfalls from Residual Treatment Facility tipping fees.
- \$1.7 million net decrease in one-time Legislative and General Government initiatives.
- \$1.7 million increase in reserve fund usage for Environmental Resource Management, due to a projected one-time revenue gap on recycling revenue in 2024, as the organization enters a new five-year curbside recycling contract.

## Requisition

The 2024 requisition forecast is \$87.0 million (excluding municipal debt), an increase of \$4.9 million or 6.0% compared to 2023. Table 6 summarizes the change in requisition from the previous year categorized by regional, sub-regional and EAs.

*Table 6 – Requisition by Service Category (in \$ millions)*

| Description     | 2024 Requisition | 2023 Requisition | \$ Change    | % Change    | % of Total Change |
|-----------------|------------------|------------------|--------------|-------------|-------------------|
| Regional        | 38.5             | 35.5             | 3.0          | 8.5%        | 3.7%              |
| Sub-Regional    | 31.0             | 30.2             | 0.8          | 2.6%        | 1.0%              |
| Electoral Areas | 17.5             | 16.4             | 1.1          | 6.8%        | 1.3%              |
| <b>Total</b>    | <b>\$87.0</b>    | <b>\$82.1</b>    | <b>\$4.9</b> | <b>6.0%</b> | <b>6.0%</b>       |

Sub-Regional and Electoral area requisition accounts for \$31.0 million and \$17.5 million respectively and a combined 56% of the total requisition. The impact of sub-regional and electoral area requisition to each municipality and electoral area will vary depending on sub-regional and local service participation. Other variables include changes in cost apportionment which can be driven by assessment and population growth.

The primary drivers for increases in requisition include:

- Regional: Of the \$3.0 million increase, \$1.6 million for inflationary increases, initiatives and operating costs for a growing assets number of assets and activity in Regional Parks and \$0.8 million for initiatives within Legislative and General Administration, including a new Manager of Corporate Initiatives and Administration, a Senior Analyst of Privacy and Information, staffing in First Nations Relations and creating and implementing an Indigenous Employment Strategy.
- Sub-Regional: The \$0.8 million increase is largely attributable to \$0.7 million for Core Area Wastewater, due to a combination of increased chemical costs and reduced operating reserve funding from 2023 to 2024.
- EAs: For additional details on the \$1.1 million increase, see appendices O1.1 through OI.5. The EAC recommended approval of their respective budgets on October 23, 2023.

*Table 7 – Requisition Drivers (in \$ millions)*

| Requisition Drivers   | \$ Total       | % of Total Change |
|---|----------------|-------------------|
| Community Needs (IBCs)  | 1.8            | 2.2%              |
| Core Service Delivery and Inflation   | 3.1            | 3.8%              |
| <b>Total Change</b>   | <b>4.9</b>     | <b>6.0%</b>       |
| <i>Board Directed Initiatives</i>   | <i>+\$0.30</i> | <i>+0.3%</i>      |
| <i>Board Endorsed Initiatives (subject to successful service establishment)</i> | <i>+\$0.40</i> | <i>+0.5%</i>      |

Of the total \$4.9 million or 6.0% increase in requisition, the main driver is related to inflation and core service adjustments, netting to \$3.1 million or 3.8%. The incremental impact of implementing IBCs accounts for the balance of the change of \$1.8 million or 2.2%.

Core service delivery and inflation drivers includes impacts to requisition across many services in relation to the labour contract settlement adjustment, which had been mitigated by reserve transfers in 2023. Additional drivers include Core Area Wastewater Operations Service adjustments related to sludge waste disposal costs and associated revenue impacts.

Requisition would increase a further \$0.3 million or 0.3% with the inclusion of the Board directed initiatives and a further \$0.4 million or 0.5% for those Board endorsed initiatives contingent on outcomes of the service establishment process including referendum approval. If approved, the impacts will be incorporated into the final budget approval in March.

Appendix D provides a summary of the overall 2024 budget including gross expenditures and revenue sources, as well as the 2023 budget for comparison. The preliminary impact to member municipalities and EAs is estimated in the schedules and are based on current BC Assessment information. Applicable updated assessment data will not be available until the new year.

## Capital Budget

The 2024 Capital Plan overview is shown in Appendix C and the list of projects over \$500,000 in Appendix E. Detailed capital plans by service are included in Appendix G. Capital budgets are developed through the planning processes and consider:

- Status of projects already in progress
- Condition of existing assets and infrastructure
- Regulatory, environmental, risk and health and safety factors
- New or renewal projects prioritized by committees, commissions, and local service areas

The proposed 2024 capital plan is \$235.4 million, an increase of \$8.6 million or 3.8% from prior year. The change in investment is driven by the Replacement of the Ultraviolet (UV) System in the Regional Water Supply service with a planned expenditure of \$9.4 million, a decrease of (\$15.1) million in Regional Parks due to completion of multiple projects including the Mayne Island Regional Trail and the Elk Lake Oxygenation system and \$8.0 million investments in the East Coast Interceptor and the Bowker Sewer Rehabilitation project (phase 2). Table 8 summarizes the capital plan by department.

*Table 8–Capital Plan by Service Type (in \$ millions)*

| Department                            | 2024 Capital Plan \$ | 2023 Capital Plan \$ <sup>1</sup> | \$ Change    | % Change    |
|---------------------------------------|----------------------|-----------------------------------|--------------|-------------|
| Wastewater                            | 48.2                 | 36.7                              | 11.5         | 31.5%       |
| Drinking Water                        | 97.1                 | 81.0                              | 16.1         | 19.8%       |
| Planning and Development <sup>2</sup> | 11.7                 | 19.1                              | (7.4)        | (38.8%)     |
| Protective Services                   | 1.5                  | 2.6                               | (1.1)        | (41.9%)     |
| Regional Parks                        | 9.5                  | 24.6                              | (15.1)       | (61.4%)     |
| Solid Waste                           | 41.7                 | 40.1                              | 1.6          | 4.0%        |
| Recreation and Culture                | 14.2                 | 11.1                              | 3.1          | 27.4%       |
| General Gov and Other                 | 11.5                 | 11.6                              | (0.1)        | (0.5%)      |
| <b>Total</b>                          | <b>\$235.4</b>       | <b>\$226.8</b>                    | <b>\$8.6</b> | <b>3.8%</b> |

<sup>1</sup> Based on amended Capital Plan (Bylaw No. 4570)

<sup>2</sup> Includes the Land, Banking and Housing Service

Capital plan highlights include:

- Within Wastewater - \$32.8 million planned for the Core Area Wastewater service including various pump station renewal projects, Marigold electrical and building upgrades, the Bowker sewer rehabilitation project, various meter, gravity sewer and manhole renewal projects and closeout of remaining capital obligations for CAWTP. There is an additional \$4.4 million related to Ganges Wastewater Treatment Plant improvements and \$4.1 in planned pump station and treatment plant upgrades for the Magic Lake Sewer System.
- Within Drinking Water - infrastructure projects totalling \$57.7 million in the Regional Water Supply service focus on remediation, replacement, and upgrades to vulnerable sections of Supply Main 4, replacement of the UV System, and office and lab equipment replacement at the Goldstream Integrated Water System (IWS) field office.

- Within Planning and Development - \$9.4m is allocated to the Regional Housing First Program to create new affordable housing units throughout the region, including \$2.0 million for the Village on the Green redevelopment and \$2.0 million for the Campus View redevelopment.
- Within Solid Waste - investments total \$38.8 million for projects including Landfill Gas Utilization, Cell 4 Liner Installation, and aggregate production.
- Within Recreation and Culture - \$6.4 million is planned for the Heat Recovery project and the Centennial Park multi-sport box at Panorama Recreation.
- Parks infrastructure investments of \$9.6 million include designing and expanding the East Sooke Alyard Farm parking lot, the Regional Trestle Renewal, Trail Widening and Lighting project and forecasted land acquisitions.

Capital projects are typically funded by annual contributions from operating, grants, reserves and/or by long-term debt. Grant funding can have a significant impact on the implementation and timing of the plan. Results are communicated throughout the year.

## **Capital Funding**

The funding profile in 2024 has seen an increase in the proportion of debt financing, increasing from 24% to 36%. 2024 planned grant revenue, donations and third-party contributions account for 12% of all capital funding. The remainder of the capital plan is funded directly from operating and work-in-process (28%) and Reserves (24%). The funding profile for 2024 continues to show a diversified and sustainable funding model for capital investment. As seen by the increase in the share of finding coming from grants, Staff continue to be proactive in leveraging senior government funding. Additionally, Staff continue to reevaluate internal capacity to deliver projects and programs and enabling business transformation by continuously improving operations through prioritized capital investment. See Appendix C for the capital budget overview.

*Table 9 – Capital Plan Funding Profile (in \$ millions)*

| <b>Funding Sources</b>    | <b>2024 Capital Plan \$</b> | <b>% of Total Funding</b> | <b>2023 Capital Plan \$<sup>1</sup></b> | <b>% of Total Funding</b> |
|---------------------------|-----------------------------|---------------------------|---|---------------------------|
| Operating and WIP         | 65.6                        | 28%                       | 54.6                                    | 24%                       |
| Debenture Debt            | 85.3                        | 36%                       | 53.9                                    | 24%                       |

<sup>1</sup> Based on amended Capital Plan (Bylaw No. 4570)

## **Reserves**

Consolidated summaries of operating and capital reserve activity can be found in Appendix M.

Reserves are a mechanism for leveraging annual revenue in support of sustainable service delivery. A review of capital reserve health for the CRD was completed in 2021 and 2022 resulted in Board approved guidelines. The guidelines define the relationship between leverage and savings and are now incorporated into financial planning across all CRD services.

Detailed reserve schedules are included in Appendix G by service where applicable. Reserve schedules provide detailed information on the proposed activity for the next five years in alignment with operating budgets and capital expenditures. The schedules assist in evaluating transfers to reserves from the current operating budget and the impact of prior year surpluses and deficits.

### **Advance Approvals**

Advance approval is requested in specific situations where the commencement of work before March 2024 is considered necessary to address operational needs for meeting service plans or efficiency of work plans. These are often related to items that have regulatory compliance implications, grant deadlines and capital projects for which tenders must be issued and where a delay in commencement of work can have a negative impact on service delivery timing. Items identified as necessary activities to begin in advance of the March 31 final approval are listed in Appendix H.

### **Summary**

The attached 2024 budget package in Appendix G, which includes operating and capital, is provided for preliminary approval. Appendix H contains items that, because of business requirements, need to be implemented by January 1 in advance of the March 31 approval.

The provisional budget is subject to change due to final 2023 surplus/deficits, receipt of revised assessment and any adjustments recommended by the respective Commissions and the Electoral Area directors and the Board prior to final approval of the Financial Plan bylaw by March 31, as outlined in the *Local Government Act*.

The EAC reviewed and provided preliminary approval of the 2024 Electoral Area-only budgets on October 23, 2023. The regional and sub-regional budgets, once approved by the COW, together with the EAC budgets, will be presented to the CRD Board for preliminary approval.

### **CONCLUSION**

The CRD 2024 Financial Plan has been prepared and presented for preliminary approval. The Financial Plan will be subject to change as a result of the final 2023 surplus/deficits, revised assessment information and any directed amendments prior to final approval by the Board as part of the Financial Plan bylaw by March 31, 2024.

### **RECOMMENDATION**

The Committee of the Whole recommends to the Capital Regional District Board:

1. That the Capital Regional District 2024 Financial Plan be given provisional approval as presented;
2. That the Board Directed and Board Endorsed Initiatives be approved and incorporated into the final budget, subject to successful service establishment where required;
3. That the new initiatives and capital identified in Appendix H for January 1, 2024, implementation be approved for expenditure;
4. That the 2024 Community Need Summaries be approved as presented; and
5. That the Staff Establishment Chart as attached in Appendix L be approved.

## CRD Board 2022-2023

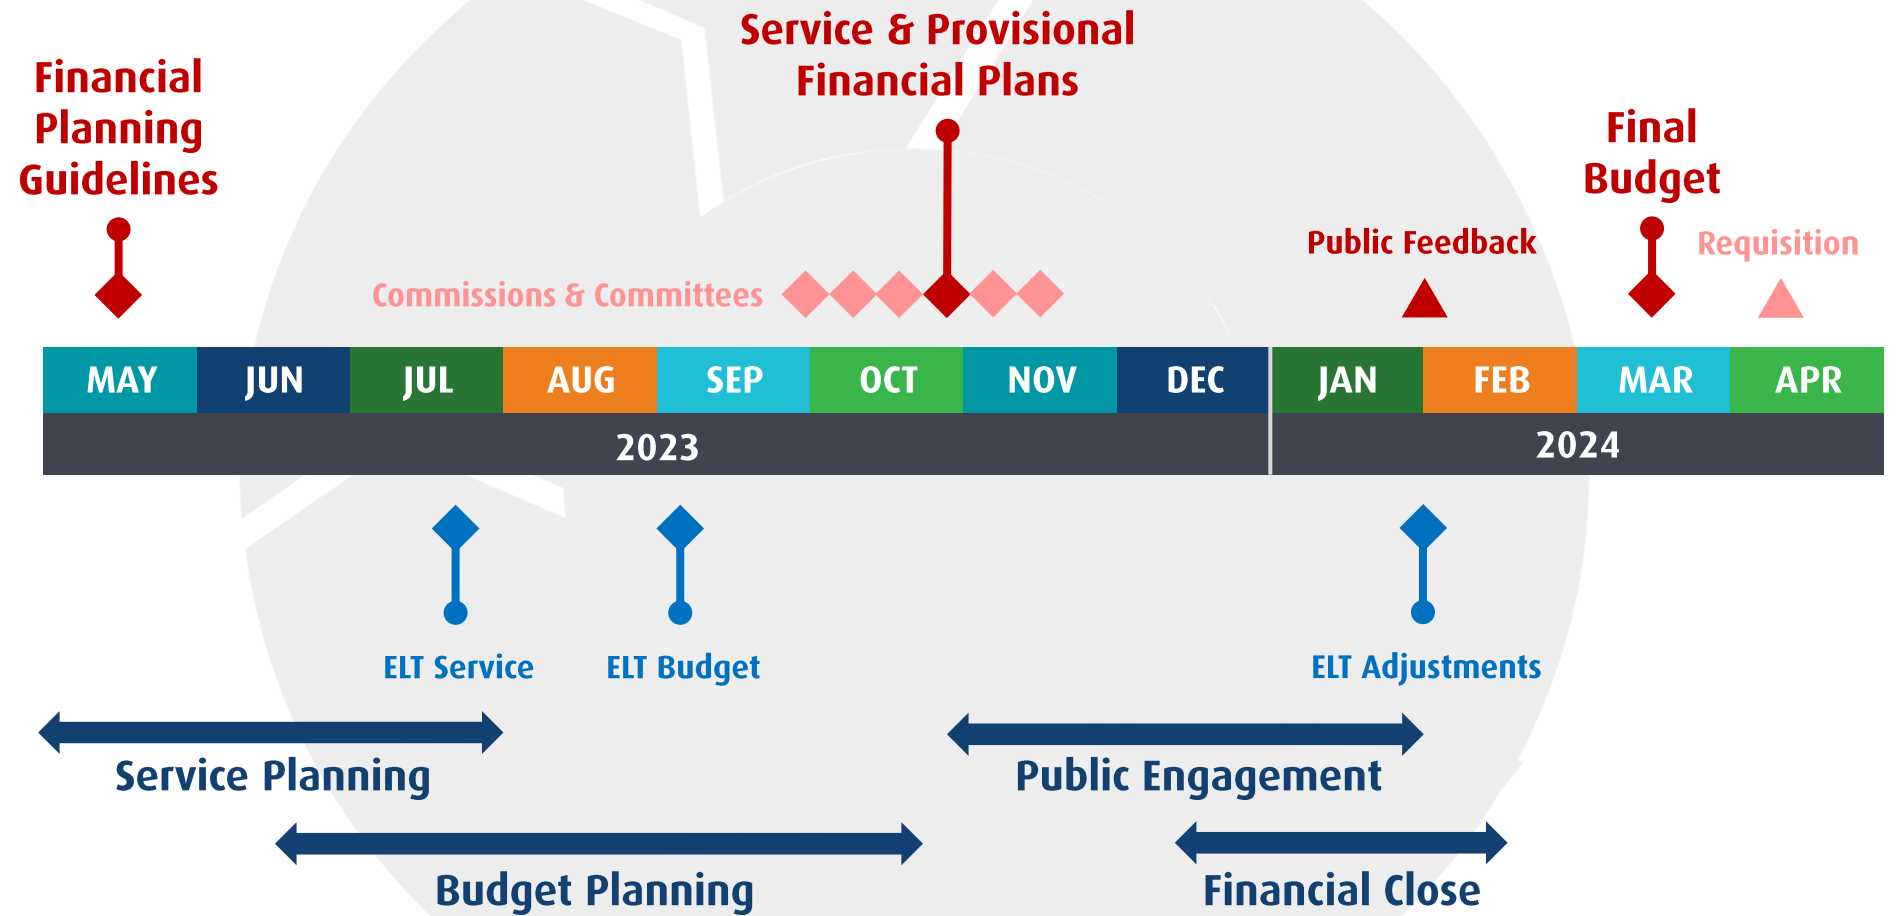

### During the first year of its term the CRD Board:

- Through multiple planning sessions, approved the **Strategic Priorities** & the **Corporate Plan**
- Approved **new regional & sub-regional strategic plans**, setting the course for CRD services and the future of the region building on existing plans
- Initiated **new initiatives**
- Oversaw the advancement of **large-scale capital investments**
- Kept the organization on track with delivery of more than **200 services at a regional, sub-regional and local level**
- Provided staff with 2024 Budget direction through the annual **Planning Guidelines** directive.

# Process & Timeline

# Process & Timeline

## 2024 Planning

## Process & Timeline

## 2024 Approvals

## 2024 Provisional Budget

### Service Planning Process

Define appropriate levels of service delivery, adjust impacts, realign resources, evaluate infrastructure

### Trends and Assumptions

Adjustments made for external factors including population growth, demographics, economic, etc.

### Budget Guidelines

Annual Board approval of the Financial Management Strategies and Guidelines

### Review Process

- Board approved Financial Planning Guidelines (Spring 2023)
- Committees & Commissions (Fall)
- Electoral Areas Committee (Fall)

### Provisional Budget

- Committee of the Whole review (October 2023)
- Requests authority to expend January through March 2024

### Final Budget

- Authority for expenditures in operating & capital budgets
- Incorporates assessment updates
- Adopt bylaw (March 2024)

# Planning Guidelines

# Planning Guidelines

## 2024 Direction

### Economic Conditions

Drivers and assumptions for the basis of the financial plan

### Financial Management Strategies

**1** Optimize fees for service revenue and stabilize tax rates to fund operations, maintenance, growth and assets utilization

**2** Limit transfers to/from operating reserves to fund one-time projects or to stabilize revenue requirements

**3** Transfers to/from capital reserves supported through life cycle funding and optimal debt and debt terms

### Service Delivery

The Corporate Plan aligns services plans to outcomes

# 2024 Provisional Budget

# 2024 Provisional Budget

## Executive Summary

### Managing Capital Investments

capital investment is 4.2x depreciation while 7% of revenue is committed to long-term debt payments

### Supporting Board & Corporate Priorities

advancing initiatives in alignment with community needs in the 2023-2026 corporate plan

### Adapting to Regional Challenges

persistent economic challenges, constrained labour market, continued long-term growth in asset utilization

### Striving for Financial Sustainability

continued revenue diversification, leveraging partnerships, developing financing strategies

# CRD Operating Plan

## Commission & Committee Review

- The Executive Leadership Team has reviewed all budgets in consideration of the **Service & Financial Planning Guidelines** approved by the Board.
- The plan has been prioritized where several initiatives and workplans have been deferred, phased, mitigated, or scaled down where possible while maintaining directed service levels and **meeting Corporate Plan objectives**.
- Through the planning process, the majority of budgets have been **recommended for approval by Commissions and Committees** ahead of the Committee of the Whole.

COMMITTEE  
COMMISSION  
REVIEWED  
**83%**

DIRECT TO  
BOARD  
**17%**

- 17% of the operating plan has not been reviewed by a Commission or Committee ahead of Committee of the Whole, this represents **44 services as detailed in appendix N**
- Of these services, 21 or 48% exceed a predefined 3.5% threshold. All budgets have been through a detailed **review by the Executive Leadership Team and are recommended for approval**

## Requisition Forecast

Consumer price inflation is forecast to be 3.0 per cent in 2024 and 2025 and is expected to fall to 2.75 per cent in 2026 and 2. per cent in 2027 and 2028, as the effects of elevated commodity prices and supply disruptions fade. Then, inflation is expected to return to the Bank of Canada's target of around 2 per cent for the balance of the forecast horizon. Requisition forecasting assumption is a 1-year lag in inflation forecast.

Population is projected to increase by 2.0 per cent in 2024 and 1.6 for the balance of the forecast horizon. This compares to a 2023 increase of 2.2 per cent.

Risks to Forecast: Victoria's economy has been resilient to pandemic, geopolitical, and climate-related disruptions but higher interest rates are expected to weigh on the economy in the near-term. There are upside risks, such as inflationary pressures easing sooner than expected leading to less restrictive monetary policy and a less pronounced slowing of the global economy. Keys risks to the forecast include:

- persistent high inflation reducing affordability and leading to higher interest rates over a longer period;
- uncertainty around the extent of the impact of higher interest rates
- further inflationary pressures due to lingering supply-chain disruptions and restrictions associated with new COVID-19 variants in B.C., Canada, • aging demographics leading to tighter labour market conditions (an imbalance of the supply and demand of workers) and elevated job vacancies;
- climate-related disasters disrupting the lives and livelihoods in the Capital Region

# 2024 Provisional Budget

# 2024 Provisional Budget

## Key Takeaways

### Managing Capital Investments

capital investment is 4.2x depreciation while 7% of revenue is committed to long-term debt payments

### Supporting Board & Corporate Priorities

advancing initiatives in alignment with community needs in the 2023-2026 corporate plan

### Adapting to Regional Challenges

persistent economic challenges, constrained labour market, continued long-term growth in asset utilization

### Striving for Financial Sustainability

continued revenue diversification, leveraging partnerships, developing financing strategies

## BUDGET PLANNING PROCESS

Every four years, the Board sets the strategic priorities, policy and direction that guide the activities of the organization. Board members, other elected officials and, in some cases, First Nations and ratepayers sit on various committees and commissions that receive public input.

Public input happens throughout the planning cycle, through customer satisfaction surveys, financial plan consulting, user statistics, advisory body reports and other public engagement activities. This input drives the Board's strategic priorities.

**SUBJECT     2024 Service and Financial Planning Guidelines**

**ISSUE SUMMARY**

This report outlines the service and financial planning process for 2024 including key budget drivers for consideration.

**BACKGROUND**

The Capital Regional District (CRD) 2024 service and financial planning processes have begun. Board Priorities, Corporate Plan initiatives and core service delivery form the foundation of the 2024–2028 five-year financial plan. Appendix A highlights the overall corporate planning process while Appendix B details the timeline specific to the planning cycle.

The 2024 planning cycle marks the first year of the implementation of the Board approved 2023-2026 CRD Corporate Plan. The Corporate Plan identifies the initiatives that will progress service delivery in alignment with the Board Priorities. The Corporate Plan also includes initiatives that deliver on core service mandates, are necessary to meet regulatory requirements and help the organization keep pace with population growth and community expectations.

Impacts for initiatives will be summarized and presented with the 2024 service plans, known as Community Need Summaries, and the provisional budget will be presented at the Committee of the Whole meeting scheduled for October 25, 2023. As in prior years, to proactively influence the planning process, this report recommends planning guidelines in the context of observed trends, assumptions and drivers impacting the organization.

**ALTERNATIVES**

*Alternative 1*

The Finance Committee recommends to the CRD Board:

That the service and financial planning guidelines as presented be approved and that staff be directed to prepare the draft financial plan review based on the timeline presented.

*Alternative 2*

That this report be referred back to staff for additional information.

**IMPLICATIONS**

The guidelines are the policies and assumptions by which CRD Board and staff determine the most appropriate allocation of resources to deliver the Corporate Plan. Additionally, the guidelines inform decision making in consideration of the macro-economic environment and financial health of the organization.

### *Governance Implications*

Alignment of the financial plan with strategic priorities and financial management strategies supports efficient and effective service delivery. The 2024 financial planning process will reflect feedback from various Commissions.

In 2024, staff will prioritize programs and initiatives that:

- Advance Board priorities or Corporate Plan initiatives;
- Operationalize capital investments; and/or
- Are necessary to maintain a core service level following a regulatory change or where there is a safety risk to customers, communities, or staff.

As in prior years, the public will continue to be engaged throughout the process with the established communications and feedback strategy. There are also ongoing opportunities for public input through committee, commission and CRD Board meetings. New for 2024, there will be a review of service and financial plans by committees for services with annual operating plans greater than \$5 million ahead of provisional budget approval scheduled for October 25, 2023. Plans presented to committees will total nearly two thirds of the operating budget.

### *Financial Implications*

#### **Financial Planning Guidelines**

The financial planning guidelines advise the organization on internal and external drivers to influence management practices with respect to surpluses, reserves, debt and cost containment measures. This will enable the organization to optimize revenue requirements and minimize requisition increases. Analysis of the following areas influence the guidelines:

- 1) Economic Conditions
- 2) Core Service Levels and Infrastructure Investment
- 3) Financial Management Strategies

#### **1) Economic Conditions**

The financial plan relies on ongoing analysis and monitoring by staff of economic drivers and assumptions, with a focus on understanding their impact on both service delivery and financial performance. In the past year, three key interrelated economic indicators that remain under watch for their impact on service delivery are inflation, unemployment and interest rates.

Since the start of 2022, borrowing rates have undergone significant changes. Due to low unemployment rates and supply chain disruptions, inflation reached a 30-year high, prompting national policymakers to act. In response, the Bank of Canada (BOC) has increased the key overnight lending rate eight times between March 2022 and January 2023 in an effort to slow inflation and attain their 2% target. The overnight lending rate now sits at 4.5%<sup>1</sup>, increasing short- and long-term borrowing costs significantly higher than the year before. Despite the rate increase, inflation remains above BOC target currently. Rate increases do have a lagging affect on inflation, reducing economic activity over time as more business and consumers are exposed to higher rates. Market expectations are that inflation will decline nationally in the coming months

---

<sup>1</sup> <https://www.bankofcanada.ca/2023/04/fad-press-release-2023-04-12/>

however, other factors like unemployment levels also influence inflation. The BOC will continually re-assess the adequacy of its existing measures and is willing to further raise the rate if necessary.

Rising market rates have increased the long-term borrowing rates offered by the Municipal Finance Authority of BC, causing local governments across British Columbia to reevaluate and increase project budgets. The CRD is addressing these challenges through cost containment within the financial planning process and through effective use of financing strategies aimed at optimizing value for money by lowering overall borrowing costs.

Inflation in Canada has decreased since last summer's peak of 8.1%, with annual national Consumer Price Index inflation falling to 5.2% in February<sup>2</sup>. Core inflation was just below 5%, due to a drop in the price of goods, energy prices and decreased spending brought about through monetary policy on the overnight rate. However, inflation remains higher in most provinces and regions, including 6.2% in British Columbia, 6.0% in Victoria, and 5.9% in Vancouver as of February 2023<sup>3</sup>. Although the British Columbia (BC) provincial budget, which was recently approved, assumes an inflation rate of 3.9% for forecasting, the Executive Leadership Team is setting a service planning cap of 3.5%.

Meanwhile, Victoria has the lowest unemployment rate in BC, and the second-lowest rate among Canadian urban centers. According to Statistics Canada, the city's jobless rate fell slightly to 3.2% last month, from 4.5%<sup>4</sup> in August 2022, while Vancouver's unemployment rate rose slightly to 4.9%<sup>5</sup>. The provincial and national rates were 4.5% and 5.0% respectively. The tight conditions of the local employment market pose ongoing recruitment and retention challenges for CRD.

Service delivery and infrastructure investment will be affected by pricing and labor pressures. The increased utilization of CRD services, driven by population growth and local economic activity, leads to higher volumes and costs of delivery. To ensure optimal levels of service, the staff continuously monitors these costs. In response to increased uncertainty, conservative planning assumptions are recommended.

## **2) Core Service Levels and Infrastructure Funding**

The CRD Board's 2023-2026 strategic priorities formed the basis of the Corporate Plan. These priorities are foundational to each service's work plans. The rolling five-year financial plan will reflect updated assumptions in timing, scope and cost estimates.

The most significant costs of service delivery are costs of capital and operating expenses such as salaries and benefits, debt servicing, materials and equipment. Changes in these expenditures will be influenced to a greater degree by uncontrollable economic conditions such as unemployment rates, supply and demand, surcharges and contractual agreements.

The organization has experienced growth in many core services within the past five years driven by community need and guided by the Corporate Plan. Service delivery review is an effective tool to evaluate efficacy of existing service delivery while priorities continue to evolve. The

<sup>5</sup> <https://vancouverisland.ctvnews.ca/b-c-adds-14-000-jobs-with-second-lowest-unemployment-rate-in-canada-1.6345791>

organization's approach has been and will continue to include annual Board reviews to prioritize existing services and advance essential initiatives directly identified in the Corporate Plan.

Prioritization will focus on mitigating cost impacts where possible while still balancing essential services and initiatives. To exercise constraint and cost containment, the core inflationary adjustment will be kept to 3.5% in the planning process. Mitigation of inflationary pressures through retraction of auxiliary, delayed staffing and optimal levels of resourcing can aid the organization in absorbing cost pressures.

Also supporting the response to growth, more informed infrastructure investment planning has proceeded through the Board approved corporate asset management policy and strategy. Operationalized initiatives including reserve fund policies, maintenance intervention and a risk-based approach to asset renewal, have contributed to operating and capital cost reductions.

Additional asset management financial based initiatives include development and completion of:

- Sustainable Service Delivery plans to maintain and replace existing assets in short, medium and long-term horizons;
- Lifecycle Costing Framework integrating quantitative, qualitative, social, environmental and economic measures such as climate action and risk management; and
- Library of Financial Guidelines aimed at optimizing financial position, reserves and borrowing capacity while lowering current costs and current revenue.

### **3) Financial Management Strategies**

Financial management strategies ensure critical financial objectives are integrated into organizational decision making and operations. The following outlines the financial management strategies that will generally guide financial planning:

- Optimize fees for service revenues and stabilize tax rates to fund operations, maintenance, growth and asset utilization
- Limit transfers to/from operating reserves, transferring only to fund one-time projects or to stabilize revenue requirements
- Levels of transfers to/from capital reserves supported through development of life cycle funding requirements and optimal levels of debt and debt terms
- One-time variances resulting in surplus transferred to reserve in order to fund future capital liabilities or reduce future revenue requirements and only applied to reduce tax rates in rare circumstances where the offset is sustainable and stable

Board approved financial policies and guidelines such as the asset management policy, capital reserve guideline and debt term guideline inform financial planning in a standard way at a service level whereas the strategies given above provide general corporate direction. Additional service level guidelines are under development including operating reserve guidelines and utility rate model guidelines.

## **CONCLUSION**

Board Priorities, Corporate Plan initiatives and core service delivery form the foundation of the 2024–2028 five-year financial plan. To proactively influence the planning process, this report recommends planning guidelines in the context of observed trends, assumptions and drivers impacting the organization. The guidelines are the policies and assumptions by which CRD Board and staff determine the most appropriate allocation of resources to deliver the Corporate Plan. In response to a high degree of economic uncertainty, more conservative planning assumptions are recommended. Prioritization will focus on balancing cost pressures with ensuring essential service delivery.

## **RECOMMENDATION**

The Finance Committee recommends to the CRD Board:

That the service and financial planning guidelines as presented be approved and that staff be directed to prepare the draft financial plan review based on the timeline presented.

|                             |       |
|-----------------------------|-------|
| Total Projects > \$500K     | 176.4 |
| Total Projects < \$500K     | 59.0  |
| Total 2024 Capital Projects | 235.4 |

BUILDING INFRASTRUCTURE

Investment in capital is **4.2x** the rate of depreciation

This is the amount of capital invested in infrastructure for every dollar that assets depreciate each year. In 2024, the investment in capital will be \$235.4M\* compared to an amortization of \$56.0M\*.

\*Amortization based on net book value as per the audited financial statements from the preceding year

MANAGING DEBT

Debt servicing costs are **7.4%** of revenue

This is the amount of annual revenue committed to debt repayment for existing and new capital. In 2024, debt servicing costs will account for \$21.0M\* out of total revenue of \$282.1M.\*\*

\*This excludes municipal borrowing.  
\*\*This excludes municipal debt (16.7M), internal allocations (57.5M), and surplus carryforward (5.9M).

SAVING FOR THE FUTURE

Reserve transfers make up **7.2%** of the operating budget

This is the amount of total reserve contributions compared to the total CRD operating budget. In 2024, reserve transfers will total \$26.1M while the operating budget will total \$362.2M.

Reserve transfers make up **1.4%** of the depreciated value of assets

This is the amount of total reserve contributions compared to the total net book value of CRD assets. In 2024, reserve transfers will total \$26.1M while the net book value will total \$1,885.1M.\*

\*Based on net book value as per the audited statements from the preceding year.

#### 1. Introduction/Overview

**1.0** Budget Report

#### 2. Executive Services

**2.1** C.A.O. & Executive Office  
**2.2** Human Resources  
**2.3** Corporate Communications

#### 3. Corporate Services

**3.1** Corporate Services  
**3.2** Board Expenditures  
**3.3** Real Estate  
**3.4** First Nations Relations  
**3.5** Victoria Family Court Committee  
**3.6** Greater Victoria Police Victims Services

#### 4. Finance and Technology

##### **4.1 Financial Services**

4.1.1 Finance

##### **4.2 Technology and Initiatives**

4.2.1 Information Technology  
4.2.2 GIS Information Systems  
4.2.3 Geo-Spatial Referencing

##### **4.3 Arts and Other Finance Budgets**

4.3.1 Royal Theatre  
4.3.2 McPherson Theatre  
4.3.3 Arts Grants and Development  
4.3.4 Feasibility Study Reserve  
4.3.5 Regional Grant in Aid

|-------------------------------|--------------|
| 2024 IBC Expense              | 13.7%        |
| Other salary adjustments      | 5.2%         |
| Balance of increase           | 0.9%         |
| % expense increase from 2023: | <b>19.9%</b> |

% Requisition increase from 2023 (if applicable):

**20%**

Requisition funding is 100% of service revenue

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

There is an estimated one-time favourable variance of \$60,300 (7.5%) due mainly savings on contracted expenses (\$30,000), and minor savings on salaries and temporary staff vacancies (\$25,000).

**Other Changes:**

|                          |          |  |
|--------------------------|----------|--|
| Office & Equipment Costs | 96,000   | Office costs associated with new ongoing FTEs          |
| Contract for Services    | (50,000) | Reduction in one-time funding for 2023 Employee Survey |
| Building Occupancy       | 17,370   |  |
| Other Costs              | 27,751   |  |
| Total Other Changes      | 91,121   |  |

**2024 Budget**

**3,748,977**

**Summary of % Expense Increase**

|   |              |
|---|--------------|
| 2024 IBC Expense                            | 15.9%        |
| Reduction in one-time contract for services | -1.6%        |
| Balance of increase                         | 3.6%         |
| <b>% expense increase from 2023:</b>        | <b>18.0%</b> |

*% Requisition increase from 2023 (if applicable):*

**19%**

*Requisition funding is 15% of service revenue*

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

*There is an estimated one-time favourable variance of \$235,000 (34.2%) due largely to temporary staff vacancies (\$127,000) as well as reduced training and development spending (\$55,000) compared to plan. Further minor savings from reduced office supply costs and legal services.*

| Total Other Changes  |           | (90,264)   |   |
| 2024 Budget  |           | 1,513,346  |   |
| Summary of % Expense Increase  |           |  |   |
| 2024 Base salary and benefit change                                      | 1.6%      |  |   |
| 2023 and 2024 IBCs   | 0.1%      |  |   |
| Human Resources and Building Occupancy Allocations                       | 1.4%      |  |   |
| Balance of increase  | 1.0%      |  |   |
| % expense increase from 2023:  | 4.1%      |  |   |
| % Requisition increase from 2023 (if applicable):                        |           | 6%   | Requisition funding is (43)% of service revenue |

**Overall 2023 Budget Performance**  
(expected variance to budget and surplus treatment)

*There is an estimated one-time favourable variance of \$88,500 (7%) due mainly to vacant positions. This variance will be moved to the Legislative and General Operating Reserve.*

**Comments**

**2023 Budget**

**2,941,150**

**Change in Salaries:**

|                                |          |   |
|--------------------------------|----------|---|
| Base salary and benefit change | 44,241   | Inclusive of estimated collective agreement changes                 |
| Step increase/paygrade change  | 37,207   |   |
| 1.0 FTE Senior Analyst         | 93,165   | 2024 IBC 12a-1.1: Privacy and Information Senior Analyst (9 months) |
| Reduction in auxiliary wages   | (38,150) |   |
| Total Change in Salaries       | 136,464  |   |

**Other Changes:**

|                          |           |   |
|--------------------------|-----------|---|
| Contract for Services    | (200,000) | Reduction for 2024 one-time costs for EDRMS: \$100k carry forward into 2024, net of \$200k estimated spend in 2023                        |
| Contract for Services    | (50,000)  | Reduction for 2023 one-time costs for centralizing procurement study: \$50k carry forward into 2024, net of \$50k estimated spend in 2023 |
| Office & Equipment Costs | 22,000    | Office costs associated with new ongoing FTEs   |
| Building Occupancy       | 10,384    |   |
| Other Costs              | 7,285     |   |
| Total Other Changes      | (210,331) |   |

**2024 Budget**

**2,867,283**

**Summary of % Expense Increase**

|   |       |
|---|-------|
| 2024 IBC Expense                            | 3.9%  |
| Reduction in one-time contract for services | -8.5% |
| Balance of increase                         | 2.1%  |
| % expense increase from 2023:               | -2.5% |

% Requisition increase from 2023 (if applicable):

7%

Requisition funding is 75% of service revenue

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

There is a one time favourable variance of \$132,385 (4.5%) largely to temporary staff vacancies (\$305,900) and deferral of EDRMS contract for services expenses to 2024 (\$100,000); .This is partially offset by reduced transfers from reserve for EDRMS of \$100,000, increased legal advisory consulting of \$100,000 and additional program consulting of \$50,000.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **First Nations Relations**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.027 First Nations Relations

**Committee:** First Nations Relations

**DEFINITION:**

To provide for the management of intergovernmental relations between the CRD and the First Nations.

**SERVICE DESCRIPTION:**

This service was created to provide for 1) the management of intergovernmental relations, primarily First Nations, through a process of consultation, and 2) the coordination of various CRD First Nations initiatives to ensure the alignment of interests and to build positive working relationships between the CRD and First Nations communities within the Region.

**PARTICIPATION:**

All municipalities and electoral areas and the Songhees and Tsawout Nations

**MAXIMUM LEVY:**

N/A

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMITTEE:**

First Nations Relations

**FUNDING:**

Requisition

## **2024 BUDGET**

### **Victoria Family Court Committee**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.126 Vic Family Court & Youth Justice Committee

**Committee:** Planning and Protective Services

**DEFINITION:**

To operate and fund the operation of the Victoria Family Court Committee, a family court committee under the *Provincial Court Act*; as well as to direct funding to juvenile justice committees appointed by the Board (Bylaw No. 2560, Family Court Committee Extended Service Establishment Bylaw No. 1, 1997).

**SERVICE DESCRIPTION:**

This service provides funding for the operation and funding of a *Provincial Court Act* family court committee, currently operating as the Victoria Family Court and Youth Justice Committee. Historically, such committees were mandatory. Now, they are optional. The mandate of the committee is:

- To monitor proceedings of the court and address issues pertaining to resources and legislation concerning families and youth;
- To promote and examine extra-legal options in the youth and family systems;
- To liaise with governmental and non-governmental bodies around youth justice;
- To meet at least four times a year and to provide an annual report to CRD, other local governments, and the Attorney General

The Victoria Family Court and Youth Justice committee has been a federal Youth Justice Committee under the *Youth Criminal Justice Act* since the 1980s.

**PARTICIPATION:**

Participants include all 13 municipalities in the CRD and the Juan de Fuca Electoral Area. The electoral areas of Salt Spring Island and Southern Gulf Islands are not participants in this service.

On the basis of the net taxable value of land and improvements as fixed for taxation in the immediately preceding year for Hospital District purposes as to one half of such cost, and the other one half shall be apportioned on the basis of population based on the last census established by Census Canada prior to year of apportionment.

**MAXIMUM LEVY:**

\$15,000 (Bylaw No. 3048)

**MAXIMUM CAPITAL DEBT:**

Nil

**METHOD OF AUTHORIZATION:**

Bylaw No. 2560, Family Court Committee Extended Service Establishment Bylaw No. 1, 1997  
*Provincial Court Act*  
*Youth Criminal Justice Act*

**COMMISSION:**

|   |             |
|---|-------------|
| 2024 Base salary and step increases           | 2.6%        |
| 2023 One-time Contract Costs (Reserve-funded) | -2.5%       |
| 2024 IBC Expense                              | 3.1%        |
| Balance of increase                           | 0.4%        |
| <b>% expense increase from 2023:</b>          | <b>3.6%</b> |

|  |             |  |
|--|-------------|--|
| <b>% Requisition increase from 2023 (if applicable):</b> | <b>3.1%</b> | <i>Requisition funding is 38% of service revenue</i> |
|--|-------------|--|

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

*There is an estimated one-time favourable variance of \$28,623 (0.3%) due mainly to hiring challenges of vacant positions and hiring new staff at lower pay steps; offset by one-time Equipment Replacement Reserve contributions. This surplus will be transferred to the Legislative and General Operating Reserve.*

### Assumptions/Background:

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Geo-Spatial Referencing**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.335 Geo-Spatial Referencing

**Committee:** Governance Committee & Finance Committee

**DEFINITION:**

To replace the network of permanent survey control monuments in the Capital Regional District with a reference system based on Differential Global Positioning System (DGPS) technology. The Province will no longer support the current permanent monument system. The CRD will assume responsibility for acquiring and operating the new system on behalf of its member municipalities. This information is required to effectively deal with development infrastructure issues as well as the ongoing infrastructure works.

**PARTICIPATION:**

All municipalities and electoral areas.

**MAXIMUM LEVY:**

None stated.

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMISSION:**

Governance Committee and Finance Committee

**FUNDING:**

Requisition

**AUTHORITY:**

General Services under the Municipal Act.

**Assumptions/Background:**

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Royal Theatre**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.290 Royal Theatre

**Committee:** Finance

**DEFINITION:**

The function of purchasing, maintaining, equipping, operating and selling the Royal Theatre in Victoria to the Capital Regional District. The function is for the purpose of pleasure, recreation and community use and includes all facilities and concessions associated with the Royal Theatre and a parking lot. Local Services Establishment Bylaw No. 2587, March 25, 1998.

**SERVICE DESCRIPTION:**

This is a service to provide funding for the support of the Royal Theatre in the City of Victoria as a community centre of art and education. Ownership was transferred to the CRD in 1998. The service operates under an agreement with the Royal and McPherson Theatres Society Board who manage the theatre in return for financial support.

**PARTICIPATION:**

City of Victoria, District of Saanich, and District of Oak Bay, apportioned 50% on converted value of land and improvements and 50% on the basis of population (see bylaw for details).

**MAXIMUM LEVY:**

|                               |           |
|-------------------------------|-----------|
| Capital Expenditures          | \$480,000 |
| Annual Operating Expenditures | \$100,000 |

Note: Grants in Lieu of Taxes paid to the Regional District will be held to the credit of the participant.

**MAXIMUM CAPITAL DEBT:**

NIL

**COMMISSION:**

Royal and McPherson Theatre Society reporting to a sub-committee of the Finance Committee.

**FUNDING:**

## **2024 BUDGET**

### **McPherson Theatre**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.295 McPherson Theatre

**Committee:** Finance

**DEFINITION:**

A local service established for the purpose of purchasing, maintaining, equipping and operating the McPherson Playhouse in Victoria, British Columbia. Local Services Establishment Bylaw No. 2685, March 10, 1999.

**SERVICE DESCRIPTION:**

This is a service to provide funding for the support of the McPherson Theatre in the City of Victoria. The building is owned by the City of Victoria. The service operates under an agreement with the Royal and McPherson Theatres Society Board who manage the theatre in return for financial support. This building operation was transferred to the CRD for ease of administration with the Royal & McPherson Theatres Society and to recognize the benefits of one organization operating the two theatres (one ticket system, ability to move acts between if financially beneficial, etc.)

**PARTICIPATION:**

The City of Victoria is the only participant.

**MAXIMUM LEVY:**

The maximum amount that may be requisitioned under section 816(1) of the Municipal Act (Section 803 of the Local Government Act) for the annual cost of the local service will be:

- (a) for capital expenditures including but not limited to, the renovation, reconstruction or rebuilding of a performing arts theatre, machinery and equipment, reserve fund transfer and annual debt servicing payments. The maximum amount will be \$400,000.
- (b) for annual operating expenditures which may also include expenditures of a nature referred to in (a) above, the maximum amount will be \$350,000.

**MAXIMUM CAPITAL DEBT:**

None

**COMMISSION:**

Royal and McPherson Theatre Society reporting to a sub-committee of the Finance Committee.

**FUNDING:**

| Project Number    | 21-13  | Capital Project Title | Repair Building Envelope and Restore Façade | Capital Project Description | Repair building envelope and restore façade |
| Project Rationale | Flagged as immediate priority in McPherson Playhouse – Building Envelope Assessment Report prepared for the CRD Dec. 8, 2020 by Stantec Architecture Ltd. Repairing building envelope will ensure the 1913 structure will remain stable and will reduce energy consumption. Restoring the 1913 façade will include point work on the bricks, gutter replacement and refinishing the fiberglass stonework around the historic wooden doors. |                       |   |                             |   |

|                   |  |                       |                                |                             |                                |
|-------------------|--|-----------------------|--------------------------------|-----------------------------|--------------------------------|
| Project Number    | 22-06  | Capital Project Title | Recoating of Fibreglass Façade | Capital Project Description | Recoating of fibreglass façade |
| Project Rationale | Flagged as immediate priority in McPherson Playhouse – Building Envelope Assessment Report prepared for the CRD Dec. 8, 2020 by Stantec Architecture Ltd. Recoating the fibreglass façade will reduce shredding and breaking down. |                       |                                |                             |                                |

| Project Number    | 24-02  | Capital Project Title | Replace Architectural Detail Lighting | Capital Project Description | Replace tungsten and quartz architectural lights with LED technology |
| Project Rationale | Replace tungsten and quartz architectural lights with LED fixtures for reduced heat load, reduced electrical consumption and brighter, higher quality of light for patron comfort and safety in the audience chamber |                       |                                       |                             |  |

|                   |  |                       |                                     |                             |  |
|-------------------|--|-----------------------|-------------------------------------|-----------------------------|--|
| Project Number    | 24-03  | Capital Project Title | Install Loading Bay Safety Lighting | Capital Project Description | Intall new loading bay safety lighting |
| Project Rationale | Install new safety lighting for loading and unloading to the McPherson stage. The City of Victoria bike lane install has altered the location that the majority of the stage crew work when loading trucks and there is no safety lighting in this area. |                       |                                     |                             |  |

|          |       |                   |

|                   |  |                       |                                       |                             |                                      |
|-------------------|--|-----------------------|---------------------------------------|-----------------------------|--------------------------------------|
| Project Number    | 24-04  | Capital Project Title | Wireless Microphone Expansion Project | Capital Project Description | Expand wireless microphone inventory |
| Project Rationale | Expanding the inventory of wireless microphones to meet the service level requirements of clients. |                       |                                       |                             |                                      |

|                   |  |                       |                          |                             |                          |
|-------------------|--|-----------------------|--------------------------|-----------------------------|--------------------------|
| Project Number    | 24-05  | Capital Project Title | Remove Concrete Canopies | Capital Project Description | Remove concrete canopies |
| Project Rationale | As indicated in the 2022 McPherson Playhouse Detailed Seismic Assessment by Stantec Consulting Ltd., the current concrete canopies are deficient under current seismic loads and will become a safety risk. In preparation of replacing with a lightweight steel structure, the concrete roof slabs must be removed. |                       |                          |                             |                          |

|                   |  |                       |                     |                             |  |
|-------------------|--|-----------------------|---------------------|-----------------------------|--|
| Project Number    | 25-01  | Capital Project Title | Replace APs and UPS | Capital Project Description | Replace wireless access points and back up batteries |
| Project Rationale | Replace APs and UPS to update the network infrastructure as required by CRD Information Technology replacement plan. |                       |                     |                             |  |

## **2024 BUDGET**

### **Arts Grants and Development**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.297 Arts Grants and Development

**Committee:** Finance

**DEFINITION:**

To establish a service for the provision of assistance in relation to the arts and culture for the purpose of benefiting the community or an aspect of the community. Bylaw No. 2884, July 3, 2001.

**SERVICE DESCRIPTION:**

CRD municipalities invest in the arts for the economic impact and employment they provide, for their contribution to the quality of life, for the provincial and national visibility arts organizations provide to the region, and for providing a wide range of educational, participatory and audience opportunities for citizens and visitors. This service provides grants for NFP arts sector organizations within the CRD. An arms length committee, the CRD Arts Advisory Council, adjudicates grant applications based on parameters and total budget limits set by the CRD Arts Committee. Operating grants provide annual, ongoing assistance to larger arts organizations that meet established criteria for artistic, organizational and financial accountability. Project grants support three types of smaller organizations: those that work on a Project-to-Project basis, new and emerging arts organizations, those undertaking special, one-time initiatives or development projects. IDEA grants encourage the development of arts programming capacity within non-arts mandated not-for-profit organizations.

**PARTICIPATION:**

Municipalities of Victoria, Saanich, Oak Bay, Esquimalt, and View Royal (Group 1 participating area) and Highlands, Metchosin, Southern Gulf Islands, and Sooke (Group 2 participating area).

**MAXIMUM LEVY:**

Greater of \$1,980,000 or \$0.102 / \$1,000 for hospital assessed values of Group 1 participating area.

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMISSION:**

Arts

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Feasibility Reserve Fund**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 21.1 Feasibility Study Reserve

**Committee:** Finance

**DEFINITION:**

Capital Regional District Bylaw No. 79 to establish a Feasibility Study Reserve Fund to be used for the possible adoption of a service.

**SERVICE DESCRIPTION:**

Funding to be used for conducting research on possible new services.

**PARTICIPATION:**

All member municipalities on the basis of converted hospital assessments. Pursuant to Section 804 of the Local Government Act in the case of feasibility studies in relation to proposed services, the costs are apportioned among the electoral areas.

**MAXIMUM LEVY:**

\$0.10/1,000 of actual assessed value of land and improvements.

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMISSION:**

**FUNDING:**

Service: 21.1 Feasibility Study Reserve

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Regional Parks**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

To establish an extended service of Regional Parks for all of the Regional District for the purpose of operating Regional Parks.  
Bylaw No. 1749 (November 1989); Amended Bylaw No. 2419 (October 1996).

Land Acquisition Fund: 2000 to 2009 Requisition increase equates to \$10 per average household each year.  
2010 increased requisition equates to \$12 per average household.  
2011-2014 increased requisition further \$2 per average household in each year.  
2015-2019 requisition equates to \$20 per average household in each year.  
2020 requisition equates to \$20 per average household in each year.  
2021-2025 increased requisition further \$1 per average household in each year

**SERVICE DESCRIPTION:**

This is a service to administer and coordinate the provision of regional parks and trails systems for residents and visitors to the Capital Region. Services include planning and developing strategies for growth and protection of parks and trails, project management of capital facilities, environmental interpretation, conservation, education, security and parks operations of all regional parks and trails. The land acquisition fund acquires regionally significant natural areas to achieve the vision for future regional parks and trails systems. Land acquisition contributes to environmental, social and economic regional sustainability.

**PARTICIPATION:**

All member municipalities and electoral areas participate.

**MAXIMUM LEVY:**

Based on converted hospital assessed values for land and improvements.

**CAPITAL BORROWING:**

|  |                      |
|--|----------------------|
| Authorized: Bylaw.4142 - Construction of E&N Trail Phase 3&4 | \$ 6,100,000         |
| Borrowed:  | \$ (6,100,000)       |
| Remaining  | <u>\$ -</u>          |
| Authorized: Bylaw.4506 - Acquiring Land for Regional Parks   | \$ 25,000,000        |
| Borrowed:  | \$ -                 |
| Remaining  | <u>\$ 25,000,000</u> |

Service: 1.280 Regional Parks

Committee: Regional Parks & Transportation

## REGIONAL PARKS - 2024 BUDGET

| REGIONAL PARKS SUMMARY |  |
|------------------------|--|
| <b>MISSION:</b>        | To establish and protect a network of regional parks in perpetuity that represent and help maintain the diverse range of natural environments and cultural heritage in the Capital Regional District. To provide opportunities for outdoor experiences and activities that foster enjoyment of and appreciation and respect for the region's natural environments. |

## REGIONAL PARKS - 2024 BUDGET

| PROGRAM: HEADQUARTERS MAINTENANCE AND EQUIPMENT |             |   |             |           |          |             |             |             |             |             |
|---|-------------|---|-------------|-----------|----------|-------------|-------------|-------------|-------------|-------------|
| DESCRIPTION:                                    |             | This program is made up of three functions: (1) headquarters maintenance, (2) vehicles and equipment (3) equipment maintenance & operations. Headquarters maintenance includes janitorial services and the maintenance of the structural components of the buildings and ancillary equipment. Vehicles and Equipment is the purchase, repair and preventative maintenance of small equipment, fleet vehicles and heavy construction equipment. Equipment maintenance & operations is the day to day project and park maintenance tasks assigned to equipment operators. |             |           |          |             |             |             |             |             |

## REGIONAL PARKS - 2024 BUDGET

|                     |   |
|---------------------|---|
| <b>PROGRAM:</b>     | <b>PARKS OPERATIONS NORTH, WEST, CENTRAL, SOUTH &amp; ADMINISTRATION</b>  |
| <b>DESCRIPTION:</b> | The CRD operates and maintains regional parks utilizing best park management practices with a focus on protecting the natural environment, culture heritage and providing outdoor recreation opportunities. The regional park system is divided into geographic areas in order to efficiently deploy operational resources. The North Service Area manages parks and trails from the souther terminus of the Lockside Regional Trail north, up the Saanich Peninsula and over to the Gulf Islands. The Central Service Area manages parks in the Highlands, the Westshore and Metchosin. The West Service Area manages all parks buffering the Greater Victoria Watershed, and West to Jordan River. South manages from the downtown core to East Sooke, including the E&N and Galoping Goose trails. |

Overall 2023 Budget Performance  
(expected variance to budget and surplus treatment)

There is an estimated one-time favourable variance of \$101,352 (0.6%) due mainly to hiring challenges of vacant positions. This variance will be moved to Capital Reserve.

**Assumptions/Background:**

- A Regional Park Land Acquisition Requisition was established in 2000 for a ten year period (2000-2009) at a rate of \$10 per average residential household assessment. In 2010, the requisition was extended for another ten years(2010-2019) at a rate of \$12 per average residential household assessment starting in 2010 and increasing by \$2 per year to a maximum of \$20 in 2015 and then remaining at this rate until 2019. Program renewed for an additional 10 year 2020-2029 at \$20 per average residential household assessment. Beginning in 2021 the rate is to increase by \$1 per year until 2025.

**Assumptions/Background:**

2026: \$20,000 to fund Visitor Survey

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Panorama Recreation**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

Service: 1.44X Panorama Recreation

Commission: Peninsula Recreation

**DEFINITION:**

To operate an ice arena, swimming pool and recreation and community use service for the Municipalities of Sidney, North Saanich and Central Saanich combined as Saanich Peninsula Recreation Service (Bylaw No. 3008 - October 9, 2002).

**SERVICE DESCRIPTION:**

This is a service for the provision of community recreation opportunities for Central Saanich, North Saanich, and Sidney through the operation, maintenance, and programming of: Panorama Recreation Centre (2 hockey arenas, 2 pools, 6 tennis courts, 2 squash courts, fitness rooms, weight room, multi-purpose rooms), Greenglade Community Centre in Sidney, Central Saanich Community and Cultural Centre and North Saanich Middle School.

**PARTICIPATION:**

50% by population and 50% on hospital assessments. North Saanich and Sidney.  
Central Saanich added as a participant in 1996, Bylaw No. 2363.

**MAXIMUM LEVY:**

The greater of \$11,220,000 or \$1.134 / \$1,000 on net taxable value of land and improvements.

**CAPITAL DEBT:**

|  |              |
|--|--------------|
| Authorized: Bylaw No. 3388 - Construction of Second Pool     | \$ 8,998,000 |
| Borrowed:  | \$ 8,998,000 |
| Remaining:   | -            |
| Authorized: Bylaw No. 4116 - Replacement of Arena Floor      | \$ 1,080,000 |
| Borrowed:  | \$ 1,080,000 |
| Remaining:   | -            |
| Authorized: Bylaw No. 4546 - Centennial Park Multi-Sport Box | \$ 2,900,000 |
| Borrowed:  | \$ -         |
| Remaining:   | \$ 2,900,000 |
| Authorized: Bylaw No. 4547 - Panorama Heat Recovery System   | \$ 2,453,000 |
| Borrowed:  | \$ -         |
| Remaining:   | \$ 2,453,000 |

**COMMISSION:**

Peninsula Recreation Commission  
Established by Bylaw # 2397 (May 1996), amended by Bylaw # 2480 (1997), Bylaw # 2759 (2000) and Bylaw # 3142 (2004).  
Originally established in 1976 (Bylaw # 314).

**FUNDING:**

Service: 1.44X Panorama Recreation

| Project Number    | 17-04   | Capital Project Title | Dessicant dehumidifier for Ice Plant | Capital Project Description | Replace Dessicant dehumidifier/socks for Ice Plant due to aging |
| Project Rationale | Unit presently serves two arenas for dehumidification. New system to be designed for independent operations and control, allowing for adjustment of each arena. JS Refrigeration has submitted their report and estimated costs with the recommendation that we proceed with the purchase of two A20 Munters unit. Units comes from the US, so currency exchange has been considered in the budget. Budget includes contingency, hazmat, placement of units at ground level and engineering support. ***2018 Update*** Project to be tied to energy recovery project to utilize rejected heat from refrigeration plant instead of Natural Gas *** 2019 Update*** awaiting energy recovery project approval. Current unit condition does not pose a high potential of failure in the 2019-2020 ice season ***2020 Update*** heat recovery project approved combining funding for this project. Approval contingent on securing a minimum of \$700k in grant funding ***2021 Update*** waiting on decision on ICIP grant ***2022 Update*** ICIP grant unsuccessful currently exploring electric dehumidification options ****2024 update***** project design has began in 2023. Completion expected in 2024 |                       |                                      |                             |   |

| Project Number    | 18-03  | Capital Project Title | DDC Replacement (direct digital controls) | Capital Project Description | Installation of new software controls, additional wiring and upgrading of present DDC controllers and hardware. |
| Project Rationale | Installation of new software controls, additional wiring and upgrading of present DDC controllers and hardware. The present DDC system were installed in 1977. The software and hardware is nearing the end of its life cycle and requires upgrades to the software and controllers in order to fully automate the facilities. Integration will tie into the new Perfect Mind software which will ensure the two systems communicate, offering seamless bookings, control the HVAC, lighting and automated building controls. Houle Electric has provided a quote for this work. This will extend the automation controls for an additional 15 years. Budget includes contingency, hazmat, other unknown costs. ***2018 update*** project to initiate after energy recovery study and/or project construction. There are likely recommendations from the study to help guide the needs of the DDC system upgrade ***2019 Update*** waiting energy recover project approval. This project should directly follow energy recovery in 2021, If energy recovery project does not move forward project should happen in 2020 ***2020 Update*** heat recovery project approved combining funding for this project. Approval contingent on securing a minimum of \$700k in grant funding ***2021 Update*** waiting on decision on ICIP grant ***2024 Update*** to begin after energy recovery |                       |   |                             |   |

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **SEAPARC**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.40X SEAPARC - Arena and Pool Facilities and Recreation

**Commission:** Sooke Electoral Area Parks & Rec

**DEFINITION:**

The service provides recreation programs and facilities under the authority of Bylaw No. 4029. This Bylaw No. 4029 was established in order to combine two Sooke and Electoral Area recreation services formerly operating under Bylaw No.152 and No.2598 respectively. Bylaw No.4029 merges the maximum requisitions from the former bylaw No.152 and No.2598 into one.

**Bylaw history for reference purposes:**

Bylaw No. 4029 (July 13, 2016; replaces Bylaw No. 152 and Bylaw No. 2598) Amended by Bylaw No. 4362 (2020)

Bylaw No. 152 (November 28, 1973); Amended Bylaw No. 195 (1975), Bylaw No. 338 (1977), Bylaw No. 412 (1977), Bylaw No. 1073 (1982), Bylaw No. 1558 (1987) and Bylaw No. 3344 (2006).

Bylaw No. 2598 (June, 1998); Amended by Bylaw No. 3345 (2006).

**SERVICE DESCRIPTION:**

A service established to provide recreational community programs, to construct, equip, operate and maintain recreation facilities including but not necessarily limited to the ice arena, the swimming pool, the golf course and multi-purpose/community use rooms, and to authorize acquisition of recreation-related real property.

**PARTICIPATION:**

The District of Sooke and the Electoral Area of Juan de Fuca (portions) are the participating area for this service. Cost appointment is 100% by population.

**MAXIMUM LEVY:**

The greater of \$5,158,000 or \$1.60/\$1000 on the net taxable value of land and improvements.

**COMMISSION:**

Sooke and Electoral Area Parks and Recreation Commission

Established by bylaw to oversee this function. (Bylaw No. 2788 - April 2000, Amended by Bylaw No. 3242 - 2004, Bylaw No. 3416 - 2007 & Bylaw 4049 - 2015).

**CAPITAL DEBT:**

Bylaw No. 4052 - \$750,000 (for DeMamie Golf Course Acquisition, \$660,000 issued).

Service: 1.40X SEAPARC - Arena and Pool Facilities and Recreation

Commission: Sooke Electoral Area Parks & Rec

Overall 2023 Budget Performance  
(expected variance to budget and surplus treatment)

There is an estimated one-time favourable variance of \$386,276 (8.4%) due mainly to increased operational revenue. This variance will be moved to Operating Reserve (\$50,000), Equipment Replacement Reserve (\$200,000) and Capital Reserve (\$ 86,276).

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Environmental Administration Services**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.575 Environmental Administration Services

**Committee:** Environmental Services

**DEFINITION:**

To provide administrative and clerical support services to the Engineering Services, Protective Programs and Environment Resource Management Divisions.

**PARTICIPATION:**

All Functions administered by Environmental Sustainability.

**MAXIMUM LEVY:**

N/A

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMISSION:**

N/A

**COST RECOVERY:**

Allocations and time charges to Engineering Services, Protective Programs and Environment Resource Management Divisions.

**OTHER:**

The Legislative and General Government requisition covers costs associated with the General Manager's services to the Board.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Environmental Protection and Water Quality**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.578 Environmental Protection

**Committee:** Environmental Services

**DEFINITION:**

To provide Protective Programs (Environmental Assessment and Regulatory Programs) relative to various Operating, Environmental and Capital programs. The cost of this function is allocated to other operating budgets and capital projects using these Services.

**SERVICE DESCRIPTION:**

The division provides scientific, technical and regulatory support to CRD services to ensure protection of human health and the environment.

**PARTICIPATION:**

Method of cost allocation is:

\* Allocation on an hourly basis for services rendered to Third Party Projects, Capital & Operating functions

**MAXIMUM LEVY:**

N/A

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMISSION:**

N/A

**COST RECOVERY:**

A mixture of allocations and time charges to Protective Programs, Partnership, Environment Resource Management, and Environmental Operations.

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:**    **3.755    Regional Source Control Program**

**Committee: Environmental Services**

**DEFINITION:**

Provides for the control of the direct or indirect discharge of contaminants into or through facilities connected to sewage facilities under the regulatory authority of the Capital Regional District. Est. Bylaw No. 2402, 1996, amended Bylaw No. 3351, December 2006.

**SERVICE DESCRIPTION:**

Source control is a waste management strategy aimed at reducing contaminants that industries, businesses, institutions and households discharge to sanitary sewers. Source control focuses on point-of-discharge reductions in contaminants in order to protect: sewage collection and treatment systems, the quality of treatment plant sewage sludge and biosolids, the marine receiving environment and public and worker health and safety.

**PARTICIPATION:**

All municipalities, electoral areas and first nations taxation areas of the Capital Regional District

**MAXIMUM LEVY:**

Greater of \$1,100,000 or \$0.037 / \$1,000 of actual assessments

**COMMITTEE:**

Environmental Services

**FUNDING:**

Requisition, permit fees and other fees

**COST APPORTIONMENT:**

- (1) Fees.
- (2) Based on annual flow of sewage among each municipal and electoral participation area into sewage facilities owned or operated by the CRD.
- (3) Remaining balance apportioned to all participating members on the basis of converted net taxable value of land and improvements.

**RESERVE FUND:**

Bylaw No. 4144 Operating Reserve Fund

|                                      | <u>Estimated Yearly Flow</u> | <u>% of Total Flows</u> |                |

**3.755 Regional Source Control Program**  
**Operating Reserve Summary**  
**2024 - 2028 Financial Plan**

**Profile**

**Regional Source Control Program**

Established by Bylaw No. 4144 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

**Operating Reserve Schedule**

| <b>Total projected year end balance</b>                      | <b>516,631</b> | <b>469,202</b> | <b>461,922</b> | <b>410,506</b> | <b>399,144</b> | <b>385,729</b> |

**Assumptions/Background:**

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Septage Disposal Agreement**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

Provision of septage disposal facilities for all areas of the Regional District and to compel persons within all or designated portions of the region to make use of any system established for the disposal of septage and to prescribe the terms and conditions from which persons make use of such system and to impose fines and penalties in respect thereof (Letters Patent - June 1, 1978).

**SERVICE DESCRIPTION:**

The service provides oversight for the contract between the CRD and SPL Wastewater Recovery Ltd.

**PARTICIPATION:**

All member municipalities except Saltspring Island and Outer Gulf Islands. Operating and debt costs not met by user charges to be recovered by requisition to all participating members based on member percentage of participant septage input. Properties located in municipalities and capable of being drained into a municipal sanitary sewer are exempt from any levy. Properties connected to a sewage collection system within an electoral area may be exempted by by-law. Annual net cost not to exceed \$0.63/1000 on taxable school assessment (excluding property that is taxable for school purposes only Special Act.)

NON-PARTICIPANT, in relation to septage, means septage originating from a municipality or electoral area which does not participate in the septage disposal function under Division XXI of the Supplementary Letters Patent of the Regional District, and as such were charged a higher tipping fee before September 1, 1996. The same tipping fee to be charged to participants and non-participants after September 1, 1996.

**COST APPORTIONMENT:**

- (1) Fees:  
 User charges permitted by Septage Processing Ltd. to its customers.  
 Mandatory Waste Tipping Fee:
- |         |                     |      |
|---------|---------------------|------|
| \$0.31  | per Imperial Gallon | 2018 |
| \$0.31  | per Imperial Gallon | 2019 |
| \$0.32  | per Imperial Gallon | 2020 |
| \$0.32  | per Imperial Gallon | 2021 |
| \$0.325 | per Imperial Gallon | 2022 |
| \$0.330 | per Imperial Gallon | 2023 |

Septage Processing Ltd. will submit to the CRD an administration fee of \$0.015 per Imperial Gallon.  
 Other wastes have different user charges.

**Service: 3.700 Septage Disposal Program**

**Committee: Core Area Liquid Waste Management**

- (2) Remaining balance apportioned to all participating members on the basis of percentage of Septage/Sewage delivered to the Septage Facility in 2021.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Millstream Site Remediation**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

Establishment Bylaw No. 3519, as amended, establishes a service for the purpose of the remediation of lands legally described as Lot A, Section 5, Range 3 West, Highland District, Plan 40349 operated as the Millstream Meadows Sewage Septage Facility (the '**Millstream Site**') and any other lands that may, now or in future, be affected by the operation of the Millstream Site as a sewage septage disposal facility.

**SERVICE DESCRIPTION:**

The service oversees the investigation and remediation of the former septage disposal site located at Millstream Meadows.

**PARTICIPATION:**

| <b>Municipality</b>         | <b>Percentage</b> |
|-----------------------------|-------------------|
| City of Colwood             | 15.67%            |
| City of Victoria            | 13.21%            |
| District of Central Saanich | 4.89%             |
| Township of Esquimalt       | 2.65%             |
| City of Langford            | 14.43%            |
| District of Saanich         | 22.19%            |
| District of Oak Bay         | 2.42%             |
| District of North Saanich   | 4.87%             |
| District of Metchosin       | 3.16%             |
| Town of Sidney              | 1.64%             |
| Town of View Royal          | 2.92%             |
| District of Highland        | 0.96%             |
| District of Sooke           | 6.93%             |
| Juan de Fuca                | 4.08%             |
|                             | 100.00%           |

**MAXIMUM LEVY:**

Greater of \$1,400,000 or the amount equal to the amount that could be raised by a property value tax rate of **\$0.021** per \$1,000 which when applied to the net taxable value of the land and improvements within the Service Area.

**MAXIMUM CAPITAL DEBT:**

|             |                                  |                         |               |
|-------------|----------------------------------|-------------------------|---------------|
| Authorized: | LA Bylaw No. 3513 (May 14, 2008) | Amended 3662 (Mar 2010) | \$7,550,000   |
| Borrowed:   | SI Bylaw No. 3547 (July 9, 2008) | 5 yr term               | (\$3,850,000) |

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **L.W.M.P On-Site Systems Management Program**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

CRD Bylaw No. 3478 (adopted March 19, 2008) establishing a service for the purpose of developing and implementing a management program for the onsite sewage systems in the service area.  
Regulation Bylaw No. 3479 approved April 9, 2008.

**SERVICE DESCRIPTION:**

To reduce the impacts of failing septic (onsite) systems on human health and the environment through education and regulatory requirements. The Onsite Sewage Management Program (OMP) includes regulatory Bylaw No. 3479, outlining pump-out and maintenance requirements for owners of onsite systems. The program monitors residential compliance with the Bylaw and focuses on education to promote awareness and understanding of onsite system maintenance and care.

**PARTICIPATION:**

The participating areas are:

|            | 2023 Budget<br>Onsite Systems | %              |
|------------|-------------------------------|----------------|
| Colwood    | 3,225                         | 43.42%         |
| Langford   | 1,882                         | 25.34%         |
| Saanich    | 2,260                         | 30.43%         |
| View Royal | 60                            | 0.81%          |
|            | <u>7,427</u>                  | <u>100.00%</u> |

Note 1: Cost apportionment based on the number of parcels having onsite disposal systems within a participating area as a percentage of the total number of parcels having onsite sewage disposal systems within the service area.

**MAXIMUM LEVY:**

Greater of \$211,070 or the amount that could be raised by a property value tax rate of \$0.008 / \$1,000 when applied to the net taxable value of land and improvements within the service area.

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMITTEE:**

Environmental Services

**FUNDING:**

Parcel tax area created by each jurisdiction apportioned among all properties other than those parcels that are not connected to an onsite sewage disposal system.

3.707 L.W.M.P. On Site Systems Management Program  
 Operating Reserve Summary  
 2024 - 2028 Financial Plan

Profile

L.W.M.P. On Site Systems Management Program

Established by Bylaw No. 4144 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

Operating Reserve Schedule

| Operating Reserve Schedule<br>Fund: 1500 Fund Center: 105526 | Estimate | Budget   |         |         |         |         |

**3.720 L.W.M.P. Peninsula**  
**Operating Reserve Summary**  
**2024 - 2028 Financial Plan**

**Profile**

**L.W.M.P. Peninsula**

Established by Bylaw No. 4144 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

**Operating Reserve Schedule**

| Operating Reserve Schedule<br>Fund: 1500 Fund Center: 105527 | Estimate       | Budget         |                |                |                |                |

**Assumptions/Background:**

Retain reserve balance for future LWMP planning projects.

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **L.W.M.P. - Core and West Shore**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:**        **3.750   L.W.M.P. - Core and West Shore**

**Committee: Core Area Liquid Waste Management**

**DEFINITION:**

To provide under authority of Trunk Sewers and Sewer Disposal Letters of Patent for the study, design, monitoring, materials acquisition, construction, equipment acquisition and all works necessary for the preparation of a Liquid Waste Management Plan and any related works within the Capital Regional District. Establishment Bylaw No. 2312 (1995), amended by Bylaw No. 3028 (2002), 3319 (2006), and 4304 (2020).

**SERVICE DESCRIPTION:**

To manage the Core Area and West Shore Liquid Waste Management Plan (CALWMP) and implement the commitments approved under the plan

- planning, siting, reporting, amendment preparation, implementation of commitments, public communications, liquid and solid resource recovery development

**PARTICIPATION:**

| % Requisition increase from 2023 (if applicable): | 3% | Requisition funding is (x)% of service revenue |
|---|----|--|

Overall 2023 Budget Performance

(expected variance to budget and surplus treatment)

Due to the increase in consulting and engineering related long-term biosolids planning, there is projected to be a one time unfavorable of \$126,940. This variance is funded by additional Permit fees revenue.

| Project Number    | 24-01   | Capital Project Title | Biosolids Advanced Thermal Pilot Demonstration Plant | Capital Project Description | Biosolids Advanced Thermal Pilot Demonstration Plant |
| Project Rationale | Under direction from the board, the CRD is pursuing a thermal pilot demonstration plant to beneficially utilize biosolids generated from the Residual Treatement Facility (RTF). Early phases of the project include staff time and consutltants required to conduct preliminary design, permitting and detail design to create a tender package. Subsequent phase will involve construction of a themal pilot demonstration plant. |                       |  |                             |  |

### **L.W.M.P. - Harbour Studies**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 3.752 L.W.M.P. - Harbour Studies

**Committee:** Core Area Liquid Waste Management

**DEFINITION:**

Core Area Liquid Waste Management Plan program - provides for the CRD to work in partnership with other agencies to protect and improve the environmental quality of Victoria and Esquimalt harbours. Establishment Bylaw No. 3743, February 16, 2011, as amended by Bylaw No. 3837 (2012).

**SERVICE DESCRIPTION:**

The service coordinates harbour environmental protection and improvement efforts among community, local governments and senior governments under the Core Area LWMP.

**PARTICIPATION:**

|                       | 2023 Allocation |
|-----------------------|-----------------|
| City of Colwood       | 6.41%           |
| City of Victoria      | 29.74%          |

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Climate Action and Adaptation**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.309 Climate Action and Adaptation

**Committee:** Environmental Services

**DEFINITION:**

Establishment Bylaw No. 3510 (Jan 2009), as amended by Bylaw No. 4058 (Feb 2016) and Bylaw No. 4468 (Jan 2022), to establish and to operate the service of regional climate action coordination, including:

- Collaboration and cooperation with members on climate action and adaptation, including carbon neutrality commitments
- Information dissemination and public education
- Seek funding from other regional levels of government to support regional climate action programs
- Monitoring and reporting on air quality, energy consumption and greenhouse gas emissions

**SERVICE DESCRIPTION:**

The service facilitates climate change action throughout the region, provides support for emission reduction and adaptation strategies to the corporation and municipal governments, and delivers outreach and education programs to the public.

**PARTICIPATION:**

All municipalities and electoral areas

**MAXIMUM LEVY:**

The greater of \$1,737,635 or \$0.0130 / \$1,000 of taxable value of land and improvements.

**MAXIMUM CAPITAL DEBT:**

N/A

**FUNDING:**

Property value tax

Cost apportionment: 50% RPS population and 50% converted assessments

|   |                                       |   |
| % Requisition increase from 2023 (if applicable): | -7%                                   | Requisition funding is (x)% of service revenue  |

**Overall 2023 Budget Performance**  
 (expected variance to budget and surplus treatment)

There is a one time favourable variance of \$140,900 (8.1%) due to savings forecasted for contract services. The estimated surplus are transferred to the operating reserve fund for the future regional retrofit, ev and other community programs and support future grant opportunities.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Sooke Stormwater Quality Management**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.531 Sooke Stormwater Quality Management

**Committee:** Environmental Services

**DEFINITION:**

To provide for the control of pollution in stormwater runoff from land. "Stormwater runoff" includes seepage, overland flow and stormwater runoff within ditches, streams, rivers, ponds, lakes and other watercourses. Work is conducted for the District of Sooke by annual letter of agreement.

**SERVICE DESCRIPTION:**

The service provides a stormwater quality program in the Sooke Electoral Area to coordinate and provide information for management of stormwater quality and surface water resources. The program identifies levels of contaminants in stormwater discharges and prioritizes the level of public health and environmental concern posed by the discharges and then works to reduce/eliminate the contaminants.

**PARTICIPATION:**

The District of Sooke.

**MAXIMUM LEVY:**

None stated

**MAXIMUM CAPITAL DEBT:**

Nil

**FUNDING:**

Requisition

**Operating Reserve Summary**  
**2024 - 2028 Financial Plan**

**Profile**

**Storm Water Quality - Sooke**

Established by Bylaw No. 4147 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue. 2024 is the next planned water quality objective sampling year during which money will be taken out of reserve. This sampling takes place every 4 years, with 3 years saving up.

## **2024 BUDGET**

### **Core and West Shore Stormwater Quality Management**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

This program coordinates the management of stormwater quality and surface water resources in cooperation with the seven core municipalities. The program includes investigations to assess shoreline discharges and contaminant sources and protect the marine environment using a watershed management planning approach. Establishment Bylaw 2567, adopted Feb 25, 1998.

**SERVICE DESCRIPTION:**

The service provides a stormwater quality program in the Core Area to coordinate the management of stormwater quality and surface water resources. The program includes investigation to assess shoreline discharges and contaminant sources and protect the marine environment using an integrated watershed management approach.

**PARTICIPATION:**

The apportionment of annual operating costs among the participants shall be on the basis of:

- one-sixth in proportion to population of the participants
- one-sixth in proportion to land area of the participants
- one-third in proportion to converted assessments of the participants
- one-third in proportion to the number of high and medium priority discharges of stormwater to the environment in the prior year within the boundaries of each of the participants, as determined by the Capital Region District Board.

The participants are:

City of Colwood  
City of Victoria  
Township of Esquimalt  
District of Langford  
District of Oak Bay  
District of Saanich  
Town of View Royal  
Esquimalt Nation  
Songhees Nation

**MAXIMUM LEVY:**

None listed in Establishing Bylaw

**COMMISSION:**

Core Area Liquid Waste Management Committee

**FUNDING:**

Requisition for Stormwater Program and Direct Agreement for coordinator for the Bowker Creek Initiative.

Overall 2023 Budget Performance

(expected variance to budget and surplus treatment)

There is a one time favourable variance of \$43,000 (5.8%) due to savings forecasted for consulting & contribution services. The estimated surplus are transferred to the operating reserve fund for the future cyclical expenditures, unforeseen operating expenses, special one-time operating projects

1.536 Stormwater Quality Management - Core  
 Operating Reserve Summary  
 2024- 2028 Financial Plan

Profile

Stormwater Quality Management - Core

Established by Bylaw No. 4147 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Saanich Peninsula - Stormwater Quality Management**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.537 Saanich Peninsula - Stormwater Quality Management

**Commission:** Saanich Peninsula Waste Water

**DEFINITION:**

Establishment Bylaw No. 3642 (2009), as amended by Bylaw No. 4141 (2017), to identify pollution in stormwater run-off from land in the service area.

**SERVICE DESCRIPTION:**

The service provides a stormwater quality program in the Saanich Peninsula to coordinate and provide information for management of stormwater quality and surface water resources. The program identifies levels of contaminants in stormwater discharges and prioritizes the level of public health and environmental concern posed by the discharges and then works to reduce/eliminate the contaminants.

**PARTICIPATION:**

Districts of Central Saanich, North Saanich and Town of Sidney.

**MAXIMUM LEVY:**

Greater of \$106,017 or \$0.0103/\$1,000 of actual assessments.

**MAXIMUM CAPITAL DEBT:**

Nil

**COMMITTEE:**

Saanich Peninsula Wastewater Commission

**FUNDING:**

The apportionment of annual operating costs among the participating areas shall be on the basis of one -sixth in proportion to the population of the participating areas, one-sixth in proportion to the land area of the participating areas, one -sixth in proportion to the length of shoreline in each of the participating areas, and one -half in proportion to the number of high and medium priority discharges of stormwater to the environment in the prior year within the boundaries of each of the participating areas, as determined by the Capital Regional District Board.

**USER CHARGE:**

N/A

**Service: 1.537 Saanich Peninsula - Stormwater Quality Management**

## **2024 BUDGET**

### **Saanich Peninsula - Source Control Stormwater**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.538 Saanich Peninsula - Source Control Stormwater

**Commission:** Saanich Peninsula Waste Water

**DEFINITION:**

To regulate, prohibit and impose requirements in respect of discharges to the municipal stormwater system and water courses  
Bylaw No. 3906 (adopted August, 2013), amended by Bylaw No. 4140 (2016).

**SERVICE DESCRIPTION:**

The service provides a regulatory stormwater source control program in the Saanich Peninsula to manage stormwater quality in the municipal drainage systems.

**PARTICIPATION:**

Districts of Central Saanich, North Saanich and Town of Sidney.

**MAXIMUM LEVY:**

Maximum Levy: Greater of \$51,715 or \$0.005/\$1,000 of actual assessments.

**MAXIMUM CAPITAL DEBT:**

Nil

**COMMITTEE:**

Saanich Peninsula Wastewater

**FUNDING:**

The annual costs for the service, net of grants and other revenues, shall be apportioned on the basis of:

- a) The population of the participating areas; and
- b) The population estimate as determined annually by the Regional Planning Services department of the Capital Regional District.

**USER CHARGE:**

N/A

**Service: 1.538 Saanich Peninsula - Source Control Stormwater**

**1.538 San Pen - Source Control Stormwater**  
**Operating Reserve Summary**  
**2024 - 2028 Financial Plan**

**Profile**

**San Pen - Source Control Stormwater**

Established by Bylaw No. 4147 to enable CRD services to set aside operating funds to cover cyclical expenditures (such as legal challenges and investigations), unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

**Operating Reserve Schedule**

# Change in Budget 2023 to 2024

Service: 1.521 & 1.525 ERM

## Total Expenditure

## Comments

### 2023 Budget

30,005,041

### Change in Salaries:

|                                  |           |   |
|----------------------------------|-----------|---|
| Base salary and benefit change   | 90,025    | Inclusive of estimated collective agreement changes |
| Step increase/paygrade change    | (114,623) | Term position ended                                 |
| 3.0 FTE Environmental Technician | 303,524   | 2024 IBC 3a-1.1: Hartland 2100                      |
| Increase in auxiliary wages      | 339,700   | 2024 IBC 3a-1.1: Hartland 2100                      |
| Other (explain as necessary)     | -         |   |

Total Change in Salaries 618,626

### Other Changes:

|                              |             |  |
|------------------------------|-------------|--|
| Standard Overhead Allocation | 992,249     | Increase in 2023 operating costs   |
| Human Resources Allocation   | 28,189      | Contribution towards 2024 Human Resources & Corporate Safety initiatives   |
| Building Occupancy           | 5,416       |  |
| Contract for Services        | 500,000     | To reflect the anticipated costs related to heavy equipment services and landfilling of standard refuse and controlled waste |
|                              | 2,803,753   | Additional costs related to curbside collection contract   |
|                              | 2,700,000   | Additional costs related to processing of materials contract   |
|                              | 250,000     | To Increase Electoral Area recycling depot funding by same ratio as curbside increases                                       |
|                              | 200,000     | To fund for 2024 one-time Raincoast Foundation testing of Tod Creek  |
|                              | (1,000,000) | Reduction for 2023 one-time costs for BC Hydro Termination   |
| Promotion                    | 521,000     | Hartland Communications Campaign, Outreach, and Education project  |
| Labour allocation            | 136,460     | Increase in Environmental Engineering & Environmental Protection Allocation  |
| Trf to Capital Reserve Fund  | 1,096,730   | To fund 2024 Capital Plan requirements   |
| Debt Servicing Expenses      | 915,612     | Additional borrowing of \$12.2m is required to fund 2024 Capital Plan requirements   |
| Other Costs                  | 207,673     |  |

Total Other Changes 9,357,082

### 2024 Budget

39,980,749

Summary of % Expense Increase

|   |              |  |
|---|--------------|--|
| 2024 Base salary and benefit change               | 0.3%         |  |
| Standard Overhead Allocation                      | 3.3%         |  |
| Balance of increase                               | 29.6%        |  |
| % expense increase from 2023:                     | <b>33.2%</b> |  |
|   |              |  |
| % Requisition increase from 2023 (if applicable): | %            | Requisition funding is (x)% of service revenue |

**Overall 2023 Budget Performance**  
(expected variance to budget and surplus treatment)

*'Overall Solid Waste Tipping Revenue for 2023 is forecasted to be higher than budget by \$4.4 million. Tipping fee revenues higher due to an increased quantity of solid waste being received. Recycling revenue for scrap metal (price fluctuates with the global commodity markets) is also higher than budgeted. Landfill Operations/Diversion Services/Energy Recovery services expenses are forecasted to be lower than budget for 2023 by \$450k. The estimated surplus will be split between the Capital Reserve Fund (\$2.4m) and the Operating Reserve Fund (\$2.4m).*

|-------------------|--|-----------------------|--|-----------------------------|--|
| Project Number    | 17-01  | Capital Project Title | Gas & Leachate Collection Pipe Extension | Capital Project Description | Gas & Leachate Collection Pipe Extension |
| Project Rationale | To meet BC Ministry of Environment regulations, gas wells and leachate collectors are installed in each lift of refuse and have to be connected to the existing header system to collect methane gas. Well heads, valves, condensation traps, monitoring points, and piping has to be installed to each gas well and leachate collector. The gas is then conveyed to the gas plant, and the leachate is conveyed to the lined storage lagoons and then discharged into the municipal sewer. Cost estimate is derived from historical construction information and includes consulting costs to layout pipe design/headers. |                       |  |                             |  |

|-------------------|--|-----------------------|---------------------------------------|-----------------------------|---------------------------------------|
| Project Number    | 17-02  | Capital Project Title | Aggregate Production for Internal Use | Capital Project Description | Aggregate Production for Internal Use |
| Project Rationale | Producing aggregate annually from in-situ rock provides the CRD with a number of benefits including: prolonging the landfill life (creating landfilling airspace), providing aggregate for on-site needs, effective interception of shallow groundwater inflows, cost and space savings by not having to import aggregate, and reduced social and environmental impacts by not having to truck in aggregate. Cost estimate is derived from historical tender data. |                       |                                       |                             |                                       |

|                   |   |                       |                                       |                             |                                       |
|-------------------|---|-----------------------|---------------------------------------|-----------------------------|---------------------------------------|
| Project Number    | 17-04   | Capital Project Title | Progressive Closure of External Faces | Capital Project Description | Progressive Closure of External Faces |
| Project Rationale | As specified under the BC Ministry of Environments Landfill Criteria for Municipal Solid Waste, completed landfill areas and slopes must be closed with a progressive closure system on an annual basis. The closure system consists of a clay or synthetic cover placed over a gravel drainage layer This progressive closure system stays in place until economies of scale makes it cost effective to proceed with installation of a final closure system. |                       |                                       |                             |                                       |

|          |       |                                   |

|-------------------|--|-----------------------|--|-----------------------------|---|
| Project Number    | 17-11  | Capital Project Title | Food Waste Transfer Station Relocation Planning & Construction | Capital Project Description | Food Waste Transfer Station Relocation Planning |
| Project Rationale | The CRD has made a commitment to Hartland Residents to move the Kitchen Scraps transfer station away from the South End of the Landfill Property to alleviate resident's nuisance concerns (noise, vector, odour etc). The Kitchen Scrap transfer station will need to move to the North End of the property when commercial traffic moves to Willis Point in 2024. This project meets an immediate and future need to relocate the Kitchen Scrap tranfer station. Phase 1 of the project will be complete in 2023 (moving the new food transfer facility). Phase 2 includes all improvements related to leachate, power, storm water, lighting, access stairs, vector control, fall protection enhancements etc. needed to support operation of the facility over the next 30+ years. This project covers the planning and construction costs related to relocating the kitchen scrap transfer station. |                       |  |                             |   |

| Project Number                                   | 17-12   | Capital Project Title | Hartland Environmental Performance Model |
| Capital Project Description                      | Hartland Environmental Performance Model  |                       |  |
| Project Rationale                                | The CRD is interested in developing a site-specific computer model that integrates engineering design with environmental performance for the Hartland Landfill. In 2016 the BC MOE made revisions to the BC Landfill Criteria. Many of Hartland's design and operations are already compliant, however a preliminary review identified additional conformance requirements for Hartland under the status quo. The model will enable the CRD to better demonstrate technical justification and environmental conformance over the lifespan of the landfill.  |                       |  |
| Project Number                                   | 17-14   | Capital Project Title | Landfill Gas Utilization                 |
| Capital Project Description                      | Landfill Gas Utilization  |                       |  |
| Project Rationale                                | The landfill gas is currently utilized as fuel to power a generator system to generate electricity and sold to BC Hydro. The excess landfill gas which is approximately 50% currently generated from the landfill is destructured by burning. ERM and EE have initiated a project to process the landfill gas to a higher quality could be utilized as natural gas. Fortis BC is interested to purchase the processed landfill gas from the CRD. The projected gas revenues from Fortis is significantly higher than the current arrangement with BC Hydro. This project is to carry out the feasibility study, preliminary engineering, and conduct business case and triple-bottom-line analysis, if the project proved to be feasible the detailed design and implementation will be followed. |                       |  |
| Project Number                                   | 18-01   | Capital Project Title | Interim Covers                           |
| Capital Project Description                      | Interim Covers - West and North Slopes  |                       |  |
| Project Rationale                                | Following Golder's Leachate Management Plan, once an active landfilling cell is completed, but hasn't reached future filling contours, tarping is required to shed rainwater and divert to the freshwater collection system to prevent it from entering the leachate collection system and overwhelming the leachate storage ponds. Cost estimate is derived from historical in-house cost data.  |                       |  |
| Project Number                                   | 18-02   | Capital Project Title | Paving of Service Roads                  |
| Capital Project Description                      | Paving of Service Roads   |                       |  |
| Project Rationale                                | To ensure compliance with BC Ministry of Environment Operating Certificate for the Hartland Landfill, continuous improvement is made to ensure nuisance dust generated at the site is minimized from operations. Repairs and new pavements are added in high traffic areas to minimize dust generation and reduce dependence on costly short term dust mitigation measures (ie. water trucks, application of lignosulfonate etc) and to improve road conditions throughout the lanfill property. Estimate is derived from historical costs.   |                       |  |

|          |       |                                   |
|----------|-------|-----------------------------------|
| Service: | 1.521 | Environmental Resource Management |
|----------|-------|-----------------------------------|

|                   |   |                       |   |                             |   |
|-------------------|---|-----------------------|---|-----------------------------|---|
| Project Number    | 18-03   | Capital Project Title | Cell 3 Bottom Lift Gas Wells / Leachate Drain | Capital Project Description | Cell 3 Bottom Lift Gas Wells / Leachate Drain |
| Project Rationale | To meet BC Ministry of Environment regulations, gas wells and leachate collectors are installed in each lift of refuse and have to be connected to the existing collection systems to collect methane gas. Well heads, valves, condensation traps, monitoring points, and piping has to be installed to each gas well and leachate collector. The gas is then conveyed to the gas plant, and the leachate is conveyed to the lined storage lagoons and then discharged into the municipal sewer. Estimate is derived from historical costs. |                       |   |                             |   |

|                   |  |                       |  |                             |  |
|-------------------|--|-----------------------|--|-----------------------------|--|
| Project Number    | 18-05  | Capital Project Title | Controlled Waste & Asbestos Area Development | Capital Project Description | Controlled Waste & Asbestos Area Development |
| Project Rationale | Controlled waste and asbestos areas within the landfill footprint are required to be developed in conjunction with active cells. BC Ministry of Environment regulatory requirements must be met on a continual basis. Asbestos is a high risk material that requires proper planning and special burial to ensure safe disposal. |                       |  |                             |  |

|                   |  |                       |                             |                             |  |
|-------------------|--|-----------------------|-----------------------------|-----------------------------|--|
| Project Number    | 22-01  | Capital Project Title | Sedimentation Pond Relining | Capital Project Description | NW Sedimentation Pond Relining & Expansion |
| Project Rationale | To prevent leakage and fines from migrating off site into the north freshwater drainage area, the sedimentation pond must be relined. In addition the sedimentation pond must be enlarged to meet MOE requirements for retaining 24 hrs of precipitation from a 100 year storm event. Finally, the sedimentation pond requires inlet valving and piping to permit flows to be diverted to the upper lagoon in the event there is an onsite spill that must be contained and diverted from fresh water courses. |                       |                             |                             |  |

|                   |   |                       |                           |                             |                           |
|-------------------|---|-----------------------|---------------------------|-----------------------------|---------------------------|
| Project Number    | 22-02   | Capital Project Title | Cell 4 Liner Installation | Capital Project Description | Cell 4 Liner Installation |
| Project Rationale | A new drainage and liner system will ensure effective removal of leachate from within the new Cell 4 area and prevent any off site migration. The liner will also include an underdrain which will relieve pore pressure and ensure fresh ground water does not contribute to ongoing leachate collection and processing. |                       |                           |                             |                           |

|                   |  |                       |                               |                             |                               |
|-------------------|--|-----------------------|-------------------------------|-----------------------------|-------------------------------|
| Project Number    | 22-03  | Capital Project Title | Leachate Line Decommissioning | Capital Project Description | Leachate Line Decommissioning |
| Project Rationale | The new Centrate Return Line built as part of the CORE Area Wastewater project carries all of the leachate from Hartland along with the planned and phased centrate from the Residuals Treatment Facility. This project has been set up to facilitate a planned and phased decommissioning of the old leachate line now that it is no longer required. |                       |                               |                             |                               |

|  |   |  |
|--|---|--|
| Service: 1.521 Environmental Resource Management |   |  |
| Project Number                                   | 22-06   | Capital Project Title Hartland FIRE Safety Improvements                |
| Project Rationale                                | Hartland has purchased a new fire pump and related components in order to mitigate risk from a major fire at the landfill. As part of the system a new fire line is required to be installed starting from near the lower lagoon and run all the way to the crest of the landfill. Phase 2 (2023) includes a means to roll/unroll 6" layflat hose, 2" firefighting hose and acts as an anchor point for the main fire line. The system will allow operations to setup the hose system near the working face to allow the fire department the best access to leachate resources to fight fires. Includes design, procurement and installation of the system. |  |
| Capital Project Description                      | Installation of new Fire Line   |  |
| Project Number                                   | 22-07   | Capital Project Title Recycling Area Upgrades                          |
| Project Rationale                                | The project has been set up to conduct a design review of the existing recycling area at Hartland and investigate changes relating to efficient accessibility due to growing public interest in the depot and to include safety considerations such as protection from the sun during hot weather.  |  |
| Capital Project Description                      | Recycling Area Upgrades   |  |
| Project Number                                   | 22-10   | Capital Project Title Storm Water Sedimentation pond Emergency Repairs |
| Project Rationale                                | Leachate has been detected getting into the fresh water sedimentation pond. This project has been set up to explore sources of contamination and make remedial works to the pond, incoming pipes and outgoing infrastructure as necessary to ensure containment of any contaminants. This project also includes the installation of any new monitoring wells, including consulting fees to locate , prove/commission and report findings/recommendations.   |  |
| Capital Project Description                      | Storm Water Sedimentation pond Emergency Repairs  |  |
| Project Number                                   | 23-02   | Capital Project Title Contractor Workshop Relocation                   |
| Project Rationale                                | The current contractors workshop is located in the future Cell 5 of the landfill and must be relocated so critical landfill infrastructure can be completed for Cell 4, 5 and 6. This project includes removal of the existing structure and reuse (if economical) in a new location adjacent to future cells so the operations contractor can conduct repairs on large landfill operations equipment (Packer, Bull-Dozer, excavators etc).   |  |
| Capital Project Description                      | Contractor Workshop Relocation  |  |
| Project Number                                   | 23-03   | Capital Project Title Cell 4, 5 & 6 gas well layout Plan               |
| Project Rationale                                | This project allows for design services to provide a conceptual layout of new gas wells in Cells 4, 5 & 6 and the tie-in to gas wells on the North Slope from Cells 2 and 3 as garbage is landfilled against the North Slope.   |  |
| Capital Project Description                      | Cell 4, 5 & 6 gas well Plan   |  |
| Project Number                                   | 23-04   | Capital Project Title North End Commercial Access Improvements         |
| Project Rationale                                | This project includes necessary improvements to ensure the North Entrance and Scales are equipped for fully automated commercial access off Willis Point Road when Cell 4 is ready for filling. Improvements include landscaping, scale house improvements, automated gates, staging lanes, card readers/scanners, RFID systems, scale safety rails, bollards, radio intercoms, sidewalks, signage, etc.  |  |
| Capital Project Description                      | North End Commercial Access Improvements  |  |

|  |  |                       |   |

| Project Number                                   | 23-05  | Capital Project Title | Existing Manual and Commercial Scale Upgrades |
| Capital Project Description                      | Existing Manual and Commercial Scale Upgrades  |                       |   |
| Project Rationale                                | The South Entrance Commercial scale approach/exit ramps are in poor condition. This project includes sawcutting and removal of old scale ramps and pouring new concrete with Rebar to eliminate further safety hazards to trucks and employees. The South Entrance Manual Scale deck is in poor condition. It requires replacement and/or major repair. This project accounts for all work that needs to be done after detailed assessment to ensure life of the existing manual and commercial scales can continue reliably for the next 20 years.  |                       |   |
| Project Number                                   | 24-01  | Capital Project Title | Cell 5&6 GRW                                  |
| Capital Project Description                      | Cell 5&6 Gravity Retaining Wall Construction   |                       |   |
| Project Rationale                                | This project will allow for the construction of a new mounded structural earth berm north of cell 1&2 at 5 corners intersection to serve as the new toe of cells 5 & 6. As part of this berm, the project includes installation of a critical sub-grade landfill leachate containment system (grout wall/curtain) and raising the clay containment berm from 130mASl to 135mASL to ensure leachate capture from future landfill cells 4, 5 & 6. The project also includes relocation of any existing infrastructure (LFG, Leachate, Water, electrical etc) that currently resides in the future footprint of the MSE berm. |                       |   |
| Project Number                                   | 24-02  | Capital Project Title | Hartland North Master Plan                    |
| Capital Project Description                      | Hartland North Master Plan   |                       |   |
| Project Rationale                                | With the recent completion of the new Residuals Treatment Facility and associated access and new scales at Hartland North, this design project will ensure that there is adequate future planning and integration with the existing landfill site  |                       |   |
| Project Number                                   | 24-03  | Capital Project Title | Hartland Amenity Project                      |
| Capital Project Description                      | Intersection Upgrade   |                       |   |
| Project Rationale                                | This project considers all road and intersection improvements necessary to move commercial access from Hartland Avenue to Willis Point Rd.   |                       |   |
| Project Number                                   | 24-04  | Capital Project Title | Biosolids Beneficial Reuse /RDF Building      |
| Capital Project Description                      | Biosolids Beneficial Reuse /RDF Building   |                       |   |
| Project Rationale                                | This project will allow for the replacement of the old biosolids storage barn with a new Sprung Structure for mixing and repurposing of dried biosolids and other refuse derived fuel generated at the Hartland site.  |                       |   |
| Project Number                                   | 24-05  | Capital Project Title | Cell 5 Liner Construction                     |
| Capital Project Description                      | Cell 5 Liner Construction  |                       |   |
| Project Rationale                                | A new drainage and liner system will ensure effective removal of leachate from within the new Cell 5 area and prevent any off site migration. The liner will also include an underdrain which will relieve pore pressure and ensure fresh ground water does not contribute to ongoing leachate collection and processing.  |                       |   |

|  |   |  |

| Service: 1.521 Environmental Resource Management |   |  |
| Project Number                                   | 24-06   | Capital Project Title Cell 1, 2 & 3 Transition Liner               |
| Capital Project Description                      | Cell 1, 2 & 3 Transition Liner  |  |
| Project Rationale                                | A new drainage and liner system will ensure effective removal of leachate above Cells 1 & 2 from garbage placed ontop of it from cells 4, 5 and 6. This liner provides continuity, separation and acts as a transition between old cells of the landfill and cells 4-6. The liner will also include an underdrain which will relieve pore pressure and ensure leachate from Cell 1, 2 & 3 can properly drain to heal basin or the upper lagoon. |  |
| Project Number                                   | 24-07   | Capital Project Title Relocation of N. Toe Road Sedimentation Pond |
| Capital Project Description                      | Relocation of N. Toe Road Sedimentation Pond  |  |
| Project Rationale                                | The North Toe Road fresh water sedimentation collection pond sits ontop of Cell 1 garbage. The future Gravity Retaining Wall will be constructed ontop of the pond so it must be relocated.   |  |
| Project Number                                   | 24-08   | Capital Project Title North End Fence Replacement                  |
| Capital Project Description                      | North & East Fence Replacement  |  |
| Project Rationale                                | The fence line from the Upper lagoon to the new RTF driveway entrance is madeup of various fencing materials. This project provides proper fencing to ensure a continuous perimeter around Hartland property.   |  |
| Project Number                                   | 24-09   | Capital Project Title Diversion Transfer Station                   |
| Capital Project Description                      | Diversion Transfer Station  |  |
| Project Rationale                                | Starting Jan 1, 2024 the landfill will ban carpet, wood and asphalt shingles. These will be mandatory recycleable materials. A new transfer depot to receive, process and ship these diverted streams to end markets is required. This project covers all equipment and capital improvements required to facilitate this service.   |  |
| Project Number                                   | 24-10   | Capital Project Title RNG Spare Parts Inventorv                    |
| Capital Project Description                      | RNG Spare Parts Inventorv   |  |
| Project Rationale                                | Upon Startup of the new LFG RNG facility, a spare parts inventory is required. Parts will be selected by HRRG and paid for by CRD for the 25 year operating agreement. This project covers the initial capital outlay for spare parts.  |  |
| Project Number                                   | 24-11   | Capital Project Title Traffic Pattern Changes - Site Signaee       |
| Capital Project Description                      | Traffic Pattern Changes - Site Signaee  |  |
| Project Rationale                                | Sitewide signage, delineators, signals, digital entrance signs and barriers required to facilitate new traffic patterns associated with relocation of Commercial traffic from Hartland Ave to Willis Point Rd, opening cell 4, relocation of the kitchen scrap transfer station and a new diversion transfer station.   |  |
| Project Number                                   | 25-01   | Capital Project Title NE & NW Aggregate Stockpile cover            |
| Capital Project Description                      | NE & NW Aggregate Stockpile cover   |  |
| Project Rationale                                | This project allows for the installation of a temporary impermeable membranes to be placed overtop the NE and NW shot-rock storage stock piles to protect the environment from minerals may runoff with precipitation.  |  |

|--|--|---|
| Service: 1.521 Environmental Resource Management |  |   |
| Project Number                                   | 25-02  | Capital Project Title North End Wheel Wash                              |
| Capital Project Description                      | North End Wheel Wash   |   |
| Project Rationale                                | This project accounts for a new commercial truck wheel wash system to be installed on the North End to ensure trucks don't track mud onto Willis Point Road.   |   |
| Project Number                                   | 25-03  | Capital Project Title Landfill Gas capture to meet New Federal          |
| Capital Project Description                      | Landfill Gas capture to meet New Federal   |   |
| Project Rationale                                | Environment & Climate Change Canada has released a proposed Landfill Methane Regulation that is expected to come into force in Q1/Q2 of 2024, with the intent of reducing fugitive landfill emissions across the country. The regulation sets thresholds for surface emissions at landfills emitting more than 10,000 tonnes of CO2e per year (Hartland exceeds this). Based on required monitoring events, any surface methane concentrations that exceed proposed levels require a corrective action plan and mitigation within a specified timeframe. Based on current surface emissions data, it is expected that Hartland will need to implement additional controls, improve gas collection, or repair infrastructure to reduce surface methane concentrations to achieve compliance with these proposed limits. |   |
| Project Number                                   | 25-04  | Capital Project Title Hartland Operating Certificate Renewal            |
| Capital Project Description                      | Hartland Operating Certificate Renewal   |   |
| Project Rationale                                | Hartland's Operating Certificate (OC) has not been modified since January 27, 2010. CRD has committed to updating its OC in light of recent MOE discussion and approval of ERM's SWMP. This project covers staff time and consultant/legal fees to assist the CRD in updating the OC with the MOE.   |   |
| Project Number                                   | 26-01  | Capital Project Title Cell 4 & 5 Bottom Lift Gas Wells / Leachate Drain |
| Capital Project Description                      | Cell 4 Bottom Lift Gas Wells / Leachate Drain  |   |
| Project Rationale                                | To meet BC Ministry of Environment regulations, gas wells and leachate collectors are installed in each lift of refuse and have to be connected to the existing collection systems to collect methane gas. Well heads, valves, condensation traps, monitoring points, and piping has to be installed to each combination gas well and leachate collector. The leachate is then conveyed to the lined storage lagoons and then discharged into the municipal sewer. Estimate is derived from historical costs.  |   |

**Assumptions/Background:**

ERF Reserve to fund replacement of computer equipment and for PERS (Priority Equipment Replacement) type equipment that lasts less than 15 years

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

**1.521 Enviromental Resource Management**  
**Capital Reserve Fund Schedule - ERM**  
**2024 - 2028 Financial Plan**

**Capital Reserve Fund Schedule - ERM**

**Capital Reserve Fund ERM - Landfill Closure Portion, Capital Reserve Portion, and Recycling Depots Portion**

**Capital Reserve Fund Schedule**

Bylaw 2164 established a Solid Waste Refuse Disposal Reserve Fund for the ERM Service (was called Solid Waste Service). There are three portions in the Reserve Fund: Landfill Closure, restricted funds to cover the liability of closing Phase 2 - 4 and post-closure maintenance. Capital Reserve is working capital and not restricted.

### **Facility Management**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.105 Facility Management

**Committee:** Finance

**DEFINITION:**

Authorized by Letters Patent as part of the provision of administrative services to the CRD Board.

**SERVICE DESCRIPTION:**

Full facility management services including administration, maintenance, technical and project management for nine facilities.

**PARTICIPATION:**

All municipalities and electoral areas on the basis of converted hospital assessed value of land and improvements.

**MAXIMUM LEVY:**

No limit

**MAXIMUM CAPITAL DEBT:**

**COMMITTEE:**

Finance

**FUNDING:**

**GENERAL INFORMATION:**

All costs are recovered from user departments and requisition.

Service: 1.105 Facility Management

Total Expenditure

Comments

2023 Budget 2,016,211

Change in Salaries:

|   |         |   |
|---|---------|---|
| Base salary and benefit change          | 42,811  | Inclusive of estimated collective agreement changes |
| Step increase/paygrade change           | 3,309   |   |
| 1.0 FTE Facilities Maintenance Worker 4 | 101,293 | IBC - 1a-2.2 Facilities Maintenance Worker 4        |
|   | 26,704  | Additional Auxilary                                 |

Total Change in Salaries 174,117

Other Changes:

|                              |          |  |
|------------------------------|----------|--|
| Standard Overhead Allocation | 698      | Increase in 2023 operating costs   |
| Human Resources Allocation   | 8,210    | Contribution towards 2024 Human Resources & Corporate Safety initiatives |
| Building Occupancy           | 4,613    |  |
| Contribution to Capital      | (50,000) | 2023 vehicle purchase  |
| Other Costs                  | (2,116)  |  |

Total Other Changes (38,595)

2024 Budget 2,151,733

Summary of % Expense Increase

|                                     |       |
|-------------------------------------|-------|
| 2024 Base salary and benefit change | 2.1%  |
| New FTE                             | 5.0%  |
| Human Resources Allocation          | 0.4%  |
| Balance of increase                 | -0.8% |
| % expense increase from 2023:       | 6.7%  |

% Requisition increase from 2023 (if applicable): 5.5% Requisition funding is 8% of service revenue

Overall 2023 Budget Performance  
(expected variance to budget and surplus treatment)

There is an estimated one-time favourable variance of \$26,770 (1.3%) due mainly to hiring challenges of vacant positions. This variance will be transferred to Operating Reserve.

## **2024 BUDGET**

### **CRD Headquarters Building**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.106 CRD Headquarter Building

**Committee:** Finance

**DEFINITION:**

Authorized by Letters Patent as part of the provision of administrative services to the CRD Board.

**PARTICIPATION:**

All municipalities and electoral areas on the basis of converted hospital assessed value of land and improvements.

**MAXIMUM LEVY:**

No limit

**MAXIMUM CAPITAL DEBT:**

**COMMITTEE:**

Finance

**FUNDING:**

All costs are recovered by building allocation from CRD user departments.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Family Court Building**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.123 Family Court Building

**Committee:** Finance

**DEFINITION:**

Supplementary Letters Patent, Division VI - Family and Children's Court, March 16, 1967. Amended September 10, 1987.

**PARTICIPATION:**

The participants in this function were Victoria, Saanich, Oak Bay and Esquimalt. Although the District is the owner on record, the facility had previously been operated by the City under an arrangement dating from a time when the CRD had no property management capability.

Since 1998, excess rental revenues may be returned to function participants through a negative requisition.

**MAXIMUM LEVY:**

N/A

**MAXIMUM CAPITAL DEBT:**

No debt shall be incurred by the Regional District for the purpose of this function other than temporary current borrowing.

**FUNDING:**

The budget provides for establishment of a reserve fund from rental revenues in order to establish a program of planned maintenance and upgrading. The facility has no debt. Costs are recovered from the tenant.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **I & I Enhancement Program**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 3.709 I & I Enhancement Program

**Committee:** Core Area Liquid Waste Management

**DEFINITION:**

The Inflow and Infiltration (I&I) Program engages with Core area and Peninsula municipalities and First Nations to identify and reduce the amount of rain and ground water that enters the sanitary sewer system

**SERVICE DESCRIPTION:**

Requirement of the Core Area Liquid Waste Management Plan (LWMP).

Primary program goals include:

- manage and/or reduce Inflow & Infiltration (I&I) and overflows in accordance with LWMP and Municipal Sewage Regulation
- minimize conveyance, treatment and disposal costs

**PARTICIPATION:**

Core Area Sewer Participants (LWMP)

**MAXIMUM LEVY:**

N/A

**MAXIMUM CAPITAL DEBT:**

N/A

**COMMITTEE:**

Core Area Liquid Waste Committee

**FUNDING:**

Funded by Core Area Wastewater Treatment Operations Budget

**3.709 - I & I ENHANCEMENT PROGRAM**
**OPERATING COSTS:**

Operating Expenditures  
Allocations  
Consultant Expenses  
Contract For Services

**TOTAL OPERATING COSTS**

\*Percentage Increase over prior year

**TOTAL COSTS**

\*Percentage Increase over prior year

Internal Recoveries

**OPERATING COSTS LESS INTERNAL RECOVERIES**

\*Percentage Increase over prior year

**FUNDING SOURCES (REVENUE)**
**Surplus / (Deficit)**

Balance C/F from Prior to Current year

TOTAL REVENUE

**REQUISITION**

\*Percentage Increase over prior year

PARTICIPANTS: Saanich, Victoria, Oak Bay, Esquimalt,  
View Royal Indian Affairs/Songhees, DND, Langford,  
Colwood

**AUTHORIZED POSITIONS:**

### Assumptions/Background:

2023 - replacement of 2 standard desktops  
 2026 - replacement of 1 ultra-portable laptop  
 2027 - replacement of 2 standard desktops  
 2028 - replacement of 1 standard desktop

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Land Banking and Housing (Regional Housing)**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

Service was established by Bylaw No. 3712 cited as "Land Assembly, Housing and Land Banking Service Establishment Bylaw No. 1, 2010". This Service provides strategic planning and administrative oversight of three functions:

- Housing Planning, Policy and Programs,
- Planning and Development, and
- the Capital Region Housing Corporation (CRHC)

**SERVICE DESCRIPTION:**

This Service empowers the CRD to undertake land assembly for the purpose of either public or private housing and to undertake the development and operation of public housing pursuant to the National and Provincial Housing Acts including all of the powers of a municipality. The Service also has the ability to take on debt to fund these activities.

The Housing Planning, Policy and Programs function receives grants from federal and provincial partner agencies, provides oversight, and deploys funds within the region. This function also administers housing affordability agreements with developers and owners in the region on behalf of municipalities.

The Planning and Development function identifies and pursues opportunities to develop or redevelop housing stock owned by the CRD/CRHC. This function receives grant and project recovery funding and prepares approved projects for implementation.

The Capital Region Housing Corporation (CRHC) is a wholly-owned subsidiary of the CRD, incorporated under authority of this Service. The CRHC owns, operates and maintains more than 1,800 affordable housing units and expects units to increase into the future with the affordable housing development plan underway for the region.

**PARTICIPATION:** All member municipalities and electoral areas based on converted hospital assessment values.

**MAXIMUM LEVY:**

Greater of \$2,423,000 or \$0.031 per \$1,000 Hospital actual assessments for land and improvements.

**MAXIMUM CAPITAL DEBT:**

## Summary of % Expense Increase

|                                     |              |
|-------------------------------------|--------------|
| 2024 Base salary and benefit change | 0.6%         |
| New salary costs                    | 6.9%         |
| New debt costs                      | 9.4%         |
| Consultancy costs                   | 1.4%         |
| Balance of increase                 | 3.0%         |
| % expense increase from 2023:       | <b>21.4%</b> |

## % Requisition increase from 2023:

**23.8%**

Requisition funding is 50% of service revenue

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

*There is an estimated one-time favourable variance of \$314,144 (10%) due mainly to higher wage and overhead recovery from Reaching Home Federal Grant (\$209k) and salary savings due to staff turnover (\$66K). Of the estimated variance, the full \$314k will be carried forward to 2024 to fund development planning consultancy work and to off-set requisition increases.*

**Assumptions/Background:**

2023: Funding for one-time post-RHFP housing programs contract and SGI housing strategy work.

2024: Funding to off-set lost RHFP admin recovery from CRHD, CRHC

2025: Funding for one-time housing development plan second year of work (2024 to be funded by 2023 surplus carry forward)

**1.310 Land Bank & Housing  
Asset and Reserve Summary  
2024-2028 Financial Plan**

**Asset Profile**

**Land Bank & Housing**

Assets held by the Land, Banking and Housing service area consist of land, 6 building units, four apartment buildings, and office equipment. The equipment replacement funds set aside are for replacement of office equipment only. The building units are currently under operating and maintenance contract and do not require ongoing capital investment. Lifecycle replacement funding has not been set aside for the buildings.

**Equipment Replacement Schedule - FC 102079**

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Regional Housing Trust Fund**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

This service was established by Bylaw No. 3266 cited as "Capital Regional District Regional Housing Trust Fund Service Establishment Bylaw No. 1, 2005". Administered by Regional Housing, per Bylaw No.3294 cited as "Capital Regional District Housing Trust Fund Commission and Administrative Bylaw No. 1, 2005".

**SERVICE DESCRIPTION:**

The function enables the CRD to provide capital funding to:

- 1) assist in the acquisition, development and retention of housing that is affordable
- 2) facilitate social and economic investment in affordable housing
- 3) assist people in core housing need
- 4) facilitate achieving the strategic directions outlined in the CRD's Regional Growth Strategy / Housing Affordability Strategy

In 2016, the CRD Board approved the development of the Regional Housing First Program (RHFP) under service 1.310 Land Banking and Housing. As borrowing is undertaken in 2024 and 2025 for the RHFP, the Regional Housing Trust Fund will be wound-down and requisition capacity transferred from service 1.311 to service 1.310 to fund RHFP debt costs.

**PARTICIPATION:**

The member municipalities of Metchosin, North Saanich, Saanich, View Royal, Victoria, Salt Spring Island (2006), Sooke (2006), Central Saanich (2007), Esquimalt (2007), Oak Bay (2008), Sidney and Southern Gulf Islands (2010), Highlands (2014) based 50% on population and 50% on converted assessments.

**MAXIMUM LEVY:**

2014: \$925,300 (Highlands joined and includes 1.0% increase for inflation)

2015: \$934,500 (includes 1.0% increase for inflation)

2016: \$953,240 (includes 2.0% increase for inflation)

2017: \$967,540 (includes 1.5% increase for inflation)

2018: \$986,890 (includes 2.0% increase for inflation)

2019: \$1,000,000 (includes 1.3% increase for inflation)

2020: \$1,000,000 (includes 0% increase for inflation)

2021: \$1,000,000 (includes 0% increase for inflation)

2022: \$1,000,000 (includes 0% increase for inflation)

2023: \$1,000,000 (includes 0% increase for inflation)

2024-2025: Due to standard two year capital development cycle, RHTF staggered program suspension will start in 2024 and the max \$1M requisition capacity transferred to CRD Regional Housing First Program (RHFP) in 2025.

**MAXIMUM CAPITAL DEBT:**

Nil

**COMMISSION:**

Regional Housing Trust Fund

**FUNDING:**

Requisition

**1.311 - REGIONAL HOUSING TRUST FUND**

## **2024 BUDGET**

### **Community Health**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.224 Community Health

**Committee:** Hospitals and Housing Committee

**SERVICE DESCRIPTION:**

Build regional capacity to improve health and well-being through outcomes monitoring (Regional Outcomes Monitoring Collaborative), designing and implementing community health and wellbeing initiatives, and policy development. Addresses homelessness by funding the Greater Victoria Coalition to End Homelessness. Responsible for the public health bylaws (i.e. Clean Air, Idling, and Tanning Bylaws) and regularly engages with Island Health to ensure bylaws remain relevant and responsive to regional public health risks.

**PARTICIPATION:**

All member municipalities and electoral areas based on converted hospital assessment values

**MAXIMUM LEVY:**

N/A

**-10.8%**

% Requisition decrease from 2023 (if applicable):

**-14.4%**

Requisition funding is 73.5% of service revenue

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

*There is an estimated one-time favourable variance of \$66,476 (9.1%) due mainly to additional unrestricted grant revenue from Island Health. This variance will be moved to Operating Reserve, which has an expected year end balance of \$82,701 before this transfer.*

## Operating Reserve Schedule

**Operating Reserve Fund:** 1.224 Community Health

Established by Bylaw No. 4521, Bylaw No. 4102 Amendment No. 3 2022 to enable CRD services to set aside operating funds to cover cyclical expenditures, unforeseen operating expenses, special one-time operating projects, as well as to mitigate fluctuations in revenue.

## Reserve Schedule

### Reserve Fund: 1.025 Corporate Emergency - Equipment Replacement Fund

- Capital Regional District Equipment Replacement Fund (ERF) was established in 1991 under Bylaw No. 945. This is a reserve fund pursuant to the provisions of Section 378(c) of the Municipal Act to be known as the "Equipment Replacement Fund"
- The monies in this reserve fund shall be expended only for the purchase of machinery and equipment.
- Monies set aside shall be deposited under separate account in the bank and until required to be used may be invested in the manner provided by Section 364(2) of the Municipal Act.
- User departments of the Capital Regional District vehicles and equipment may be charged for depreciation of their machinery and equipment and the amount of such depreciation shall be transferred to the equipment replacement fund.
- ERF Group: CRPEMERGE.ERF

## **2024 BUDGET**

### **Regional Emergency Program Support**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

An information and resource management system to coordinate with local emergency programs in support of local authorities and strengthen the capacity to manage a multi-jurisdictional emergency event or regional disaster.

**SERVICE DESCRIPTION:**

Under Bylaw 3530, this service was established in 2008 to provide an information and resource management system to coordinate with local emergency programs in support of local authorities and strengthen the capacity to manage a multi-jurisdictional emergency event or regional disaster.

This service also supports two advisory commissions, the Local Government Emergency Program Advisory Commission (LGEPAC – Bylaw 3531), consisting of municipal and electoral area representatives and the Regional Emergency Coordinators Advisory Commission (RECAC – Bylaw 3566), consisting of government, NGOs, education, utility and health representatives.

**PARTICIPATION:**

All municipalities and electoral areas.

**FUNDING:**

Requisition

**1.374 - Regional Emergency Program Support**

### Assumptions/Background:

\* Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Hazardous Material Incident Response**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.375 Hazardous Material Incident Response

**Committee:** Planning, Transportation & Protective Services

**DEFINITION:**

A service of preparation for a hazardous materials emergency and providing for a system of response to hazardous material emergency incidents in the Capital Regional District. Established by Bylaw No. 3322 (2006).

**SERVICE DESCRIPTION:**

This regional emergency response service was established in 2006 under Bylaw 3322. The service provides immediate response to hazardous spills or emergencies within the CRD.

The program provides a high level of professional expertise by providing specialized training and equipment to firefighters throughout the CRD to support the response by local fire departments to these events.

**PARTICIPATION:**

Electoral Area's of Juan de Fuca, Salt Spring Island and Southern Gulf Islands, the municipalities of North Saanich, Sidney, Central Saanich, Saanich, Victoria, Oak Bay, Esquimalt, View Royal, Colwood, Langford, Highlands, Metchosin, Sooke, and Tsawout and Songhees First Nations.

**MAXIMUM LEVY:**

Greater of \$400,000 or \$0.007 / \$1,000

**FUNDING:**

Requisition

| Interest Income*         |                | 4,200     |         |         |        |        |        |
| Ending Balance \$        |                | 28,453    | 21,853  | 20,603  | 23,183 | 29,808 | 40,644 |

### Assumptions/Background:

\*Interest should be included in determining the estimated ending balance for the current year. Interest in planning years nets against inflation which is not included.

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **911 Call Answer**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.911 911 Call Answer

**Committee:** Planning, Transportation & Protective Services

**DEFINITION:**

To finance, install, operate and maintain a 911 Emergency Response Telephone Service within all or part of the participating member municipalities, all Electoral Areas, and the Tsawout and Songhees First Nations (CRD Bylaw No. 2468 "Emergency Response Extended Service Establishment Bylaw No. 1, 1997").

**SERVICE DESCRIPTION:**

To finance, install, operate and maintain a 911 emergency response telephone service within all or part of the Capital Region, and to provide primary call answer services (PSAP) at the Emergency Communications Vancouver Island Centre in Saanich operated by E-Comm.

**PARTICIPATION:**

On the basis of population as determined annually by the Regional Planning Services Department of the Capital Regional District.

**MAXIMUM LEVY:**

No stated limit in establishment bylaw on operating costs (limited by Municipal Act).

**FUNDING:**

Requisition, 911 call levy, and lease revenue

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **913 Fire Dispatch**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

To provide emergency communication dispatch service to participating member municipalities and all Electoral Areas.

CRD Bylaw No. 3854 "Emergency Communication Dispatch Service Establishment Bylaw No.1, 2012". Adopted December 12th, 2012.

CRD Bylaw No. 4426 " Emergency Communication Dispatch Service Establishment Bylaw No.1, 2012, Amendment Bylaw No.1, 2021". Adopted July 14th, 2021

CRD Bylaw No. 4502 " Emergency Communication Dispatch Service Establishment Bylaw No.1, 2012, Amendment Bylaw No.2, 2022". Adopted February 8th, 2023

**SERVICE DESCRIPTION:**

The service has historically funded a contract with City of Langford to provide the dispatch service.

The City of Langford has withdrawn from participation in the service, effective January 01, 2022 through Bylaw No. 4426.

CRD has entered into the new contract with the District of Saanich to provide the dispatch service in replacement of City of Langford as service provider.

**PARTICIPATION:**

City of Langford (remove as of January 2022), District of Metchosin, District of Highland, District of Sooke, Juan de Fuca, Salt Spring Island and Southern Gulf Island

**COST APPORTIONMENT:**

Effective January 1st, 2023, the net annual cost attributable to this service shall be apportioned among the participating municipalities and electoral areas on the basis of their usage as indicated by call volume. Call volume, for the purpose of this section, is the number of calls for service attributed to the individual participant as determined annually by the Capital Regional District. The annual call volume will be determined for budgeting purposes using the last full year's call statistics as recorded by the dispatch service provider. (Bylaw No. 4502, an amend to cost apportionment of "The Emergency Communication Dispatch Service Establishment Bylaw No. 1, 2012", Bylaw No. 3854).

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Regional CREST Contribution**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.921 Regional CREST Contribution

**Committee:** Planning, Transportation & Protective Services

**DEFINITION:**

To collect funding for the RCMP Dispatch area's share of costs in the regional emergency communications network (CREST).

**PARTICIPATION:**

On the basis of population as determined annually by the Regional Planning Services Department of the Capital Regional District.

**MAXIMUM LEVY:**

No stated limit in establishment bylaw on operating costs (Limited by Municipal Act).

**Funding:**

Requisition

**Change in Budget 2023 to 2024**  
**Service: 1.921 Regional CREST**

**Total Expenditure**

**Comments**

**2023 Budget**

**1,790,531**

**Other Changes:**

2024 Contribution to CREST-Regional  
 Other Costs

120,477  
 -

Increase in 2024 contribution to CREST as per new agreement - pending CRD Board approval

Total Other Changes

120,477

**2024 Budget**

**1,911,008**

Summary of % Expense Change

2024 Contribution to CREST

6.7%

Balance of change

0.0%

% expense increase from 2023:

**6.7%**

% Requisition increase from 2023 (if applicable):

**8.5%**

Requisition funding is 96.1% of service revenue

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

*There is an estimated one-time unfavourable variance of \$23,714 (1.3%) due to new contract agreement with CREST, which results in higher contributions in 2023. This variance will be carried over to 2024 to be recovered by requisition.*

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Animal Care Services**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.313 Animal Care Services

**Committee:** Planning and Protective Services

**DEFINITION:**

Care of domestic animals within all electoral areas of the Regional District (Letters Patent - February 16, 1979). We provide service to the three electoral areas as well as Sidney, Saanich, Central Saanich, North Saanich, Highlands, View Royal, Colwood, Langford, Sooke, Metchosin, the Pauquachin, Songhees and Tsawout First nations. We also provide pound keeping services to Saanich. Sooke, Metchosin and Highlands are charged as if they were part of the service provided to the Electoral Areas. All other participants are levied by contract.

**SERVICE DESCRIPTION:**

Enforces the Animal Control Bylaw for three Electoral Areas, 10 Municipalities, and 3 First Nations. Also provides Pound Service for the District of Saanich and the areas listed above. Ensures public safety with person/animal contacts, quick return of lost animals, investigations or animal/person public education, re-homing of animals, quality care of animals.

**PARTICIPATION:**

All Electoral Areas on basis of school assessments (excluding property that is taxable for school purposes only by Special Act).

**MAXIMUM LEVY:**

None stated.

**FUNDING:**

Sale of services, licences and dog tags, plus requisition

| Balance of change               | -0.2%       |
| % expense increase from 2023:   | <b>4.4%</b> |

|                                   |             |   |
|-----------------------------------|-------------|---|
| % Requisition increase from 2023: | <b>3.5%</b> | Requisition funding is 27.4% of service revenue |
|-----------------------------------|-------------|---|

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

Revenues are projected at \$50,244 (3.0%) higher than budget mainly due to higher sales and service fees. Operating costs are projected at \$55,334 (3.3%) higher than budget mainly due to higher auxiliary wages and benefits, uniforms and legal services. Therefore, there is an estimated one-time unfavourable variance of \$5,090 (0.3%). This variance will be recovered by reduction of transferred to Operating Reserve, which has an expected year end balance of \$84,753 before this transfer.

| Project Number   | 23-01 | Capital Project Title | Computer Replacements | Capital Project Description | Replacement of computer equipment |
| Project Rationale Replace computers as required and requested by IT. |       |                       |                       |                             |                                   |

|   |       |                       |                      |                             |   |
|---|-------|-----------------------|----------------------|-----------------------------|---|
| Project Number  | 23-02 | Capital Project Title | Vehicle Replacements | Capital Project Description | Replacement of vehicles (shared with Bylaw) |
| Project Rationale To replace vehicles used for Animal Control and Bylaw Enforcement. Current vehicles have more than 170,000km and do not meet the expectations to perform the duties required. These vehicles are required for daily use to perform the duties the CRD is contracted for. Replacement of vehicles with newer models will also eliminate the need to replace every two years and will be better suited to transport the volume of animals required. |       |                       |                      |                             |   |

|   |       |                       |                            |                             |                                      |
|---|-------|-----------------------|----------------------------|-----------------------------|--------------------------------------|
| Project Number  | 23-03 | Capital Project Title | Animal Shelter Improvement | Capital Project Description | Updating CRD Animal Shelter Facility |
| Project Rationale Create new reception area at front of Animal Shelter to ensure public are not entering the areas where animals are kept for the safety of the customers and welfare of the animals, provides Officers their own entrance to bring in lost or injured animals. New signage required to identify property and building from a busy highway and ensure they all meet corporate standards. Addition of cat impound room as current impound room will be changed into the front reception area as it is located at the front of the building. Painting of cement floors in building, painting of all spaces and new additions. Upgrade to outside dog area, addition of environment enriching activities and tasks to keep dogs properly exercised, metal pergola and cement picnic table for dog exercise area which creates shade for animals and a meet and greet area for potential animal adoptions, upgrade from current gravel to a rubber or turf on part of area with activities. Repair of fencing surrounding building and addition of entrance gate to back area off the side of the building for deliveries and adding an additional exit from the building in case of emergency. Mural for front of animal shelter with dedication to the bequeathment donor. Wired in generator to furnace and electrical in case of loss of power, to maintain heating and air flow for the animals. |       |                       |                            |                             |                                      |

|  |       |                       |   |                             |  |
|--|-------|-----------------------|---|-----------------------------|--|
| Project Number   | 23-04 | Capital Project Title | On-Line Payment Portal for Dog Licences | Capital Project Description | Purchase of Tempest on-line payment portal for CRD Dog Licence |
| Project Rationale Purchase of Tempest online dog licence port for payment of CRD Dog Licences on-line resulting in reduction of phone calls, in-person and by mail renewals, resulting in efficiency, more up-to-date information and less staff time and resources. |       |                       |   |                             |  |

Service: 1.313 Animal Care Services

Project Number 23-05

Capital Project Title Network Upgrade and Security

Capital Project Description Network Upgrade and addition of Security Cameras at CRD Animal Shelter

**Project Rationale** Animal Shelter network requires upgrade to allow wifi, a faster connection and Cisco phones, currently no option for wifi, connection is poor when it rains or snows, staff are unable to be integrated into the Cisco phone system with current connectivity. Once upgraded addition of Cisco phones, security cameras for security, tv display to monitor for safety of staff and lone worker checks.

Project Number 23-06

Capital Project Title Outreach

Capital Project Description Implementing and enhancing Outreach programs

**Project Rationale** Enhancement of Petiquette Program to include updated and new information regarding dog parks, dangerous dogs, responsible pet ownership, animal care, licencing and community involvement. Enhancement of Emergency Preparedness for Pets, information, outreach and develop more detailed CRD Grab 'n Go Bags for Pets. Addition of community outreach programs as well as training for outside agencies on how to deal with problem pets. Development of CRD Pets App - app designed by CRD staff that allows users to post their lost animal or found animal. Users would create a profile for their pet and if it becomes lost, they can choose an option to post 'lost' and drop a GIS pin where their pet was lost, all other users with the app will be notified and your dog could be returned to you in a timely fashion. Various volunteers are managing something similar by Facebook. The CRD would be the hub of where all lost and found pets are posted, which in turn will increase the numbers and rate of animals returned to their owners. In addition, the App will have a section for rules regarding dogs in all CRD Parks as well as municipal parks, can use CRD GIS to find areas that are off-leash, dog licence fees, leash laws per municipality and likes to the 13 municipal Animal Control Bylaws, CRD could use all to send out notifications regarding algae bloom so that dog owners don't allow their pets to drink the water at that CRD Regional Park etc.

Project Number 23-07

Capital Project Title Vehicle Replacements/Upgrades

Capital Project Description Replacement and upgrades of vehicles

**Project Rationale** To replace vehicles used for Animal Care at the CRD Animal Shelter as well as upgrading through replacement of current Animal Control vehicles. Current vehicles have more than 170,000km and do not meet the expectations to perform the duties required. Vehicles needs to be replaced sooner than the ERF allows to ensure all vehicles meet the expectations of the duties required. These vehicles are required for daily use to perform the duties the CRD is contracted for. Replacement of vehicles with newer models will also eliminate the need to replace every two years and will be better suited to transport the volume of animals required.

### Assumptions/Background:

Maintain level sufficient to fund required vehicle and computer replacements

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **ByLaw Services**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.323 Bylaw Services

**Committee:** Planning and Protective Services

**DEFINITION:**

To provide Bylaw enforcement to functions of the Capital Regional District as required. The cost of this service is reallocated to functions that use Bylaw enforcement services, such as Regional Parks, Noise Control, Nuisances & Unsightly Premises, and others.

**SERVICE DESCRIPTION:**

Respond to complaints, seek voluntary compliance and use regulatory and legal enforcement options to enforce bylaws in the three electoral areas for Noise, Nuisance and Unsightly Premises as well as Soil Deposit and Removal in the JdF EA.

Bylaw Enforcement services in Metchosin and the Highlands by contract.

Enforce bylaws for internal customers including Hartland Landfill, Environmental Services, Integrated Water, Parks, Community Planning, Building Inspection and Vancouver Island Health Authority.

**PARTICIPATION:**

Method of cost allocation on the basis of prior year's estimated usage.

**MAXIMUM LEVY:**

None stated.

**FUNDING:**

Functions within the CRD that use Bylaw enforcement.

**1.323 - Bylaw Enforcement**

### Assumptions/Background:

Maintain level sufficient to fund required vehicle and computer replacements

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Traffic Safety**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.230 Traffic Safety

**Committee:** Traffic Safety

**DEFINITION:**

To establish a Traffic Safety Commission as an extended service to participants.  
Establishment Bylaw No. 1828 (1990), Bylaw No. 1921 (1991), No. 3614 (2009), and No. 4166 (2017).

**SERVICE DESCRIPTION:**

This service provides funding and support for the Traffic Safety Commission, a CRD commission that advises the CRD Board on Traffic Safety problems and puts in place applicable Traffic Safety Programs. Representatives from about 14 organizations concerned with traffic safety, such as the BC Ambulance Service, make up the commission. This service primarily provides funding for advertising which is generally leveraged, resulting in about \$3 worth of advertising for every \$1 actually spent.

**PARTICIPATION:**

Participating municipalities and electoral areas on the basis of converted hospital assessment value of land and improvements.

**MAXIMUM LEVY:**

None stated

**MAXIMUM CAPITAL DEBT:**

# **CAPITAL REGIONAL DISTRICT**

## **2024 BUDGET**

### **Regional Planning Services**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**DEFINITION:**

Regional Planning includes two service functions:

Regional Information – which maintains a regional information base and perspective on population, employment, economic development and land use trends. The service provides regional, sub-regional and municipal statistics, trend analysis and research tools to member municipalities and a wide variety of public, private and community clientele.

Regional Transportation – manages and applies the regional transportation model. The service analyzes the impacts of actual and projected changes to the transportation system and conducts/commissions transportation-related studies and reports. Regional transportation provides advice and information to the CRD Board, other departments and other jurisdictions on policies and issues related to the Regional Transportation Plan.

**SERVICE DESCRIPTION:**

Regional Planning provides information and planning services including regional, sub-regional and municipal statistics, trend analysis, transportation, policy development, planning and modeling. The information also assists in preparation of indicators relating to the annual legislative reporting requirement for the Regional Growth Strategy and as an information base for the development of municipal and electoral area official community plans. The information and analysis also supports the regional transportation and urban growth models and assists municipalities and local and regional agencies in their planning work.

**PARTICIPATION:**

All member municipalities (Central Saanich; Colwood; Esquimalt; Highlands; Langford; Metchosin; North Saanich; Oak Bay; Saanich; Sidney; Sooke; Victoria; View Royal) and Electoral Areas within the CRD (Juan de Fuca, Southern Gulf Islands, Salt Spring Island).

| <b>% Requisition increase from 2023 (if applicable):</b> | <b>3.5%</b>  | Requisition funding is 59.5% of service revenue |

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

Revenues are projected at \$600,000 (38.6%) higher than budget due to one-time \$600,000 unplanned grant received for 2024 IBC-Island Corridor project. Operating costs are projected at \$539,720 (34.8%) higher than budget mainly due to the net impact of lower wages and benefits, training and development and printing costs, and one-time \$600,000 (grant received) transfer to the Operating Reserve Fund. Therefore, there is an estimated one-time favourable variance of \$60,280 (3.9%). \$10,280 will be transferred to Equipment Replacement Reserve, which has an expected year end balance of \$246,956 before this transfer. The remaining \$50,000 will be transferred to the Operating Reserve, which has an expected year end balance of \$2,172,384 before this transfer.

| Project Number    | 23-01  | Capital Project Title | Eco-Counter Replacement | Capital Project Description | Replacement of bike and pedestrian counters owned by CRD across the region |
| Project Rationale | The Data Review Implementation program oversaw the installation of 30 on-trail bike and pedestrian counters across the region. Data from the counters is published to a website daily and is used to inform policy. The CRD transferred ownership of 16 counters to third-parties. The remaining counters will start reaching end of life starting in 2028 and will have to be replaced. |                       |                         |                             |  |

## **2024 Budget**

### **Regional Growth Strategy**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

**Service:** 1.330 Regional Growth Strategy

**Committee:** Planning and Protective Services

**DEFINITION:**

This service is responsible for developing, coordinating, monitoring and updating the Regional Growth Strategy (RGS). The service includes providing advice and information to the CRD Board and other departments on policies and issues related to the RGS including the ongoing monitoring of its implementation. The Regional Growth Strategy is contained within CRD Bylaw No.4017 (Adopted March 2018).

**SERVICE DESCRIPTION:**

The Regional Growth Strategy/Sustainability service is responsible for developing, coordinating, monitoring and updating the Regional Growth Strategy (RGS) pursuant to the legislative provisions of the *Local Government Act*. The RGS is contained within CRD Bylaw No.4017 (adopted March 2018). The service administers the RGS through the review and reporting on municipal regional context statements, assessment of compliance of regional district bylaws, and providing advice and information to the CRD Board and other departments on policies and issues related to the RGS including the ongoing monitoring of its implementation.

**PARTICIPATION:**

All member municipalities (Central Saanich; Colwood; Esquimalt; Highlands; Langford; Metchosin; North Saanich; Oak Bay; Saanich; Sidney; Sooke; Victoria; View Royal) and the Juan de Fuca Electoral Area.

**Overall 2023 Budget Performance**

(expected variance to budget and surplus treatment)

Operating costs are projected at \$79,825 (-19.2%) lower than budget mainly due to a vacant Research Planner position, and lower meeting and legal expenses. The \$79,825 favourable variance will be transferred to the Operating Reserve Fund, which has an expected year end balance of \$1,712,111 before this transfer.

## **2024 BUDGET**

### **Regional Water Supply**

#### **COMMITTEE OF THE WHOLE**

OCTOBER 2023

Service: 2.670

**Regional Water Supply**

Commission: Regional Water Supply

**DEFINITION:**

To finance, install, operate and maintain a water supply local service in the Capital Regional District, as per the Water Supply Local Service Establishment Bylaw No. 2537.

The establishment and operation of a Regional Water Supply Commission is done by Bylaw No. 2539.

**SERVICE DESCRIPTION:**

Regional Water Supply is responsible for the water supply, treatment and transmission system for the Greater Victoria region, providing wholesale water to municipalities that operate municipal distribution systems. The service administration and operation is provided by the Integrated Water Services Department.

**PARTICIPATION:**

City of Victoria  
District of Oak Bay  
District of Saanich  
Township of Esquimalt  
District of Central Saanich

Town of Sidney  
District of North Saanich  
Town of View Royal  
City of Colwood  
City of Langford

District of Metchosin  
District of Sooke  
Juan de Fuca Electoral Area  
District of Highlands

**MAXIMUM LEVY:**

No stated limit in establishment bylaw and no ability to requisition.

**MAXIMUM CAPITAL DEBT:**

|             |   |      |               |

**Overall 2023 Budget Performance**  
(expected variance to budget and surplus treatment)

*Favourable water sales variance of \$1.9m (5%) due to higher than budgeted water demand largely a result of dry summer weather. This additional revenue is partially offset by Agricultural Subsidy exceeding budget by \$150k, and operational costs exceeding budget in the following areas: wages and benefits (\$200k) and chemical supplies (\$160k). The net surplus of \$1.4m will be transferred to the service's Water Capital Fund.*
