**REPORT TO CEDARS OF TUAM WATER SERVICE COMMISSION  
MEETING OF MONDAY, OCTOBER 20, 2014**

---

**SUBJECT**    **2015 OPERATING AND CAPITAL BUDGET**

**ISSUE**

This report provides an estimated to actual for the 2014 budget and a synopsis of the 2015 budget, highlighting significant proposed changes related to operational expenditures, debt charges, capital expenditures and revenues.

**BACKGROUND**

**2014 Estimated Revenue and Operating Expenditures**

The estimated actual operating costs are projected to be **\$608** under budget as a result of the following:

1. Lower than budgeted expenditures for:
  - a. Supplies (\$40)
  - b. Labour charges (\$2,835)
  - c. Other operating costs (\$143)
  
2. Higher than budgeted expenditures for:
  - a. Repairs and maintenance (\$2,160) mainly for the cost of installing the gate and fencing.
  - b. Electricity (\$250)

The estimated actual operating revenue is projected to be approximately **\$188** under budget due to lower water consumption and other income.

This results in a projected year-end surplus of **\$420**. It is proposed that the projected year-end surplus be carried forward as revenue in 2015.

**2015 Operating Budget**

An increase of **\$362** (1.6%) in the 2015 operating costs are proposed as a result of the following:

- Increase of \$40 in water testing expenditures
- Increase of \$10 in electricity expenditures
- Increase of \$325 in labour charges
- Decrease of \$23 in other operating expenditures.

2015 Debt/ Reserves

2015 Maintenance Reserves:

Currently the service does not contribute to a maintenance reserve fund.

2015 Capital Reserve Fund:

It is proposed that the transfer to the capital reserve fund decrease from \$350 to \$310. However, it is recommended that the committee consider increasing this contribution.

The capital reserve fund balance at the end of 2014 is projected to be **\$10,467**.

MFA Debt:

It is proposed that the 2015 debt servicing expenditures remain unchanged at \$1,610. The debt will be fully paid by the end of 2018.

2015 Revenue (Parcel Tax and User Charges)

It is proposed that:

- water sales be reduced from \$1,600 to \$1,500. This amount is based on water sale rates set at \$0.90/m<sup>3</sup> for the first 38m<sup>3</sup> and \$7.70/m<sup>3</sup> for consumption over 38m<sup>3</sup> per billing period. The rates remain unchanged from 2014.
- the user charge be increased from \$21,978 to \$23,530. This is a result of a projected lower surplus carry forward in 2015 than 2014; based on 16 connections equals \$1,470.63.
- other revenue be increased from \$260 to \$440.

There is no parcel tax for the service.

2015-2019 Five Year Capital Plan

The estimated cost of the planned capital projects for 2015 is \$23,100 and include the following works:

1. Completion of a strategic asset management plan, replacing existing pump system with new equipment to enable full SCADA function (remote monitoring and control of chlorine residual concentration).
2. Negotiating an improved road access statutory right-of-way (SROW). The current access to the reservoir is impassable due to steep grades and an irrigation pond.
3. Registering a SROW to provide maintenance access to a new well site on School District No. 64 property.

## **RECOMMENDATION**

That the Cedars of Tuam Water Service Commission recommends that the CRD Board:

1. Approve the 2015 operating and capital budget for the Cedars of Tuam Water Service as presented;
2. Authorize the 2015 fixed annual user charge of \$1,470.63 and consumption charge rate of \$0.90/m<sup>3</sup> for the first 38m<sup>3</sup> and \$7.70/m<sup>3</sup> for consumption over 38m<sup>3</sup> per billing period; and
3. Balance the 2014 actual revenue and expenditures on the 2015 transfer to capital reserves.
