3. Report of the Chair

The Vice Chair chaired the meeting and reported that:

- With the staffing of the Core Area Wastewater Treatment Project Team (the Project Team), the Project Board is relying more on staff to deliver reports and guide recommendations.
- He noted that Item 5.1 is being presented via PowerPoint presentation (on file) which will form part of the report of the Chair. The presentation will be posted to the public website.

4. Presentations/Delegations

There were none.

5. Project Board Business

5.1. Summary Report from the Project Director and Deputy Project Director (*presentation*)

- 5.1.1. Harbour Resource Partners Discussions (*presentation slide no. 2*)
Staff continue to work with Harbour Resource Partners (HRP) on the early works agreement and a staff report will be brought to the Project Board.
- 5.1.2. Land Use Permitting (*presentation slide no. 3*)
- 5.1.2.1. Township of Esquimalt Initiated Rezoning/Amenities and Development Permit Application
- The Vice Chair noted that Chair Bird received a letter from Esquimalt outlining a milestone schedule to close on February 27, everything is on target for this date. The Project Team and Board are entering into a public engagement process over the next couple of weeks.
- 5.1.2.2. Clover Point Rezoning Application
- The Vice Chair advised that this process is proceeding with several meetings having taken place with residents and a further community meeting scheduled. The Project Team is taking care to fully understand the concerns of the residents and the needs of the City of Victoria.
- 5.1.3. Geotechnical testing work (*presentation slide no. 4*)
- The Project Director advised that drilling began at McLoughlin Point sites today, to further geotechnical investigations in support of final design. Notification was provided to all parties, both the Province and the Department of National Defense have responded noting that they are pleased with the progress.
- 5.1.4. First Nations engagement (*presentation slide no. 5*)
- The Vice Chair advised that discussions with both the Songhees and Esquimalt First Nations are ongoing. There is a protocol underway that will maintain a well understood approach to relations and communications ensuring a strong relationship.
- 5.1.5. Stakeholder and Community Outreach (*presentation slide no. 6*)
- The Vice Chair advised that the Project Team will be developing a stakeholder engagement plan. The plan will include engaging the community around Hartland regarding the Residuals Treatment Centre and other communities around the conveyance projects.
- 5.1.6. Funding Agreements with Senior Governments (*presentation slide no. 7*)
- The Vice Chair advised that the Project Board is targeting for approval of Agreements by January 31 and that draft agreements should be in this week for review. The execution of the Agreements will be prior to the Development Permit (DP) being signed on February 27 and funding is reliant on the DP being in place, therefore funding will not be received until then.

5.1.7. Budget update (*presentation slide no. 8*)

The Project and Deputy Project Directors summarized the slide noting that the budget reflects November 30 as month-end as financial year-end processes are currently ongoing.

Discussion ensued and the following was noted:

- There are sufficient funds to carry the Project Team to the end of January
- The Project Team is to include a clear understanding of the Project Management Office (PMO) budget and forecast in its budget presentation to the Project Board

5.1.8. Schedule update

5.1.8.1. Key milestones (*presentation slide no. 9*)

The Vice Chair noted that there are many Milestones but are focusing currently on those up to the end of March 2017.

Discussion ensued and the following was noted:

- The geotechnical work has begun and will continue for 5 days.
- HRP has provided their design.
- The DP submission to Esquimalt is on schedule.
- The Project Management Team is to ensure that a schedule accompanies the PMO Budget.

5.1.8.2. Risks/challenges (*presentation slide no. 10*)

The Vice Chair noted that the Project Team is working to manage risks, land use has been the biggest challenge thus far. The Project Board continues to work on this and is also working toward the February 27 finalization of zoning and the DP and can then move to construction.

5.2. Board Compensation

Director Lapham put forward the following motion:
