
**REPORT TO CORE AREA LIQUID WASTE MANAGEMENT COMMITTEE
MEETING OF WEDNESDAY, 22 NOVEMBER 2006**

SUBJECT **SOURCE CONTROL LOCAL SERVICE ESTABLISHMENT BYLAW – AMENDMENT
BYLAW NO. 3351**

PURPOSE

To ensure that there is fair cost apportionment for the services of the Regional Source Control program (RSCP).

BACKGROUND

The RSCP is in place to reduce the amount of contaminants that industries, commercial businesses, institutions and households discharge to sanitary sewers. The program protects sewage collection and treatment infrastructure, biosolids quality, human health and the environment. RSCP services include business inspections, outreach and enforcement, residential education and development of pollution prevention strategies, such as codes of practice for specific business sectors. The program applies to all sewered areas that discharge into sewage facilities owned or operated by the Capital Regional District (CRD). This ensures that there is a level playing field regarding RSCP requirements for all dischargers.

The RSCP applies to the planned Dockside Green development. Dockside Green has indicated that it supports the RSCP and its application to the development.

The cost of the RSCP is partly recovered by requisition on the basis of each participant's annual sewage flows as specified by CRD Bylaw No. 2402, the Source Control Local Service Establishment Bylaw. A small change to the existing bylaw wording is required to include sewage flows from developments, such as Dockside Green, in the CRD requisition to municipalities. Staff have prepared Bylaw No. 3351, "Source Control Local Service Establishment Bylaw No. 1, 1996, Amendment Bylaw No. 2, 2006" (attached as Appendix A) in order to make this change.

ALTERNATIVES

1. Approve Bylaw No. 3351, "Source Control Local Service Establishment Bylaw No. 1, 1996, Amendment Bylaw No. 2, 2006."
2. Do not approve Amendment Bylaw No. 3351.

FINANCIAL IMPLICATIONS

No financial implications to the CRD. If Amendment Bylaw No. 3351 is approved, flow from developments such as Dockside Green will be included in the CRD requisition to the City of Victoria and cost for the services of the RSCP will be fairly apportioned.

SUMMARY/CONCLUSIONS

The cost of RSCP services is partly recovered by requisition as specified by Bylaw No. 2402, the Source Control Local Service Establishment Bylaw. To maintain a level playing field regarding fair apportionment of costs of providing services within developments, such as Dockside Green, the Source Control Local Service Establishment Bylaw requires amendment.

RECOMMENDATIONS

That the Core Area Liquid Waste Management committee recommend to the Board that:

1. Bylaw No. 3351, "Source Control Local Service Establishment Bylaw No. 1, 1996, Amendment Bylaw No. 2, 2006," be introduced and read a first time, read a second time and read a third time; and
2. a copy of this report be forwarded to the Environment committee, Saanich Peninsula Wastewater committee, Ganges Sewer Local Service committee, the Highland Water and Sewer Local Services committee, the Magic Lake Estates Water and Sewer Local Services committee and the Port Renfrew Utility Services committee for information.

CAPITAL REGIONAL DISTRICT

BYLAW NO. 3351

A BYLAW TO AMEND BYLAW NO. 2402 "SOURCE CONTROL LOCAL SERVICE ESTABLISHMENT BYLAW NO. 1, 1996"

WHEREAS:

- A. Under Bylaw 2402, "Source Control Local Service Establishment Bylaw No. 1, 1996", the Regional Board established a local service for the control of the direct or indirect discharge of contaminants into or through facilities connected to sewage facilities under the regulatory authority of the Capital Regional District;
- B. The Regional Board wishes to amend Establishment Bylaw 2402, under Section 802 (1) (a) of the *Local Government Act*, for the purpose of including discharges from privately operated sewers or other facilities that have connections to Capital Regional District sewage facilities;
- C. The Regional Board, under Section 801 (4) of the *Local Government Act*, has passed a resolution by two-thirds of the votes cast to permit participating area approval to be obtained for the entire service area; and
- D. The Regional Board has obtained the assent of the electors by alternative approval process under Section 801.3 of the *Local Government Act*.

NOW THEREFORE the Board of the Capital Regional District, in open meeting assembled, enacts as follows:

- 1. Bylaw No. 2402, "Source Control Local Service Establishment Bylaw No. 1, 1996" is hereby amended by:
 - (a) deleting Section 5 and replacing it with the following:

"The portion of the annual cost attributable to this local service to be collected under Section 4(b) above, shall be apportioned among each municipal participating area and each electoral area sewer service area based on the ratio of the total annual flow from all municipal participating areas and electoral area sewer service areas into:

 - (i) sewage facilities owned or operated by or on behalf of the Capital Regional District; or
 - (ii) a sewer or other facilities that are connected to sewage facilities owned or operated by or on behalf of the Capital Regional District".
- 2. This bylaw may be cited as "Source Control Local Service Establishment Bylaw No. 1, 1996, Amendment Bylaw No. 2, 2006".
