

**REPORT TO CORE AREA LIQUID WASTE MANAGEMENT COMMITTEE
MEETING OF WEDNESDAY, 23 APRIL 2008**

SUBJECT **APPOINTMENTS UNDER SECTION 29 OF THE ENVIRONMENTAL MANAGEMENT ACT**

PURPOSE

To update appointments under the *Environmental Management Act* (EMA).

BACKGROUND

Appointments of municipal sewage control officer(s), deputy sewage control manager(s) and the sewage control manager are made by the Board under the EMA. Such appointments provide Capital Regional District (CRD) Environmental Services department staff with the authority to regulate non-domestic waste discharges to sanitary sewers in accordance with the CRD Sewer Use Bylaw and manage the disposal of septage generated in the CRD under the CRD Septage Disposal Bylaw. The types of activities authorized for appointed staff include: inspection of properties, collection of information, licensing, sampling and enforcement of bylaw provisions.

Updates to these appointments have become necessary due to recent hiring, retirements and other staff changes. These updates are made by rescinding the current staff appointments (Appendix A) and adopting the new staff appointments (Appendix B).

ALTERNATIVES

There are no alternatives.

FINANCIAL IMPLICATIONS

Not applicable.

SUMMARY/CONCLUSIONS

The appointment of new Environmental Services department staff members under the EMA is necessary to provide timely and consistent legal authority for staff to carry out inspections, collect information and enforce the provisions of the CRD Sewer Use and Septage Disposal bylaws.

RECOMMENDATIONS

That the Core Area Liquid Waste Management committee recommend to the Board that:

1. the appointments outlined in Appendix A be rescinded; and
2. the CRD Environmental Services department staff listed in Appendix B be appointed to the positions indicated under Section 29 of the *Environmental Management Act*.
