Subject: East Sooke APC 31 March: allowing 2 storeys on accessory buildings

I write to ask that the East Sooke APC table the proposed amendment to bylaw 2040 until the community has discussed the matter as part of the current OCP revision. Allowing two storeys, changing the definition of "height", and expanding the zoning where accessory buildings are permitted are significant changes that should be considered *after* the OCP has received and incorporated community input. Furthermore, such changes should go forward only after being assessed in light of the RGS, not before.

Thank you for your attention.
