MESSAGE: RE: BOARD OF VARIANCE APPLICATION FOR 6598 BAIRD ROAD, PORT  
RENFREW, BC.

MEETING: AUGUST 24, 2015 AT 6:00 P.M. FILE :BV000438

We do not have much to say about the short setback measurement as it is really pointing to the highway department end. However, we are a little concerned about the log barrier on that property. We are thinking that a property approved installed fence will look a lot more appropriate, especially with the newly built Chalets in the area.

Thanking your Department for the notification of this special meeting.
