This is regarding Development Variance Permit application for Lot A Section 1 Township 11, Renfrew district Plan VIP85252.

My only concern is with the flooding on Harris Cove Road during the winter.

Can the CRD on this development see to it the MoT&I will properly ditch the north side of the property or at least repave Harris Cove Road to raise the level of the road so it doesn't flood every day it rains hard.

Thank you

Tammy Erickson.
