**Subject:** JDF ALR Policy BRD05

I request that the LUC give serious consideration to seeking community comment on ALR applications after staff review and before forwarding the proposal to the ALC. ( [https://www.crd.bc.ca/docs/default-source/crd-document-library/committeedocuments/juandefucalandusecommittee/20201020/2020-10-20agenda.pdf?sfvrsn=e450c5cc\\_2](https://www.crd.bc.ca/docs/default-source/crd-document-library/committeedocuments/juandefucalandusecommittee/20201020/2020-10-20agenda.pdf?sfvrsn=e450c5cc_2), after Procedure, step 4).

The appeal of streamlining administration is obvious, but eliminating early local input is likely eliminate local knowledge of the relevant conditions, and early consultation would offer the LUC more nuanced information. At a time when local land use and food supply chains are of critical importance, I ask that you consult the community on the disposition of land that can support local agriculture.

Concerning the Evaluation Criteria, 18f, I believe that provincial legislation outlines the landscaping and buffering.

Thank you for your attention. Take good care of yourselves.
