

Making a difference...together

Agenda Item #11
REPORT #RWSC 2008 - 09

**REPORT TO THE REGIONAL WATER SUPPLY COMMISSION
MEETING OF WEDNESDAY, 21 MAY 2008**

SUBJECT 2007 ANNUAL OVERVIEW OF GREATER VICTORIA'S DRINKING WATER QUALITY

PURPOSE

Provide information on the quality of drinking water in the Greater Victoria Drinking Water System in 2007.

BACKGROUND

Each year, as part of the formal data reporting structure currently in place, Water Quality Division staff prepare annual summaries of the data collected on the quality of Greater Victoria's drinking water. These reports are sent to individual water suppliers, the Chief Medical Health Officer and, by regulation, are made available to the public. The reports are posted at <http://www.crd.bc.ca/water/waterquality/annualreports.htm> on the CRD website.

The water quality data that was collected in 2007 is summarized in three data tables that are posted on the CRD website at <http://www.crd.bc.ca/water/waterquality/datatables.htm> .

RECOMMENDATION

That the Regional Water Supply Commission receive the staff report for information.

Maria Roxborough
Laboratory Manager, Water Quality

J. A. (Jack) Hull, MBA, P. Eng.
General Manager, Water Services

Stewart Irwin
Senior Manager, Water Quality
