SCHEDULE C

CAPITAL REGIONAL DISTRICT

**BYLAW NO. 3061
WATER CONSERVATION BYLAW**

ENFORCEMENT POLICY

A. Background

Bylaw 3061 is enforceable under section 3(4);

No person, being an Owner or Occupier of property in the Municipality, shall use Water or cause Water to be used contrary to the provisions of this bylaw in effect at the time of use.

B. Policy

Water Use Restrictions will be set as per Bylaw 3061 Schedule "A" Outdoor Water Use Restriction Stages.

C. Purpose

The goal of enforcement is to encourage voluntary compliance with the bylaw. The level of enforcement will be directly related to the level of response received from the community as defined by Section B of this policy, and an assessment of response based on actual consumption compared to the target daily consumption will be conducted on a daily basis during the period when restrictions are in force.

D. Procedure

In general the level of enforcement will be in keeping with the level of response in achieving the target daily water consumption levels. The daily target for each month will be published in the local media along with the previous day's consumption. If target consumption is not being met, enforcement efforts will increase.

The following general approach will be used:

First Notice of Complaint

When a person is observed by CRD Water Staff or Bylaw Enforcement Officers or reported by the public to be committing a violation of the Bylaw for the first time when restrictions are in effect a written warning will be issued including information on the Bylaw.

Second and Subsequent Violations.

If second and subsequent violations of the bylaw are reported or observed when restrictions are in effect a Bylaw Enforcement Officer will investigate. The Officer may issue either a warning or a fine. In determining the appropriate action the Officer will consider the following factors: culpability of the violator; seriousness of the violation; likelihood that the violator will re-offend.

Notwithstanding the above, when a person is observed by CRD staff or agency on their behalf or by a Bylaw Enforcement Officer or reported by the public to be committing a violation of the bylaw, a Bylaw Enforcement Officer will investigate. The Officer may issue a warning, fine, or summons the offender directly to court. In determining the appropriate action the Officer will consider the following factors: culpability of the violation; seriousness of the violation; likelihood that the violator will re-offend; whether the violator has previously offended.
