

**REPORT TO STICKS ALLISON WATER LOCAL SERVICE COMMITTEE
MEETING OF WEDNESDAY, FEBRUARY 14, 2024**

SUBJECT Project and Operations Update - February 2024

ISSUE SUMMARY

To provide the Sticks Allison Water Local Service Committee with capital project status reports and operational updates.

BACKGROUND

The Sticks Allison Water System is located on the north shore of Galiano Island in the Southern Gulf Islands Electoral Area and provides drinking water to approximately 37 customers. Capital Regional District (CRD) Integrated Water Services is responsible for the overall operation of the water system with day-to-day operation, design and construction of water system facilities provided by the CRD Infrastructure Engineering and Operations Division. The quality of drinking water provided to customers in the Sticks Allison Water System is overseen by the CRD Water Quality Section.

CAPITAL PROJECT UPDATE

22-01 | Service Line Replacement (Provisional)

Project Description: Provisional account available to replace failed/leaking water service lines if/when required.

Project Rationale: Funds are required to be available to address potential water service leaks promptly if identified. This funding is considered provisional and will only be utilized if leaks are identified.

Project Update and Milestones:

Milestone	Completion Date
Operations will utilize funds to replace failed or leaking service lines.	As and when needed basis

OPERATIONAL UPDATE

This is an operational update reporting period from October 2023 through January 2024.

- Danger tree removed near the wellhouse/water treatment facility in December by Galiano Tree Services. A large arbutus tree leaning directly over the facility although healthy, was deemed to be a high risk for the service.
- Wellhouse/water treatment facility access road maintenance. Gravel installed to improve safe accessibility to site.
