All committee members and resource agency representatives also introduced themselves.

3. Resource Agencies

M. Golden and G. Magee provided an update on the Mobile Youth Services Team.

Discussion ensued regarding:

- There is a large number of youth being groomed for gangs from the mainland. It is happening in all school districts. There are no boundaries. The MYST team is being flooded by calls from parents who want help. Parental education is critical in helping these individuals navigate their feelings of helplessness. More staff is required for this kind of work in addition to all else facing the region's one team. It is a massive task. Prevention is key. Malls have been a concern as targets for exploitation. Youth identified as gay on social media are being targeted by predators.

- G. Magee is working on a report for VFCYJC. C. Day offered to help with this report. She can share what was presented at the Union of BC Municipalities Conference and advocate C. Peters to create action items for municipalities.
- The Chair encouraged VFCYJC Members to take this information back to their Councils and School Boards.
- Communications Chair J. Bateman shared that on the VFCYJC website there is a history of M.Y.S.T. advocacy.
