

# Community Need

2022 Summary

## Health Facilities

### Strategy

#### Target Outcome

We envision effectively contributing to improved community health and well-being.

#### Strategic Context

##### Strategies

- [Regional Housing Affordability Strategy](#)
- [Regional Growth Strategy](#)

##### Trends, risks and issues

- The CRHD has begun the community engagement, demolition, and planning for the redevelopment of Oak Bay Lodge. This is a high priority project in the Capital Region.
- A land acquisition is underway at Royal Bay for the development of a future designated Health facility in partnership with Island Health. This is an exciting upcoming initiative and the planning work is underway in partnership with Island Health.
- There are continued investments needed for health facility upgrades, replacement and/or expansion projects, as well as medical equipment throughout the capital region.
- At the same time, future needs have been identified for which strategies will have to be developed and implementation planning undertaken. This includes the following:
  - The Board has identified a need to explore designated health facilities in Sooke, on the Saanich Peninsula, or in the Westshore.
  - Island Health has identified primary, community, and long-term care as priorities and a major focus. This includes both replacement and new beds in long-term care.
- The division needs to be able to respond to emerging opportunities, such as developing existing land holdings and new strategic land acquisition, for future health-related facilities in order to meet future demands across the region.
