ADDENDUM NO. 2

to the

INVITATION TO TENDER DOCUMENTS for

SUPPLY, DELIVERY AND TESTING OF GRANULAR ACTIVATED CARBON

CONTRACT 2017-264

To All Respondents:

October 31, 2017

The following changes, additions, and/or deletions are hereby made a part of the Contract Documents for Capital Regional District, Supply, Delivery and Testing of Granular Activated Carbon, Contract 2017-264 as fully and completely as if the same were fully set forth therein:

Question 1. We are looking for details on delivery of material and timelines. As per our understanding, all required material shall be shipped to CRD single site and local delivery to all other sites shall be taken care by CRD itself based upon the demand? If not, please share the local shipping details to each site and so the individual delivery schedule.

Answer 1. There are two delivery sites, one on the Saanich Peninsula for GAC for this area, which will be to the Saanich Peninsula Wastewater Treatment Plant. For the Core Area Sewer, which is all other areas will be at this time to the Macaulay Wastewater Pump Station. From these two sites the CRD Operations will dispense the material.

End of addendum.
