Photocopy this record and pack in your own emergency bag. You may need this information to prove ownership. Keep the original and your Pet First Aid Kit in your pet's Grab N' Go Bag.

BASIC PET FIRST AID KIT

Choose a sturdy, water resistant container.

- Hand sanitizer and at least 6 pairs of latex gloves
- Anything rigid to use as a splint to protect a bone injury from further damage
- Rectal digital thermometer, Vaseline, alcohol wipes
- Cold pack; hydrogen peroxide; antiseptic cream; cornstarch for bleeding nails
- Scissors, 8 10x10 sterile pads, rolled gauze, self-adhering wrap, duct tape etc
- Pet First Aid booklet

Congratulations! Your Basic Pet First Aid Kit is current and packed!

Use this page to print or attach a clear photo of you with your pet.

GRAB N' GO BAG

The next step is to pack a Grab N' Go Bag. This convenient bag will ensure fast escape from your home and necessary items for your pet and Emergency Personnel. Label the exterior of this bag with your and your pet's name. Pack the items in this order:

- Grooming supplies, chew or throw toy, and a towel/ blanket with your scent on it
- Your basic pet first aid kit; include anything rigid to use as a splint
- 14 day ration of food (pack canned food to decrease water intake or if you feed raw)
- Can opener, a plastic lid to keep unused food fresh and 2 bowls
- 7 litres of fresh water (will vary depending on your pet)
- 2 sturdy 6' leashes; flat buckle collar or harness (legibly note your & your pet's name)
- Consult your Vet for pain/ diarrhea/ antihistamine meds; **note dosage** for your pet
- Current vaccination record, and 30 day supply of ongoing medication; **note dosage**
- Remember to pack poop bags!
- Keep this information sheet easily accessible in your pet's Grab N' Go Bag
- Store your Grab N' Go Bag in your small-pet crate or with a collapsible large crate

Rotate medication, food and water every three months:
