EXECUTIVE SUMMARY	III
BOWKER CREEK WATERSHED MANAGEMENT PLAN (2003) VISION.....	III
2003 WATERSHED MANAGEMENT PLAN GOALS	III
GLOSSARY	IV
1.0 INTRODUCTION	1
1.1 BACKGROUND	1
1.2 DESCRIPTION OF THE WATERSHED	1
1.3 SCOPE OF THE STUDY	2
1.4 PROJECT TEAM	4
1.5 REPORT FORMAT	4
2.0 DEVELOPMENT OF THE BOWKER CREEK BLUEPRINT	5
2.1 INTEGRATING FACTORS IN WATERSHED MANAGEMENT	5
2.2 DATA COLLECTION AND ANALYSIS	5
2.3 DEVELOPING RECOMMENDATIONS FOR THE CREEK CORRIDOR AND THE WHOLE WATERSHED	6
2.4 PUBLIC CONSULTATION	6
3.0 WATERSHED ISSUES, VISION, GOALS, AND OBJECTIVES	7
3.1 ISSUES.....	7
3.2 VISION, GOALS AND OBJECTIVES	7
The Bowker Creek Watershed Management Plan Vision	7
The Bowker Creek Watershed Management Plan Goals and Objectives	7
3.3 A 100-YEAR VISION FOR THE BOWKER CREEK WATERSHED	7
4.0 PRINCIPLES AND ACTIONS FOR WATERSHED MANAGEMENT—SUMMARY.....	10
4.1 PRINCIPLES	10
1. Use creek-friendly management approaches wherever possible.....	10
2. Adopt requirements to reduce effective impervious area for new developments	10
3. Construct infiltration and retention features in boulevards	11
4. Incorporate Bowker Creek goals into municipal plans	11
5. Maintain effective communication of the Bowker Creek vision, goals, and actions.....	11
6. Plant trees and shrubs and protect existing trees.....	11
7. Purchase and protect key land in the watershed.....	12
8. Incorporate proposed greenways into land use planning	12
9. Include climate change adaptation and mitigation in all activities	12
4.2 DETAILED WATERSHED MANAGEMENT ACTIONS.....	12
5.0 ACTIONS TO IMPROVE THE CREEK CORRIDOR—SUMMARY	15
5.1 CURRENT CREEK CORRIDOR	15
5.2 ENVISIONING THE FUTURE OF THE CREEK CORRIDOR.....	15
6.0 KEY ACTIONS FOR SHORT-TERM IMPLEMENTATION.....	21
6.1 TEN KEY ACTIONS FOR SHORT-TERM IMPLEMENTATION.....	21
1. Review and revise municipal plans to include Bowker Creek goals and actions	21
2. Adopt requirements to reduce effective impervious area for new developments	21
3. Remove specific invasive species beginning to colonize the watershed	21

4. Complete a pilot project to locate and build a demonstration rainwater infiltration/retention structure in each municipality	21
5. Support development of an urban forest strategy in Oak Bay to complement those underway in Saanich and Victoria	22
6. Develop a strategy to acquire key properties as they come available	22
7. Work with Oak Bay High School to design and implement creek restoration on school district property	22
8. Participate in the Shelbourne Valley Action Plan process to identify current and future opportunities for creek restoration, rainwater infiltration, and/or greenway development	22
9. Work with creek-side landowners between Pearl and Trent Streets to achieve the long-term vision	22
10. Continue with restoration at Browning Park	22
7.0 MONITORING PROGRAM	23
7.1 MONITORING VARIABLES	23
A. Watershed Wide Monitoring Variables	23
B. Creek Corridor Monitoring Variables.....	23
C. Water and Sediment Quality Variables.....	24
7.2 MONITORING FREQUENCY	24
7.3 BASELINE CONDITIONS, 2009.....	24
A. Watershed Wide Monitoring Variables Results	24
B. Creek Corridor Variables Results	25
C. Water and Sediment Quality Results.....	28
8.0 REFERENCES.....	29
APPENDIX A—ACTIONS FOR WATERSHED MANAGEMENT.....	31
RATING CRITERIA	31
GOALS ADDRESSED BY THE ACTION	31
LEAD AGENCY (SUPPORTING ORGANIZATIONS).....	31
TYPE	31
FUNDING SOURCE	31
PRIORITY	31
ACTION LIST FOR WATERSHED MANAGEMENT	32
APPENDIX B—ACTIONS TO IMPROVE THE CREEK CORRIDOR	35
REACH NUMBERS.....	35
ACTION NUMBERS.....	35
RATING CRITERIA	35
GOALS ADDRESSED BY THE ACTION	35
LEAD AGENCY (SUPPORTING ORGANIZATIONS).....	35
TYPE	35
FUNDING SOURCE	35
PRIORITY	35
CHARACTERISTICS OF BOWKER CREEK REACHES	36
REACH 1: MONTEITH STREET TO CREEK MOUTH.....	38
Action List for Reach 1: Monteith Street to creek mouth.....	39
REACH 2: ANN STREET TO MONTEITH STREET	40
Action List for Reach 2: St. Ann Street to Monteith Street.....	41
REACH 3: DOWNSTREAM OF OAK BAY TENNIS BUBBLE TO ST. ANN STREET	42
Action List for Reach 3: Downstream of Oak Bay tennis bubble to St. Ann Street.....	43
REACH 4: OAK BAY TENNIS BUBBLE	44

Action List for Reach 4: Oak Bay tennis bubble	45
REACH 5: CADBORO BAY ROAD TO OAK BAY RECREATION CENTRE	46
Action List for Reach 5: Cadboro Bay Road to Oak Bay Recreation Centre.....	47
REACH 6: TRENT STREET TO CADBORO BAY ROAD	48
Action List for Reach 6: Trent Street to Cadboro Bay Road	49
REACH 7: RICHMOND ROAD TO TRENT STREET.....	50
Action List for Reach 7: Richmond Road to Trent Street	51
REACH 8: NEWTON STREET TO RICHMOND ROAD	52
Action List for Reach 8: Newton Street to Richmond Road	53
REACH 9: PEARL STREET TO NEWTON STREET.....	54
Action List for Reach 9: Pearl Street to Newton Street.....	55
REACH 10: CLAWTHORPE AVENUE TO PEARL STREET.....	56
Action List for Reach 10: Clawthorpe Avenue to Pearl Street	57
REACH 11: NORTH DAIRY ROAD TO CLAWTHORPE AVENUE	58
Action List for Reach 11: North Dairy Road to Clawthorpe Avenue	59
REACH 12: KNIGHT AVENUE TO NORTH DAIRY ROAD	60
Action List for Reach 12: Knight Avenue to North Dairy Road	61
REACH 13: GARNET ROAD TO KNIGHT AVENUE.....	62
Action List for Reach 13: Garnet Road to Knight Avenue.....	63
REACH 14: GORDON HEAD ROAD TO GARNET ROAD.....	64
Action List for Reach 14: Gordon Head Road to Garnet Road	65
REACH 15: THE UNIVERSITY CLUB OF VICTORIA (THE HEADWATERS) TO GORDON HEAD ROAD.....	66
Action List for Reach 15: The University Club of Victoria (the headwaters) to Gordon Head Road.....	67
REACH 16: CEDAR HILL RECREATION CENTRE TO CLAWTHORPE AVENUE	68
Action List for Reach 16: Cedar Hill Recreation Centre to Clawthorpe Avenue (Tributary).....	69
REACH 17: CEDAR HILL RECREATION CENTRE AND CEDAR HILL GOLF COURSE (TRIBUTARY).....	70
Action List for Reach 17: Cedar Hill Recreation Centre and Cedar Hill Golf Course (Tributary)	71
APPENDIX C—BOWKER CREEK CHANNEL RESTORATION NEEDS AND PRESCRIPTIONS	73
INTRODUCTION.....	73
GENERAL RESTORATION RECOMMENDATIONS.....	73
REACH SUMMARIES AND PRESCRIPTIONS	74
Reach 1A.....	74
Reach 1B.....	76
Reach 1C.....	78
Reach 3A.....	80
Reach 3B.....	82
Reach 5A.....	83
Reach 5B.....	84
Reach 7A.....	86
Reach 7B.....	90
Reach 9.....	92
Reach 12A.....	94
Reach 12B.....	96
Reach 15A.....	98
Reach 15B.....	100
Reach 15C.....	102
Reach 17A.....	104
Reach 17B.....	106

APPENDIX C-1: RECOMMENDED PLANT SPECIES FOR RIPARIAN RESTORATION PROJECTS ON BOWKER CREEK	108
APPENDIX C-2: COMMON AND LATIN NAMES FOR COMMONLY-OCCURRING BOWKER CREEK RIPARIAN VEGETATION	109

APPENDIX D—METHODOLOGY OF THE BLUEPRINT MONITORING PROGRAM..... 111

WATERSHED WIDE VARIABLES METHODOLOGIES	111
1. Watershed Health Tracking System	111
2. Urban Tree Cover (% of watershed).....	116
CREEK CORRIDOR VARIABLES	116
3. Creek length above ground.....	116
4. Restoration of open creek sections	116
5. Length of greenway developed	116
WATER AND SEDIMENT QUALITY VARIABLES	116
6. Water and Sediment Quality.....	116
