INDEPENDENT AUDITORS' REPORT

To the Chair and Directors of the Capital Regional District

We have audited the accompanying consolidated financial statements of the Capital Regional District, which comprise the consolidated statement of financial position as at December 31, 2014, the consolidated statements of operations, change in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Capital Regional District as at December 31, 2014, and its consolidated results of operations, its consolidated change in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

General

The Capital Regional District was incorporated by Letters Patent under the provisions of the British Columbia Local Government Act.

1. SIGNIFICANT ACCOUNTING POLICIES

a. BRITISH COLUMBIA REGIONAL DISTRICTS

The consolidated financial statements of the Capital Regional District (the District) are prepared by management in accordance with Canadian public sector accounting standards for local governments and regional districts as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. The resources and operation of the District are segregated into various funds for accounting and financial reporting purposes, each being treated as a separate entity with responsibility for the stewardship of the assets allocated to it. Transactions between funds are recorded as interfund transfers and are eliminated upon consolidation into these consolidated financial statements.

b. BASIS OF CONSOLIDATION

The consolidated financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity. The reporting entity is comprised of all organizations, committees, and commissions accountable for the administration of their financial affairs and resources to the District and which are owned or controlled by the District. All transactions and balances between these entities have been eliminated on consolidation.

c. BASIS OF ACCOUNTING

The District follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

d. TAXATION

Each Municipality and Electoral Area within the District is requisitioned for their portion of each service in which they participate. These funds are then levied by the Municipalities and the Province (for Electoral Areas) to individual taxpayers and turned over to the District by August 1 of each year.

e. INTEREST

The District follows the practice of investing individually significant unspent funds within individual funds. Interest earned is allocated on the basis of actual earnings from the specific instruments.

Excess funds or temporary borrowings of all functions are pooled and interest income or expense is allocated to the individual functions on a monthly basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

1. SIGNIFICANT ACCOUNTING POLICIES continued

f. GOVERNMENT TRANSFERS

Government transfers without stipulations restricting their use are recognized in the financial statements as revenues in the period in which the transfers are authorized, any eligibility criteria are met, and reasonable estimates of the amounts can be made. Government transfers with stipulations restricting their use are recognized in the financial statements as revenues in the period in which the eligible expenditures are incurred, providing they are authorized and eligibility criteria are met.

g. DEFERRED REVENUE

Deferred revenues represent licenses, permits, and other restricted contributions and revenues which have been collected, but for which the related services or inspections have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed.

h. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include short-term highly liquid investments with a term to maturity of less than 90 days at acquisition.

i. INVESTMENTS

Investments consist of bond, intermediate and money market funds, and term deposits and have costs equal to market value. They have stated interest rates of 1.43% to 3.15% and various maturity dates to December 31, 2015.

j. LONG-TERM DEBT

Long-term debt is recorded net of repayment and actuarial adjustments.

k. EMPLOYEE FUTURE BENEFITS

- i. The District and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred.
- ii. Sick leave and other benefits are also available to the District's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligations under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

1. SIGNIFICANT ACCOUNTING POLICIES continued

I. LANDFILL LIABILITY

The liability for closure of operational sites and post-closure care has been recognized based on estimated future expenses, estimated inflation and the usage of the site's capacity during the year. The change in this liability during the year is recorded as a charge to operations. These estimates are reviewed and adjusted annually.

m. NON-FINANCIAL ASSETS

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i. Tangible Capital Assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land and the landfill site, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Engineering Structures	20 to 100 Years
Buildings	20 to 50 Years
Machinery and equipment	5 to 20 Years
Vehicles	8 to 15 Years
Other Assets	5 to 25 Years

The landfill site is amortized using the units of production method based upon capacity used during the year.

Amortization is charged annually, including in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

ii. Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

1. SIGNIFICANT ACCOUNTING POLICIES continued

m. NON-FINANCIAL ASSETS continued

iii. Works of Art and Cultural and Historic Assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

iv. Interest Capitalization

The District does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

v. Leased Tangible Capital Assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vi. Inventories of Supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

n. USE OF ESTIMATES

The preparation of financial statements in conforming with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating provisions for accrued liabilities, landfill liability, useful lives of tangible capital assets and in performing actuarial valuations of employee future benefits. Actual results could differ from these estimates.

o. SEGMENTED INFORMATION

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the standard. The District has provided definitions of the District's segments as well as presented financial information in segmented format in Note 18.

The District reports the total principal and interest payments collected from member municipalities of \$7,951,314 (2013 - \$6,462,593) and \$6,095,348 (2013 - \$7,234,539) respectively as expenses in Other Fiscal Services and revenue in Conditional Transfers from Government. Debt incurred on behalf of member municipalities is also presented as a receivable from member municipalities on the statement of financial position in the amount of \$146,141,001 (2013 - \$116,253,708).

4. DEBT RESERVE FUND

The MFA provides capital financing for regional districts and their member municipalities. The MFA is required to establish a Debt Reserve Fund into which each regional district and member municipality, who shares in the proceeds of a debt issue through the District, is required to pay certain amounts set out in the debt agreements. Interest earned on these funds (less administrative expenses) becomes an obligation of the MFA to the regional district. If at any time insufficient funds are provided by the regional district or their member municipalities, the MFA may then use these funds to meet payments on its obligations. Should this occur, the regional district and member municipalities may be called upon to restore the fund. The MFA has not required the debt reserve fund to meet obligations in its history. The cash deposits of the member municipalities are not recorded in these financial statements.

Gas Tax Agreement funding is provided by the Federal Government through an agreement with the Union of British Columbia Municipalities (UBCM). Gas Tax Agreement funding may be used toward designated public transit, community energy, water, wastewater, solid waste, and capacity building projects, as specified in the funding agreement. Effective April 1, 2014, the agreement with UBCM was revised such that the grants are no longer conditional to the extent that they represent a future liability. Therefore, all unexpended funding received must be recongnized into revenue in 2014, therefore increasing the accumulated surplus by \$2,781,528.

6. LANDFILL CLOSURE AND POST-CLOSURE CARE

The total liability recorded for the estimated landfill closure and post-closure costs of \$16,000,000 is \$7,681,217 (2013 - \$7,153,577). The estimated liability for these costs is recognized as the landfill site's capacity is used and the reported liability represents the portion of the estimated total costs recognized as at December 31, 2014, based on the cumulative capacity used to that date, compared to the total estimated landfill capacity. Estimated total cost represents the sum of the discounted future cash flows for closure and post closure care activities discounted at 3%.

The estimated remaining capacity of the landfill site is 43.1% of its total capacity and its estimated remaining life is 26 years after which the period for post closure care is estimated to be 25 years.

Landfill closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, post-closure monitoring and management of leachate from the site. The reported liability is based on estimates and assumptions with respect to events over a 6 year period using the best information available to management. Future events may result in significant changes to the estimated remaining useful life, estimated total expenses, total or used capacity and the estimated liability. These would be recognized prospectively, as a change in estimate, when applicable. Management periodically performs an assessment of the underlying assumptions related to the reported liability. A full assessment was last performed in 1995 and management has updated these assumptions in 2014.

7. POST EMPLOYMENT BENEFITS

The District provides sick leave and certain other benefits to its employees. The accrued benefit obligation is included in Other Liabilities on the consolidated statement of financial position and has been estimated by an actuarial valuation completed at December 31, 2014.

8. MILLSTREAM MEADOWS SITE REMEDIATION

Included in Other Liabilities is \$541,771 which is the District's remaining share of remediating the contaminated areas of Millstream Meadows. This site was previously used for the disposal of septage and solid wastes as well as some oily liquid wastes. The District closed the facility in 1984 and has been conducting environmental monitoring since 1995. The District has entered into an agreement with the Ministry of Agriculture and Lands, Province of BC, for sharing the estimated remediation costs of \$10,100,000 on a 61% to 39% basis. Funding for the District's share of remediation costs will come from reserve funds and debt. Costs including debt servicing will be apportioned based on recorded use of the site by each municipality and electoral area. During 2014 a total of \$443,608 was spent on remediation costs of which \$270,949 was paid by the District.

At December 31, 2014, the District has outstanding commitments to capital projects and operating contracts totaling \$24,184,143. In addition to the capital and operating commitments the District is also committed to the Seaterra sewage treatment plant project which has an overall budget of approximately \$787 million.

b. LONG TERM LEASES

The District rents facilities and leases machinery and equipment under long-term leases. Future minimum lease payments are as follows:

	Facilities	Machinery & Equipment
2015	\$ 1,747,836	\$ 46,210
2016	1,060,226	998
2017	1,067,503	926
2018	154,586	690
2019	218	218

12. CONTINGENCIES

a. LAWSUITS

In the normal course, the District is faced with lawsuits for damages of a diverse nature. At year-end, the District's estimated exposure to each such liability is either not determinable or is not considered to be significant. Claims paid by the District as a result of litigation are reported as expenses. Liabilities are recorded upon a determination that a loss is likely and a determination can be made of the estimated amounts.

b. SUBLEASE OF KINGS PLACE HOUSING DEVELOPMENT - (CRHC)

CRHC entered into agreement with the Cridge Housing Society and the Provincial Rental Housing Corporation to sublease the land and improvements at 1070 Kings Road, Victoria for a term of 30 years commencing August 1, 1997. The Homes BC Program Operating Agreement was assigned to the Corporation from the Cridge Housing Society with the approval of the BC Housing Management Commission (BCHMC). Current annual lease payments amount to \$231,000 and are based on the annual mortgage payments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

12. CONTINGENCIES continued

c. BUILDING ENVELOPE REMEDIATION (BER) - (CRHC)

A number of low income housing buildings operated by the District through CRHC are operated under agreements with BCHMC, Homes BC and the Canadian Mortgage and Housing Corporation. Prior to the signing of the new Umbrella Agreement in 2012, BCHMC provided funding for building envelope failure remediation for BCMHC and Homes BC buildings. BCHMC may require repayment of certain BER subsidies. Repayment would be funded by second mortgages.

Funding for future BER for all buildings except for buildings with no operating agreements is subject to future negotiations with BCHMC.

d. HOMES BC PROGRAM REPAYABLE ASSISTANCE - (CRHC)

Under the new Umbrella Agreement the Homes BC program repayable assistance will no longer apply as of April 1, 2012. Any outstanding repayable assistance owed by CRHC to BCHMC will be forgiven at a rate of 1/5 each year commencing January 1, 2015. Estimated total repayable assistance at December 31, 2014 is \$2,374,832 (2013 - \$2,374,832).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Year Ended December 31, 2014

15. PENSION PLAN

The District and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The Plan has about 182,200 active members and approximately 75,000 retired members. Active members include approximately 592 contributors from the District.

The most recent actuarial valuation as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2015 with results available in 2016. Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The District paid \$3,478,152 (2013 - \$3,241,792) for employer contributions to the plan in fiscal 2014, while employees contributed \$3,086,695 (2013 - \$2,848,399) to the plan in fiscal 2014.

16. RELATED PARTY TRANSACTIONS

The Capital Regional Hospital District is related to the Capital Regional District since the same individuals are members of the Board of Directors of both organizations. As legislated by the Hospital District Act, the officers and employees of the Capital Regional District are the corresponding officers and employees of the Hospital District. Each of the Regional District and the Hospital District are separate legal entities as defined by separate Letters Patent and authorized by separate legislation. During the year the Hospital District purchased, at cost, \$509,005 (2013 - \$484,242) of administrative support services from the Capital Regional District.

17. GVLRA - CUPE LONG-TERM DISABILITY TRUST

The Trust was established January 1, 1987 as a result of negotiations between the Greater Victoria Labour Relations Association (GVLRA) representing a number of employers and the Canadian Union of Public Employees (CUPE) representing a number of CUPE locals. The Trust's sole purpose is to provide a long-term disability income benefit plan. The employers and employees each contribute equal amounts into the Trust. The District paid \$375,191 (2013 - \$365,655) for employer contributions and District employees paid \$375,191 (2013 - \$365,655) for employee contributions to the plan in fiscal 2014. At December 31, 2014, the total plan provision for approved and unreported claims was \$15,368,300 (2013 - \$18,615,400) with a net deficit of \$729,956 (2013 - \$6,484,632).

18. SEGMENTED REPORTING

The District is a diversified regional government that provides a wide range of services to its stakeholders. For management reporting purposes, the District's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.
