OUR 10 GUIDING AREAS

COMMUNITY HEALTH NETWORK - REGIONAL OUTCOMES MONITORING GROUP

HOW WE WORK

What impacts health & well-being?

Many factors have an influence on health beyond the delivery of health care services. Where we are **born, grow, live, work and age** have an important influence on our physical and mental health (Government of Canada, 2020).

Our Vision

We are a diverse network of local health organizations, non-profit societies, government, health authority, and funding bodies. We share a **commitment to building and supporting a sustainable, healthy community in the CRD.**

Our Goal Areas

Our work is focused on **10 areas** (turn page for further details) that impact human health and wellbeing.

ROM REGIONAL OUTCOMES MONITORING
a community health network for the capital region

WHAT WE DO

Share Information

We share information, ideas, concerns, and create innovative solutions to improve health & well-being.

Support Networks

We want to create strategic partnerships and reduce a duplication in efforts.

Act as a Catalyst for Action

We provide facts and stats to support policy, funding decisions, and help establish shared priorities.

Educate & Build Capacity

Facilitate access to and education around data and indicators being collected and monitored in the region.

Support Funding

Provide support to community partners on grant applications.

WHO WE ARE

Who is part of our network?

- Capital Regional District
- Capital Regional Food & Agricultural Initiatives Roundtable
- Community Social Planning Council
- FoodShare Network
- Greater Victoria Public Library
- Intercultural Association
- Island Health
- Power To Be
- Seniors Serving Seniors

OUR 10 GUIDING AREAS

COMMUNITY HEALTH NETWORK - REGIONAL OUTCOMES MONITORING GROUP

ROM REGIONAL OUTCOMES MONITORING
a community health network for the capital region

We want to help existing networks connect with others. We want to help create new partnerships, align priorities, & **WORK BETTER TOGETHER!**

Engagement Forums

Bring together people from different sectors to connect, share, & figure out solutions for shared challenges. Forum reports for Children & Youth & Healthy & Safe Environments (2019 & 2020)

Infographics

Develop visual tools to capture regional data, priority areas, & help spur discussion. Our infographics: Children & Youth, Economic Security, and Affordable & Appropriate Housing.

Subgroups

Based on community request, we have convened subgroups on the following topics: climate change & health and data for middle years.
