

Arena B Floor Replacement Project Update

Over the last several months, Arena B at Panorama Recreation Centre has been closed while undergoing replacement of the arena floor, dashboards and glass. Arena B will not re-open as scheduled on October 1 due to a manufacturing delay. The anticipated re-open date will be between October 8th and October 10th. We appreciate this may come as disappointing news, but we are working hard with the contractors to open as soon as possible. We are advised that the manufacturing company is double shifting and working overtime to fulfil their commitment as quickly as possible.

Despite this minor delay, this 2.2 million dollar project has gone extremely well and we are excited to be nearing its completion and showcasing you its many new features, including flexible, aluminum dasher boards, 6-8' high glass, and expanded player boxes. Panorama Recreation strives to be a sustainable facility and provide the best quality and experience for our arena patrons.

More details to come regarding the grand reopening celebration which will include a tailgate party complete with an inflatable obstacle course, facepainting, road hockey, free skating, free skate sharpening and more.

Please note that during the Arena B floor replacement project, the following will be a [construction zone](#) and not available:

- Parking stalls and laneway paralleling the west side of the facility
- Northwest section of the north parking lot
- Stair access to the outdoor tennis courts

[Read more](#) for details regarding the exciting new features & changes.

We appreciate your patience during this construction project. Thank you.
