Prepare your students

1. **Name Tags:** Prior to arrival, divide your students into 2 groups, and have each student wear a large waterproof nametag.
2. **Clothing:** Be prepared to participate outdoors, rain or shine. Wear clothing appropriate to the season, and be prepared for cold and wet conditions. Wear sturdy footwear and please do not bring umbrellas.
3. **Guidelines:** Be sure the students are aware that this is an educational field trip in an "outdoor classroom". Classroom manners are expected.

Role of teacher and adult helpers

Teachers are responsible for group management. We invite adult helpers to participate in all activities and help with individual student needs. Suggested ratio is one adult: six students.
