What You Need to Know

All programs run rain or shine. Programs that require registration or fees are noted in the listing. Phone 250.478.3344. See the website for further details, directions, maps and park features. crd.bc.ca/parks-events

Ages
The age indicated for each outing or event is a recommendation, based on park terrain and program content.

When to meet
Guided walk/hike
Try to arrive 10 minutes before the start of the program.

* Hikes marked with this symbol are rated moderate and have occasional interpretive stops. Trails may be uneven and slippery with deep sections. The pace of the hike is set according to the needs of the group.

* Hikes marked with this symbol are rated challenging and have fewer interpretive stops. Trails will be uneven and steep and may be slippery in sections. These hikes are suitable for experienced and fit hikers.

Drop-in Event
Come by anytime between the hours that the event is offered.

What to bring
Carry a day pack with drinking water, a hat, extra clothes and a small snack (or lunch for longer outings).

How to dress
Please wear sturdy hiking shoes and dress for the weather. Be prepared to get your clothes and feet wet at tidal and canoe programs, bring sandals or beach shoes.

Pets
We like pets too. However, their presence can be disruptive. Please leave your animal friends at home.

Feedback
Tell us about your experience on the nature outings and events by taking the short online survey at crd.bc.ca/parks-events. Your feedback is important to us to monitor and improve our services.

The Park Explorer's Code

Here’s what you can do to keep your forests, beaches and shorelines alive and healthy!

- Stay on the trails to protect the plant and animal life.
- Keep your dog under control and on the trail. Remember to pick up your dog’s droppings.
- Do not take anything from the park, including plants, animals, soil and other natural materials.
- Keep your parks clean. Leave no trace and help us by picking up litter.
- Walk carefully along the beach. Don’t step on or disturb shoreline creatures.
- Handle sea creatures, including shells, gently. Leave it where you found it.
- If you move rocks, replace them exactly as you found them. Rocks provide homes and hiding places.
- If you dig in the sand, return animals to their homes and refill the holes.
- Remember, dogs are not permitted to stay in beach and picnic areas between June 1 and September 15.

About CRD Regional Parks

CRD Regional Parks protects and manages more than 13,000 hectares of spectacular and accessible natural areas in 33 regional parks on southern Vancouver Island and the southern Gulf Islands. Regional parks protect and restore biodiversity, offer a range of compatible outdoor recreation and education opportunities, and provide accessible, joyful connections with the natural world.

There is a wonderful world of natural and cultural history to explore at our Nature Centres. Regional Parks staff and volunteer naturalists can answer your questions and point you in the right direction on the trails.

CRD Celebrates 50 Years!

On February 1, 1966, the Capital Regional District (CRD) was created as part of the provincial government’s initiative to establish the regional district concept of local government throughout BC.

The CRD is marking this milestone with a variety of activities. There are geocaching adventures, a summer celebration and a coffee table book commemorating regional milestones throughout the last 50 years.

Those who are on Twitter can connect with us by using the hashtag #CRD50. We have a new web page where we’ll be posting details as they become available. We’ll post it on Facebook as well. Visit these sites for opportunities to share your regional history, and for information on a variety of celebrations that will take place throughout the year.

Get away to one of the CRD’s three regional park campgrounds! Each offers affordable, self-contained RV and tent camping with water views in nature.
