New Online Registration Site

The CRD has launched a new [online reservation system](#) for your convenience at [Island View Beach Regional Park](#)! The CRD's new secure online reservation site allows you to reserve and pay immediately for a campsite with no wait.

- ❖ Starting on May 1st of each season, reservations for campsites can be made up to 30 days in advance of your arrival date. If your booking extends beyond the 30 day window, as long as the first day is within the 30 days, your reservation can be completed.
- ❖ If you attempt to book a date later than the 30 days, the system will indicate "out of booking range."
- ❖ Reservations must be made a minimum of 24 hours in advance (i.e. before noon the previous day). Otherwise the system will indicate "out of booking range".
- ❖ You can reserve multiple campsites per transaction.
- ❖ Full pre-payment of all camping fees is required.
- ❖ The maximum stay is fourteen (14) nights in a calendar year.
- ❖ Check-in time is 12 PM. Check-out time is 11 AM.
- ❖ Refunds are not given for an eviction, vacating your campsite early, or due to inclement weather.
- ❖ Reservations are not transferable. Any reservation owners or holders found to be transferring or selling their reservations to another party, risk the chance that their reservation may be cancelled without a refund. If a customer can no longer use their reservation, they are encouraged to cancel their reservation so that any unused fees that are not forfeited as a penalty can be refunded.

We appreciate your patience as we make the transition to the new online reservation system.

The CRD also operates campgrounds at [Jordan River Regional Park](#) and [Sooke Potholes Regional Park](#). Both of these self-contained campgrounds are first-come, first-served.

What is your policy on no-shows and late arrivals?

Reservations are held until 11am the day after the scheduled arrival date. If you do not notify CRD Regional Parks directly of a late arrival, your reservation will be cancelled, all camping fees will be forfeited, and the park operator will have the right to make the site available to another visitor. Why did the CRD introduce an online reservation system?

The decision to have a system to accommodate both reserved and first-come, first-served sites and to pay online is based on visitor feedback. It helps with trip planning to be able to reserve a campsite and many people prefer to pay with a credit card instead of cash.
