ASBESTOS WASTE

Type of Packaging: 6mil Bag Bladder Sheet Other:

Weight (Kg): No. of Loads: Waste Description:

Disposal Date Requested: Time:

For contractors hauling asbestos waste, please ensure that:

- All asbestos containing materials is double bagged and labelled in UN rated 6 mil poly asbestos bags and gooseneck sealed with duct tape;
- The hauler has a BC generator (BCG) number;
 - ↳ Load(s) that exceed 1,000kg within a 30 day period must have a BCG# prior to scheduling an appointment;
- The hauler has a License to Transport (LT);
- A waste manifest is provided to the scales attendant (for loads greater than 5Kg); and
- The proper placarding is present on vehicles.

For the homeowner hauling asbestos waste (in their own vehicle), please be aware that:

- All asbestos containing materials must be double bagged and labelled in UN rated 6 mil poly asbestos bags and gooseneck sealed with duct tape;
- No waste manifest is required as long as the homeowner is hauling the waste in their own vehicle; and
- Load(s) that exceed 1,000kg within a 30 day period must have a BCG# prior to scheduling an appointment.

* Attach lab analysis of materials.

* Asbestos loads are only accepted with appointment from Monday to Friday 9am to 2pm.

* All loads of Asbestos entering the Hartland Landfill must meet all Federal, Provincial, and Regional regulations or acts related to the disposal and transportation of Asbestos.

**Asbestos pipe does not require a manifest or BCG#

APPLICANT SIGNING AUTHORITY
