## **Clover Forcemain: Utility Relocates**

The Wastewater Treatment Project includes construction of a pipe which will transport wastewater from the upgraded Clover Point Pump Station to the McLoughlin Point Wastewater Treatment Plant. This pipe, the Clover Forcemain, will run along Dallas Road from Clover Point to Ogden Point, where it will connect to the cross-harbour undersea pipe.

The contractor, Windley Contracting Ltd., will be conducting sewer relocation from Montreal to Boyd streets starting November 13 until January 2019. This work is being completed prior to forcemain installation.

### **What to Expect**

- Work includes excavation and sewer pipe installation. The trench will be backfilled as the sewer pipe is installed.
- Blasting will occur if rock is encountered in the trench.
- Noise associated with this work includes excavation machinery and truck back-up beepers and will not exceed the City of Victoria's noise bylaws.

### **Work Hours**

- Monday to Friday from 7:00 a.m. to 7:00 p.m.

### **Traffic Impacts**

- There will be single lane alternating traffic during work hours with road plates installed overnight to allow two-way traffic.
- Traffic control areas will be delineated by cones and signs and controlled by flaggers.
- There may be parking impacts on Dallas Road.

### **About the Wastewater Treatment Project**

The Wastewater Treatment Project will provide tertiary treatment for wastewater from the core area municipalities of Victoria, Esquimalt, Saanich, Oak Bay, View Royal, Langford and Colwood, and the Esquimalt and Songhees Nations by the end of 2020.
