Clover Point Pump Station: Overnight Work

Construction of the Clover Point Pump Station requires some overnight work to connect portions of the expanded pump station to the existing pump station. This work is scheduled to begin today and take approximately three weeks to complete.

What to Expect

- Noise associated with construction will be ongoing overnight.
 - For a portion of this work, diesel-powered pumping units located on the Dallas Road Waterfront Trail close to the existing pump station will be in operation. The pumps are equipped with acoustic enclosures to reduce noise.
 - Construction equipment will be in operation at the pump station site below the embankment.
- Flood lights will be used to safely illuminate the work area.
- Increased short-term odour may occur during this work.

Work Hours

- Construction is required overnight for this phase of work.
- Some of this work is weather dependent which may affect the duration of construction.
- Once this work is complete, normal work hours will resume Monday to Friday from 7:00 a.m. to 7:00 p.m. and Saturday from 10:00 a.m. to 7:00 p.m.

Traffic Impacts

- There will be no traffic impacts.
- The closure of the Dallas Road Waterfront Trail between the Clover Point Pump Station and the crosswalk at Memorial Crescent remains in effect until January 2020. The next stage of work will include installing a pipe along the pathway.

Construction at Clover Point is anticipated to be complete by mid 2020.

About the Wastewater Treatment Project

The Wastewater Treatment Project will provide tertiary treatment for wastewater from the core area municipalities of Victoria, Esquimalt, Saanich, Oak Bay, View Royal, Langford and Colwood, and the Esquimalt and Songhees Nations by the end of 2020

Any questions about the work, please contact the Project Team.
