

## Esquimalt Traffic Management Plan

Harbour Resource Partners, the contractor that is building the McLoughlin Point Wastewater Treatment Plant, has developed a Traffic Management Plan to ensure that all project traffic follows designated traffic routes. The Traffic Management Plan has been approved by the Township of Esquimalt.

### **The Traffic Management Plan was developed using the following guiding principles:**

- Public safety for motorists and pedestrians
- Impacts on local community
- Bylaw compliance
- Incorporate community feedback

### **Community feedback incorporated into the Traffic Management Plan includes:**

- Two supplemental crossing guards for Macaulay Elementary PAC
- Sweeping of the road surface during bulk earthmoving
- Conducting a pre-construction road assessment

### **About the Wastewater Treatment Project**

The Wastewater Treatment Project will provide tertiary treatment for wastewater from the core area municipalities of Victoria, Esquimalt, Saanich, Oak Bay, View Royal, Langford and Colwood, and the Esquimalt and Songhees Nations. The Wastewater Treatment Project will be built so we comply with federal regulations by the end of 2020, and is being funded by the Government of Canada, the Government of British Columbia and the CRD.
