

Making a difference...together

NOTICE TO LOCAL AREA RESIDENTS OF THE HIGHLAND / FERNWOOD WATER SERVICE AREA

WATER INTERRUPTION

On **Tuesday, May 9, 2017** between the hours of **8:30am to 2:30pm**, the Capital Regional District will be carrying out necessary repair work on **South Bank Drive**. In order to complete the work, it will be necessary to turn off the water supply and interrupt water service to a portion of the service area. Please refer to the attached map for the properties expected to be impacted by this work.

As water to your property will be shut off during this period, residents may want to set aside some water to meet their individual needs during this time.

It is also important to note that after the work is completed and water service is restored, you may experience intermittent brown water and/or air at your tap for short durations. Should this occur, continue to run your water until it clears. The water remains safe to drink.

Thank you for your patience and understanding.
