NOTICE TO LOCAL AREA RESIDENTS HIGHLAND / FERNWOOD WATER SERVICE AREA

WATER INTERRUPTION

On Wednesday, June 21, 2017 between the hours of 8am and 4pm, the Capital Regional District will be performing annual maintenance on a pressure regulating station in the Highland/Fernwood Water Service Area.

In order to complete this work, it will be necessary to turn off the water and interrupt water service to a portion of the community. Please refer to the Water Interruption Influenced Area Map attached.

The areas likely to be influenced by the service interruption are:

- Maliview Drive (addresses 200 and above)
- Fer De Lance Road
- Westcott Road
- Walker's Hook Road

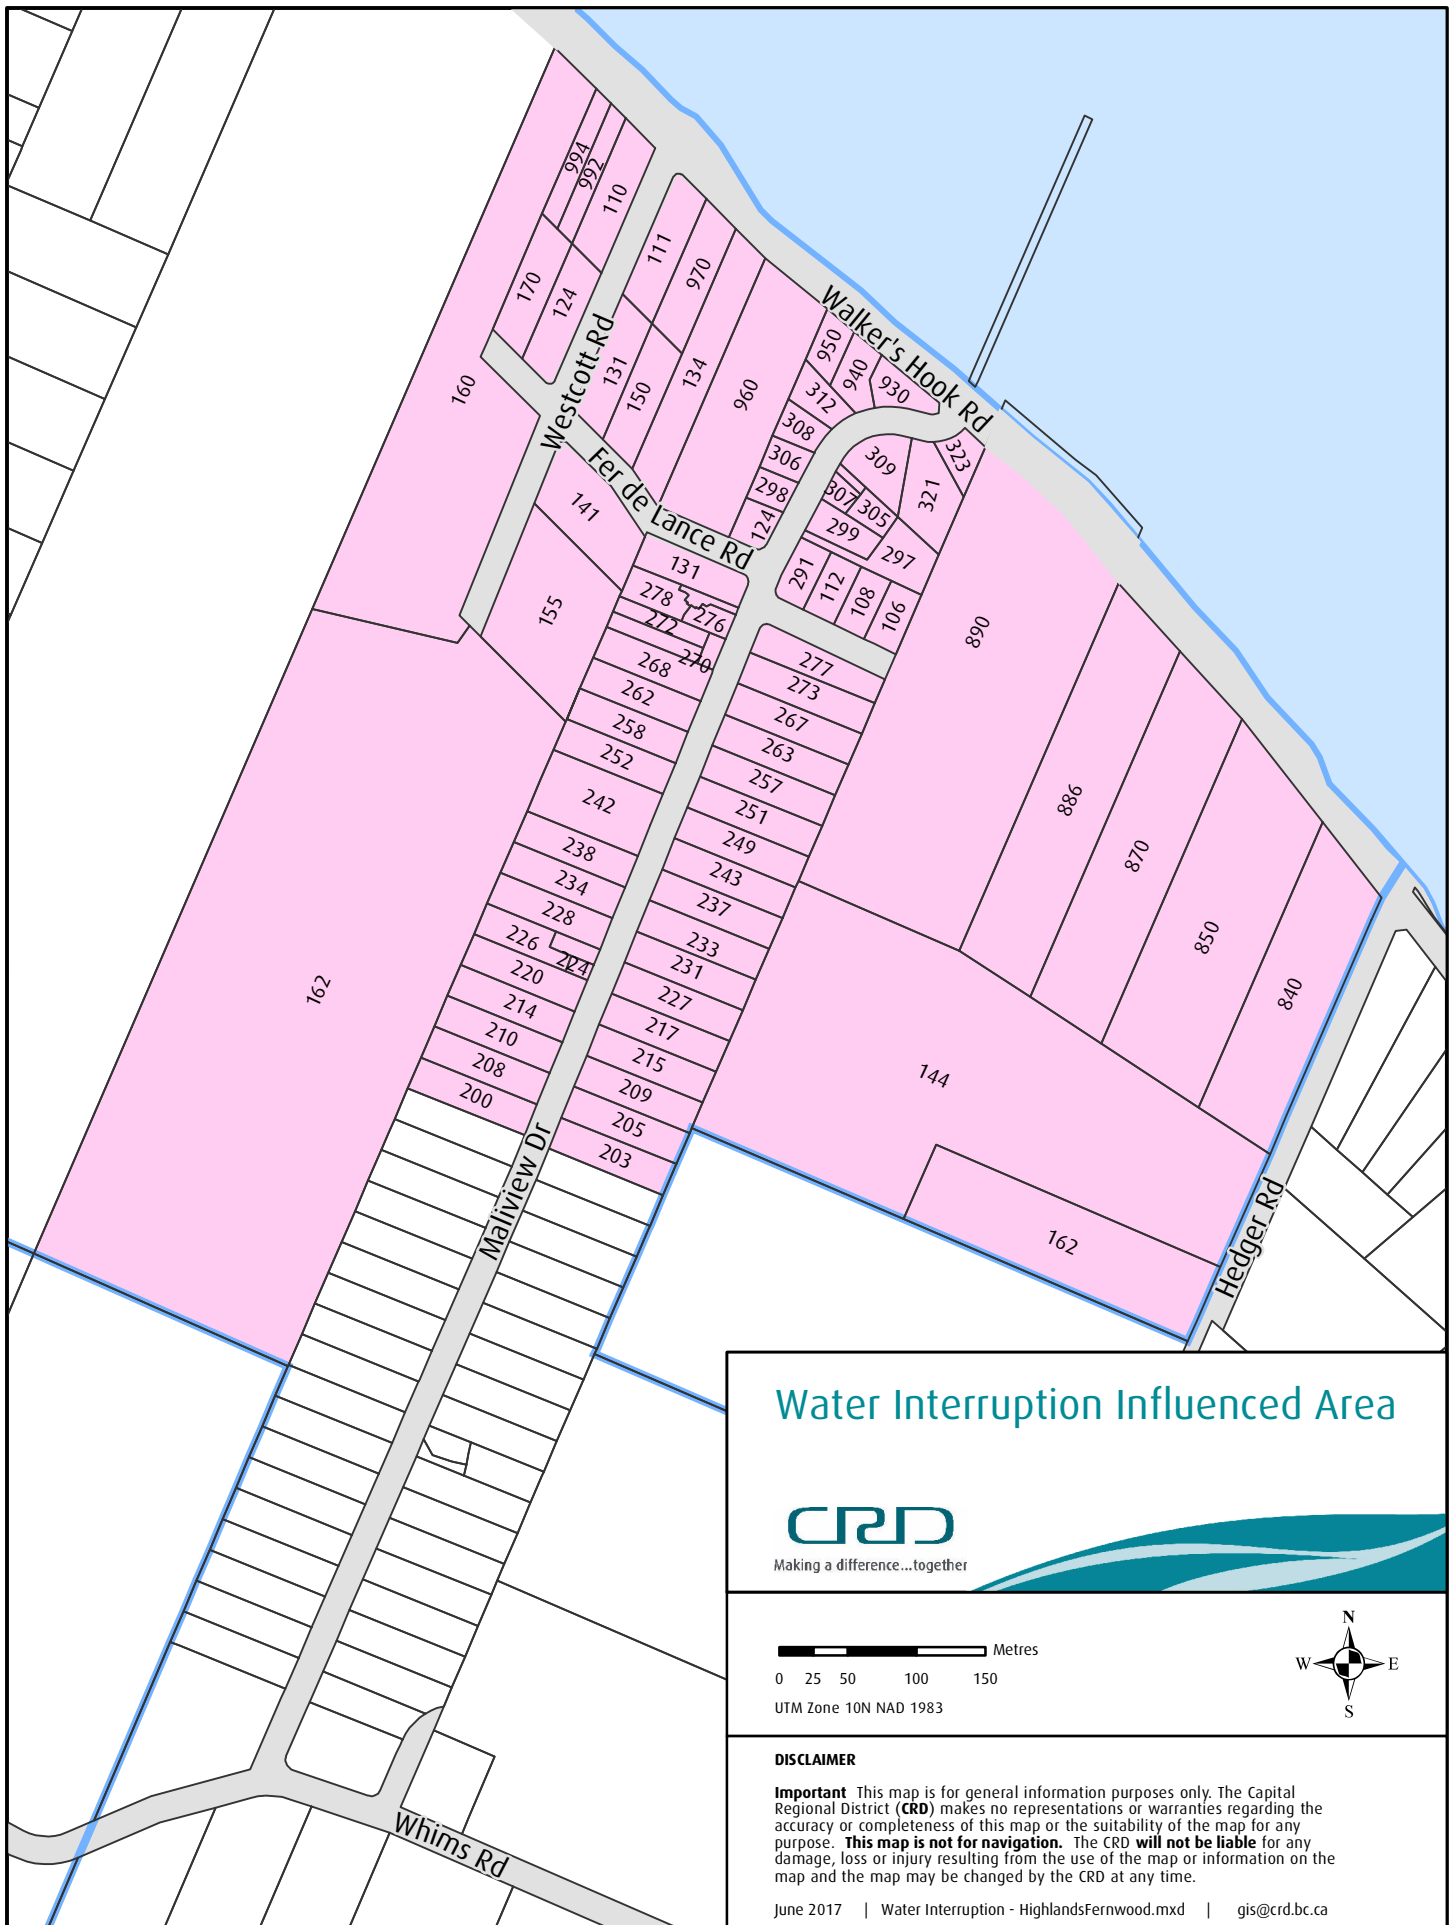

As water to your property will be shut off during this period, residents may want to set aside some water to meet their individual needs during this time.

It is also important to note that after the work is completed and water service is restored, you may experience intermittent brown water at your tap for short durations. Should this occur, continue to run your water until it clears.

Thank you for your patience and understanding.
