

**NOTICE TO LOCAL AREA RESIDENTS
FERNWOOD
WATER SERVICE AREA**

WATER INTERRUPTION

During the week of February 12– 16, 2018 between the hours of 8am and 4pm, the Capital Regional District will be carrying out annual maintenance and flushing of the water distribution system. During this maintenance, you may experience low water pressure and/or periods of discoloured water at your tap. Please refer to the Water Interruption Influenced Area Map attached.

The areas likely to be influenced by the service interruption are:

- Maycock Road
- Howard Road
- Langs Road
- Fernwood Road
- North Beach Road

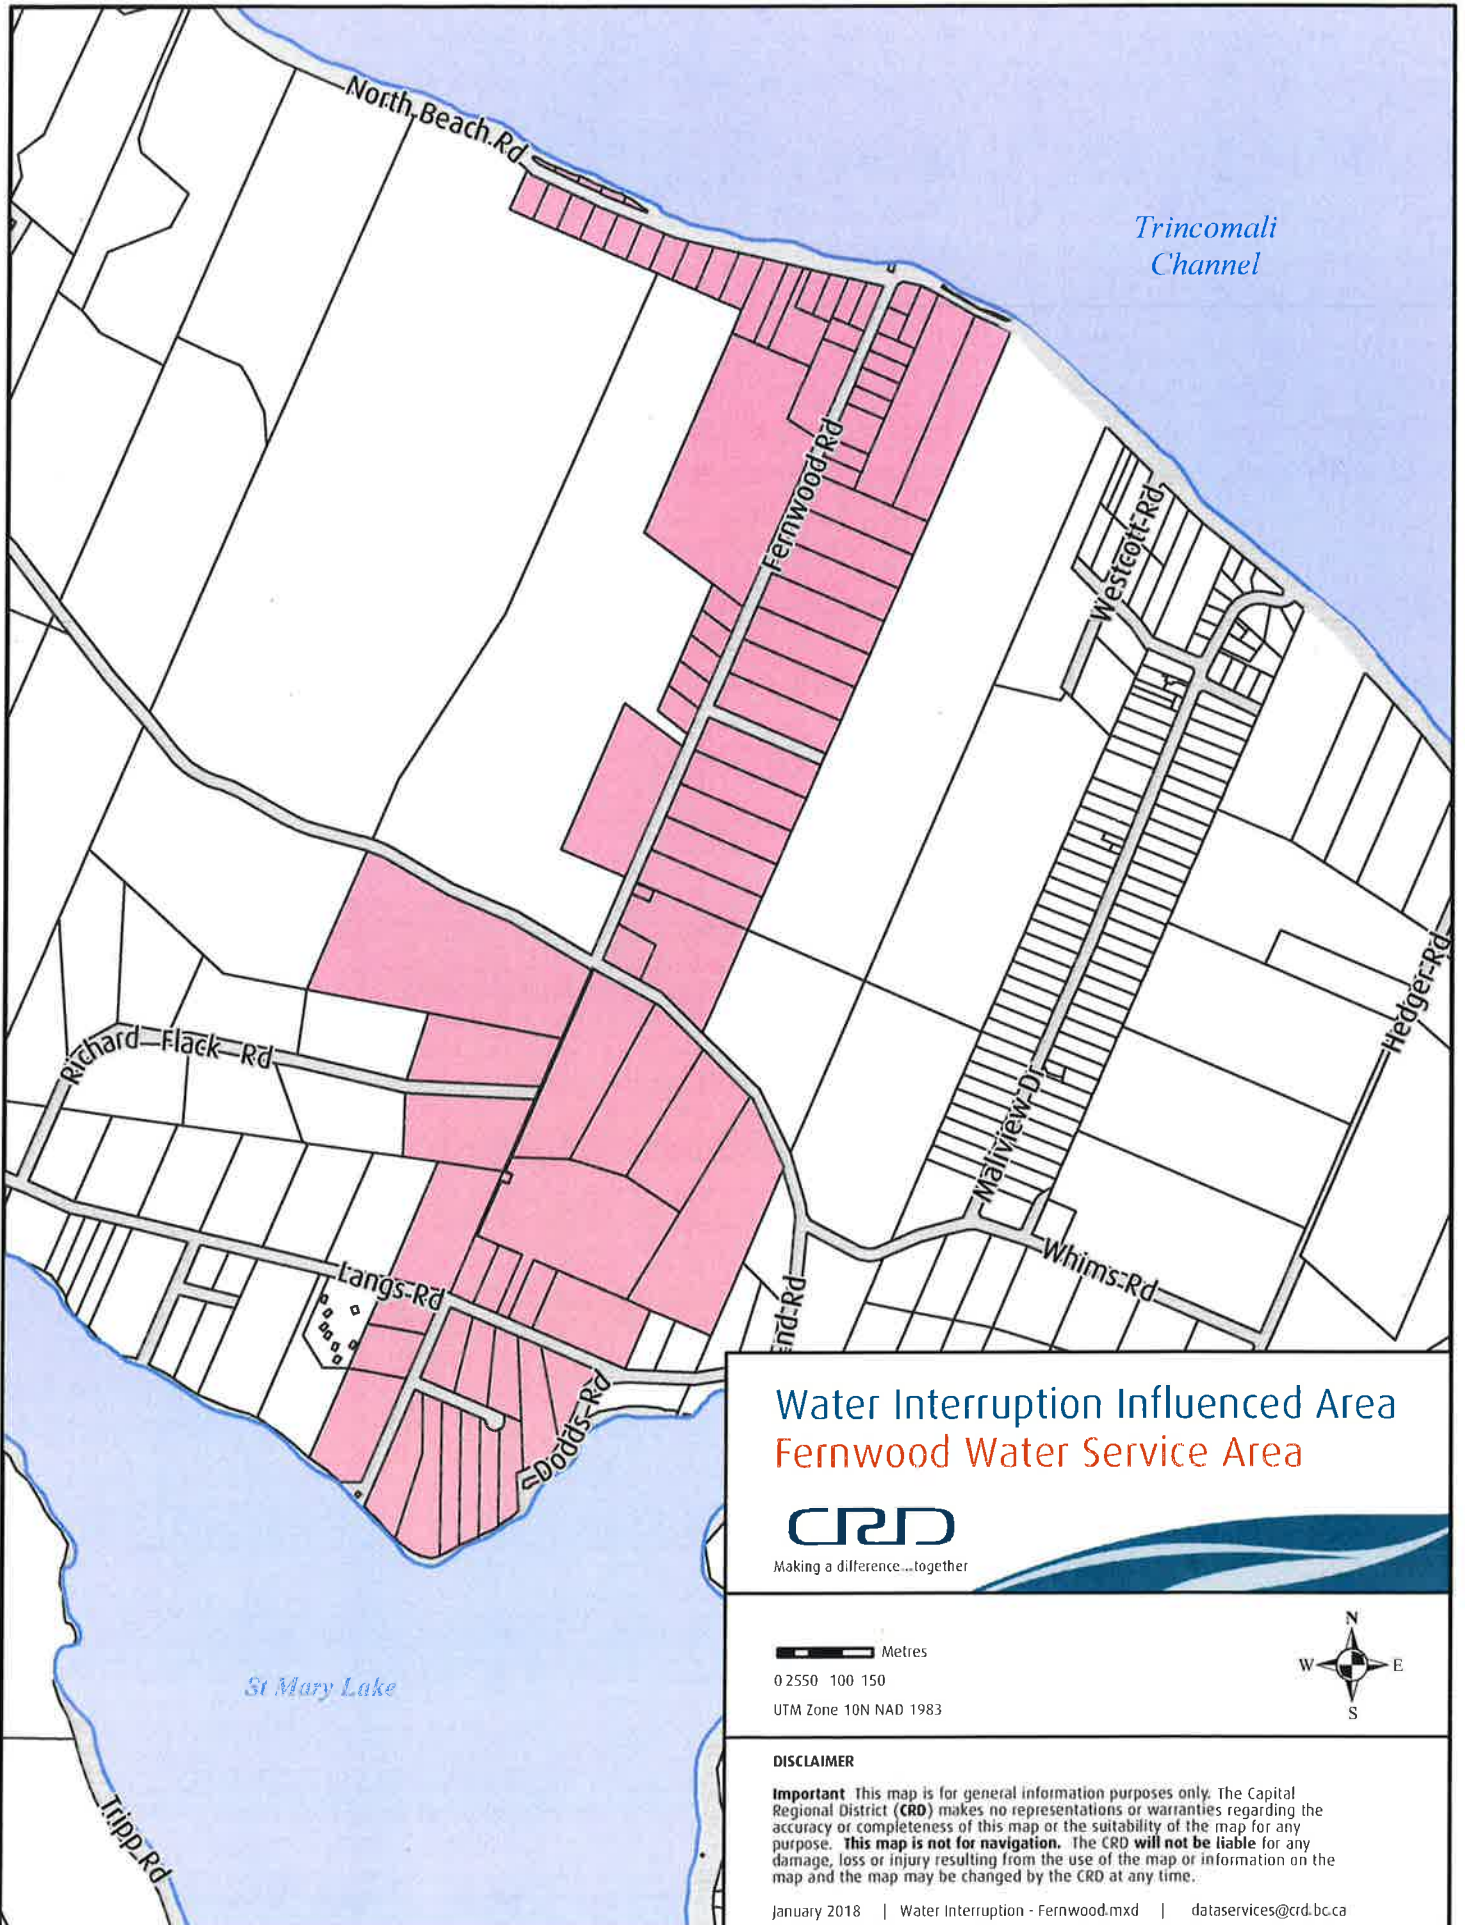

As water to your property could be impacted during this period, residents may want to set aside some water to meet their individual needs during this time.

It is also important to note that after the work is completed and water service is restored, you may experience intermittent brown water at your tap for short durations. Should this occur, continue to run your water until it clears.

Thank you for your patience and understanding.
