NOTICE TO LOCAL AREA RESIDENTS FERNWOOD WATER SERVICE AREA

WATER INTERRUPTION

On Wednesday, August 29th, 2018 between the hours of 8am and 4pm, the Capital Regional District will be connecting a new customer to the water distribution system. In order to complete the work, it will be necessary to turn off the water and interrupt water service to the entire service area for an expected short duration.

As water to your property could be impacted during this period, residents may want to set aside some water to meet their individual needs during this time.

It is also important to note that after the work is completed and water service is restored, you may experience intermittent brown water at your tap for short durations. Should this occur, continue to run your water until it clears.

Thank you for your patience and understanding.
