Water Interruption Notice for Salt Spring Island – Highland/Fernwood Water Service

Victoria, BC- Capital Regional District (CRD) staff are responding to a water system leak in the Highland/Fernwood Water Service Area on Salt Spring Island. The leak is located near 180 Maliview Drive. Until this issue is resolved, residents in the Maliview area will be without water for a period of time.

It is also important to note that once work has been completed and services restored, you may experience intermittent discoloured water and/or air at your tap for short durations. Should this occur, continue to run your water until it clears. The water remains safe to consume.

For updates, please visit www.crd.bc.ca and follow us on Twitter [@crd_bc](https://twitter.com/crd_bc)

The CRD delivers regional, sub-regional and local services to 13 municipalities and three electoral areas on southern Vancouver Island and the Gulf Islands. Governed by a 24-member Board of Directors, the CRD works collaboratively with First Nations and all levels of government to enable sustainable growth, foster community well-being, and develop cost-effective infrastructure while continuing to provide core services to residents throughout the region.
