

Port Renfrew Utility Service

WATER CONSERVATION NOTICE

Residents are encouraged to adopt the following **Water Conservation** practices:

- Limit lawn watering with Sprinkler to one day per week.
- Limited watering of trees, shrubs and vegetables with container, hose with shut-off valve, or micro-irrigation system.
- No washing of outdoor surfaces such as driveways, sidewalks and decks.
- Wash vehicles and boats with a container or hose with shut-off valve.

This is due to current drought conditions and your drinking water system's sensitive water source. Thank you for doing your part to conserve the community's water supply during the summer and fall periods. Every drop counts!
